FALL 2019-2020

REIDMOUNT
DISCOVERY SCHOOLS

NEW LOCATION – BURLINGTON

Corpus Christi Catholic Secondary School (Appleby/Upper Middle)

JUNIOR CODERS (Age 5-7)

Children will experience how coding can help develop logical thinking, creative exploration, and critical reasoning – used in almost every field across STEAM (Science, Technology, Engineering, Art and Math). Exclusive program using Google's block-based language "Blockly". Designed for children to start understanding the fundamentals of code in a fun and engaging way. Stacking together programming components, such as actions, events, and operators.

CODING for KIDS & TEENS (Age 7-18)

As the developer of their game, students find their innovative potential through our curriculum and master their skills in Python, GML, C#, and C++ on the GMLegacy, Unity, Unreal, and Visual Studio engines.

Note: A laptop with WiFi is required for this class. Otherwise a rental can be arranged.
