

Fire District 7 has lifted burn restrictions. Please comply with the following:

Piles no larger than 10'x10'

Natural wood products/vegetation only, processed lumber not permitted.

Piles larger than 10x10' requires DNR permit.

Not closer than 25' from any structure or property lines.

Must have water and extinguishing hand tools readily available.

Burn barrels are illegal per DOE and are not permitted.

Except for approved land clearing, burning after dark is not allowed except for campfires.

Do not burn when winds are expected to exceed 15 mph.

Clear area around burn pile to earth to prevent extension of fire beyond pile.

Watch your smoke! If smoke impacts your neighbors you may be required to extinguish.

Call Department of Ecology information at 1-800-406-5322 to determine if restrictions are in place or air stagnation conditions exist prior to lighting.

Responsible adult must be in attendance.

Please Be Safe!
