

## **Second Unit**

**by:** Bart the wine guy. (12-08-2014)  
Oro Valley, AZ

**Comments:** I purchased my first of this unit 10 years ago. Housed in a cramped area without adequate ventilation, it has worked extremely well. Almost ten years to the day it dies. I have replaced it with this new unit and expect to check it again – in a decade. Well built!

**Bottom Line:** I would recommend this product.
