- 1. The Port of Arlington Commission meeting was called to order at 5:00 pm by President Wilson.**

Those Present: President Wilson; Vice President Kennedy; Commissioner Shaffer; Commissioner McGuire; Port Manager / Economic Development Officer, Peter Mitchell; Admin. Asst. Kelly Margheim; Attorney Ruben Cleaveland;

Absent: Commissioner Hunking

Audience: Judge Farrar, Commissioner Wilkens, Kim Farrar, Steve Allen, Lisa Atkin

- 2. Public Comment on non-agenda items** – Sherrie Wilkens made a request and would like if the Port would not put an Executive Session at the beginning of the meeting. President Wilson explained that the Executive Session had to be moved up on the agenda due to Attorney Cleaveland having a prior engagement and has to leave at 6pm.

Judge Farrar asked the Board if they have looked at the email she sent on Willow Creek. President Wilson stated that the Board has not had a meeting to discuss the letter. The Board will be considering it. EDO Mitchell asked Judge Farrar if she had anything to add to the email and she said the email was left vague and was an opening to see if both parties could come to some kind of agreement.

- 3. Consent Agenda:**

- Approval of December 10, 2019 Commission Meeting Minutes
 - Approval of December 2019 and January 2020 Payables and Financials
- Commissioner Shaffer moved to approve the consent agenda and Commissioner McGuire seconded. The motion carried 4-0

The motion carried 4-0

- 10.0 EDO Report
EDO Mitchell gave an update on Watco project on Railroad Avenue. China Creek Construction is building the project. The foundation has been poured and the project is proceeding nicely.

Bathroom replacement-Parking lot project has been moved up as the Marine Board informed the Port that the Grant cycle deadline is February and not in April Anderson and Perry indicated they will have the Design and engineering complete for submittal.

EDO Cont'd:

The City is considering resurfacing the Port's sidewalk from the east end stairs past the office to the west end gangway with the remaining balance of their sidewalk grant. It would be nice project as it is heavily used by local residents during their walks and has many broken pavement parts patched with a fine gravel surface.

ODOT indicates that the paving project on I-84 will start back up in April and will continue until Memorial Day.

EDO Mitchell gave an update on the grain lab. Judge Farrar states that Nathan Hammer is overseeing the inventory, surplus/liquidating of items. The County has not gone thru the surplus process yet. EDO Mitchell said the Port owns the GC-Mass Spec machine with auto sampler and the heavy-duty desk top grain mill. EDO Mitchell asked the Board how they would like to proceed the Ports two items. Judge Farrar said that the liquidation would happen in early spring/summer. The Board will decide at the next meeting in March.

Fuel sales are doing real well this winter. The Port needed to load of gasoline delivered and MCP won the bid. This was the first time MCP came in the lowest.

The Flex building is now vacant. Two prospects have expressed interest in leasing the facility. The lease rates are very reasonable and the building can be partitioned off if a tenant seek a smaller space.

11.0 Administration

11.1 The Board's consensus is to schedule the Budget workshop Wednesday, February 19, 2020 at 3pm.

Meeting adjourned 6:42 pm

February 14, 2020

Dear Sponsor

The Arlington Saddle Club is busy planning a new season. We would like to extend our gratitude for your generous donations in the past. As you know, we are a non-profit organization that started in 1955. Over the years we have continued to host events and maintain the rodeo grounds for families to enjoy. In the last few years we have added covers to the bleachers, updated the roping chute, replaced arena fencing and gates, and rebuilt our rough stock catch pens. This year we plan to continue to upgrade fencing and gates. This is possible only with the generosity of people like you. We have hosted several events at the Arlington rodeo grounds. These events include:

- **The Arlington Spring Buckle Series** – In the Spring.
- **The Annual Jackpot Rodeo – May 2 & 3, 2020.**
- **The Jr. Rodeo** – for kids ages 5 through 18.
- **Trail rides, poker rides and queen tryouts**
- **4-H Clinics and Horse Training Clinics**
- **Other Community Events, Tug-Of-War, Weddings, Family Reunion**

Your support is critical to the success of these events and is very much appreciated. Please see the attached form for all our different sponsorship packages. However, any support is appreciated. If you have any questions, please call any of the members listed below.

Sincerely,

Arlington Saddle Club

AGREEMENT BETWEEN CLIENT AND ENGINEER FOR
PROFESSIONAL SERVICES

Job No. 41-10

PROJECT: Peninsula Water and Sewer Extension Project

PART I. PARTIES AND DESCRIPTION OF WORK

THIS AGREEMENT is made on the 10th day of September 2019 between the PORT OF ARLINGTON, OREGON (the CLIENT) and ANDERSON PERRY & ASSOCIATES, INC. (the ENGINEER). Now, therefore, the CLIENT and ENGINEER agree as follows:

PART II. ENGINEERING SERVICES

- A. The CLIENT hereby authorizes the ENGINEER, acting as an independent consultant, to perform the following services: Design Engineering services for the Peninsula Water and Sewer Extension Project in accordance with the attached Scope of Work, dated September 10, 2019.
- B. The CLIENT will provide the following to the ENGINEER: Input on the proposed water and sewer main line locations, including review of the draft design.
- C. Additional Provisions: None.

PART III. BASIS OF FEE AND BILLING SCHEDULE

In consideration for performing said services, the CLIENT agrees to compensate the ENGINEER as follows: On a lump sum basis, with an estimated design fee of \$17,000.

Billings will be submitted monthly based upon actual services performed. Accounts are due 30 days from the date of billing. A service charge of 12 percent interest per annum will be charged on all past due accounts. Interest to start 30 days from the date the billing is received. The ENGINEER may suspend work under this Agreement until the account is paid in full.

If collection is made by suit or otherwise, the CLIENT agrees to pay interest until the account is paid, plus pay all collection costs, including a reasonable attorney's fee.

THE TERMS AND CONDITIONS ON THE REVERSE SIDE ARE PART OF THIS AGREEMENT.

This Agreement executed on the day and year first above written.

PART IV. TERMS AND CONDITIONS

GENERAL

Should litigation or arbitration occur between the two parties relating to the provisions of this Agreement, all litigation or arbitration expenses, collection expense, witness fees, court costs, and attorneys' fees incurred by the prevailing party shall be paid by the non-prevailing party to the prevailing party.

Neither party shall hold the other responsible for damages or delay in performance caused by acts of God, strikes, lockouts, accidents, or other events beyond the control of the other or the other's employees and agents.

In the event any provisions of this Agreement shall be held to be invalid and unenforceable, the remaining provisions shall be valid and binding upon the parties. One or more waivers by either party of any provisions, term, condition, or covenant shall not be construed by the other party as a waiver of a subsequent breach of the same by the other party.

The ENGINEER intends to render his services under this Agreement in accordance with generally accepted professional practices for the intended use of the project and makes no warranty either expressed or implied.

The CLIENT guarantees full and free access for the ENGINEER to enter upon all properties required for the performance of the ENGINEER's services under this Agreement.

The ENGINEER shall not be responsible for acts of omissions of any party or parties involved in the services covered by this Agreement other than their own or for the failure of any contractor or subcontractor to construct any item in accordance with recommendations issued by the ENGINEER.

Any opinion of the estimated construction cost prepared by the ENGINEER represents their judgment as a design professional and is supplied for the general guidance of the CLIENT, since the ENGINEER has no control over the cost of labor and material, or over competitive bidding or market conditions, the ENGINEER does not guarantee the accuracy of such opinions as compared to Contractor bids or actual cost to the CLIENT.

EXTENT OF AGREEMENT

This Agreement represents the entire and integrated agreement between the CLIENT and the ENGINEER and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by both the CLIENT and the ENGINEER.

AUTHORIZATION TO PROCEED

Approval of this agreement by the CLIENT and the ENGINEER will serve as written authorization for the ENGINEER to proceed with the services called for in this Agreement.

OWNERSHIP OF DOCUMENTS

All drawing, specifications, and other work product of the ENGINEER are property of the ENGINEER whether the project is completed or not. Reuse of any of the instruments of service of the ENGINEER by the CLIENT on extensions of this project or on any other project without the written permission of the ENGINEER shall be at the CLIENT's risk and the CLIENT agrees to defend, indemnify, and hold harmless the ENGINEER from all claims, damages, and expenses including attorneys' fees arising out of such unauthorized reuse of the ENGINEER's instruments of service by the CLIENT OR BY OTHERS ACTING THROUGH THE CLIENT.

TERMINATION

This Agreement may be terminated by either party by seven days written notice in the event of substantial failure to perform in accordance with the terms of this Agreement by the other party through no fault of the terminating party or by mutual consent. If this Agreement is terminated, the ENGINEER shall be paid for services performed to the termination notice date, including reimbursable expenses due.

GOVERNING LAW

Unless otherwise specified within this Agreement, this Agreement shall be governed by the law of the principal place of business of the ENGINEER.

INSURANCE

The ENGINEER shall acquire and maintain statutory workmen's compensation insurance coverage, employer's liability, and comprehensive general liability insurance coverage. The CLIENT shall acquire and maintain appropriate property, comprehensive general liability, and other appropriate insurance that will protect the CLIENT's interest on the project.

INDEMNITY

The CLIENT will require that any contractor or subcontractor performing work in connection with drawings produced under this Agreement to hold harmless, indemnify and defend, the CLIENT and the ENGINEER, their consultants, and each of their officers, agents, and employees from any and all liability claims, losses, or damage arising out of or alleged to arise from the contractor's (or subcontractor's) negligence in the performance of the work described in the construction contract documents, but not including liability that may be due to the sole negligence of the CLIENT, the ENGINEER, their consultants or their officers, agents, and employees.

LIMITATION OF LIABILITY

The CLIENT agrees to limit the ENGINEER's liability to the CLIENT and to all construction contractors and their subcontractors on the project, if any, due to the ENGINEER's professional negligent acts, errors, or omissions, such that the total aggregate liability of the ENGINEER to those named shall not exceed Fifty Thousand (\$50,000.00) Dollars or the ENGINEER's total fee for services rendered on this project, whichever is greater.

EEO PROVISIONS

The ENGINEER shall comply with all applicable provisions of the Regulations of the U.S. Department of Commerce (Part 8 of Subtitle 15 of the Code of Federal Regulations) issued pursuant to the Civil Rights Act of 1964, in regard to non-discrimination in employment because of race, religion, color, sex, or national origin. The ENGINEER shall comply with Executive Order 11246 (41 CFR 60-1.4), Section 503 of the Rehabilitation Act of 1973 (41 CFR 60-741.5(a)), Section 402 of the Vietnam Era Veterans Readjustment Act of 1974 (41 CFR 60-250.5(a)), the Jobs for Veterans Act of 2003 (41 CFR 60-300.5(a)), and, the organizing and collective bargaining Clauses of Executive Order 13496 (29 CFR 471). The ENGINEER shall comply with applicable federal, state, and local laws, rules, and regulations concerning Equal Employment Opportunity.

SCOPE OF WORK
September 10, 2019

PROJECT UNDERSTANDING

Anderson Perry & Associates, Inc. (AP) has prepared a Scope of Work (SOW) to complete the design Drawings, Technical Specifications, Bidding Documents, and Contract Documents for extension of water and sewer main lines to the west end of the peninsula for the Port of Arlington, Oregon (Owner). It is AP's understanding that the intent of this project is to have the Drawings and related documents ready to proceed so the Owner can go out to bid expeditiously once the decision is made to proceed with construction of the proposed improvements.

Regulations require at least 10 feet of horizontal spacing between water and sewer main lines. AP has met with the City of Arlington to discuss the potential water and sewer system extensions and how they would best connect to the existing systems. To avoid damaging the RV park area, it would be simplest to extend the water main line from the last hydrant present at the northeast corner of the RV park area, as this is the location of the end of the largest water main line (6-inch diameter). The water main line would then be extended west down either the north or south side of the road to the end of the peninsula. The sewer system would extend on the opposite side of the road and would connect to the existing lift station. The Owner's future expansion plans on the peninsula would be carefully considered to avoid placing the main lines where potential structures would be located. In addition, extensions of water and sewer taps would be completed, where possible and feasible, to facilitate simpler connections for future facilities.

This SOW outlines the tasks that will be performed by AP for the Peninsula Water and Sewer Extension Project for the Owner. This work will generally include:

- Utilizing the existing surveyed base map for the peninsula and project area
- Preparing design Drawings and Technical Specifications for all improvements
- Preparing the Bidding Documents and Contract Documents for the solicitation of bids

Upon authorization by the Owner, AP will provide design services for the project and project management and coordination of all tasks included in this SOW including:

- Preparing the initial project schedule and updates as needed
- Providing monthly invoices and progress updates
- Providing quality assurance and quality control review of all documents

Following is a description of the anticipated tasks associated with this project.

TASK 1 - DESIGN ENGINEERING

AP will perform engineering design and prepare Drawings, Technical Specifications, Bidding Documents, and Contract Documents for the proposed improvements. This will include a general site plan, plan and profile drawings of the water and sewer improvements, connection to existing utilities details, provisions to connect to the existing and proposed future restroom facilities, and detail sheets for valves, hydrants, manholes, cleanouts,

etc. The Drawings will also include details for trench restoration requirements consisting of paving or gravel restoration. The Design Engineering task will involve the following items:

1. AP will utilize the existing peninsula base map as the base for the design Drawings. A new or additional topographic survey is not anticipated to be needed.
2. AP will prepare a draft set of documents (approximately 90 percent complete), which will include the following:
 - a. Draft Drawings consisting of a site plan, plan and profile for water and sewer main lines, water and sewer system details, thrust block and trench restoration details, etc.
 - b. Draft Technical Specifications
 - c. Draft Bidding Documents and Contract Documents
 - d. Preliminary Cost Estimate
3. Copies of the draft documents will be provided to the Owner for review and comment. A review meeting will be held with the Owner to obtain comments and suggestions based on the Owner's review of the draft documents.
4. AP will prepare and furnish five copies of the final Bidding Documents, Contract Documents, Technical Specifications, and Drawings for use by the Owner. AP's services for Design Engineering shall be considered complete when the final Bidding Documents and Contract Documents, including final Drawings, Technical Specifications, and Cost Estimate, are approved by the Owner.

Deliverables

- Draft documents including Drawings, Technical Specifications, Bidding Documents, Contract Documents, and a preliminary Cost Estimate
- Final documents including Drawings, Technical Specifications, Bidding Documents, Contract Documents, and final Cost Estimate

ADDITIONAL SERVICES

In addition to the foregoing being performed, the following services may be provided by AP when requested by the Owner in writing, as required. If additional services are requested, the scope and fees will be added by amendment to this SOW.

1. If requested by the Owner, AP may assist the Owner with Construction Engineering services, which may include advertisement for and obtaining bids, bid tabulations, contract development, submittal review, payment requests, and field review of work completed.
2. If requested by the Owner, AP may assist the Owner with obtaining any additional permits, applications, outside utility services, etc., as necessary for the work. The Owner shall pay all fees associated with any permits and applications, if such fees are required.

3. AP may provide redesign work when requested to do so by the Owner. Such work shall include changes in the design that are beyond the control of AP, and/or changes in the Bidding Documents, Contract Documents, Technical Specifications, or Drawings after such documents have been accepted by the Owner.
4. AP may perform special tests, specialized studies, or tests other than previously outlined herein that may be required on the project, if approved by the Owner.

FEE ESTIMATE

1. The estimated fee for "Design Engineering" outlined herein is \$17,000 on a lump sum basis. This amount shall not be exceeded without notification to and approval of the Owner. The estimated fee indicated above is as summarized on Attachment A, Fee Estimate, dated September 10, 2019.

SCHEDULE

AP can begin the work within two weeks of authorization to proceed and anticipates two months to complete a draft design for Owner review. This schedule can be expedited, if needed.

Port Manager/ Economic Development Report March 10, 2020

The Port of Arlington's mission is to *support the creation, retention, expansion, and recruitment of businesses and jobs that will enhance the economy and quality of life of Gilliam County.*

This report covers recent activities of the Port of Arlington including developments at the Port's various properties and industrial parks.

Administration

Staff has completed end of year tax statements and has begun preparing for the upcoming budget season including timelines, workshops, and estimating funding needs for the upcoming fiscal year.

Railroad Avenue

China Creek Construction had completed the foundation and footers and now has the sides and trust up. Arlington City crew has been very helpful in locating the water line tap. The Port assisted installing and water line and taps during construction of the Gronquist Building several years ago. The pre-installed taps made water connections to the Watco Depot building a fairly smooth connection.

The project will create a new office building for the local short line rail operator, Watco. The building is designed to resemble a railroad depot. The building designed was by Vernon Grey, Vernon Grey Designs of Condon. The site engineering was performed by Jeff Schott, Pillar Consulting of Condon. The facilities construction is by China Creek Contractors of Arlington.

Economic Development

Hanger Building - Gordon's electric hired China Creek to assist with the trenching for the 3-phase power project. Their regular contractor had been called away to work on flood cleanup in Umatilla. It is very nice to have a great local contractor in town that is able to assist with the project. The Building tenant continues to make improvements to the facility while awaiting the project's completion.

Pacific Power Crew installing new pole for the three phase power project.

The Port's Flex Building property at Arlington Mesa Industrial Park is available for lease. Property Highlights • 6,000' sq. ft. Flexible space building. 1,000 – 6,000 sq. ft. available • Industrial M2 zoned property • Larger industrial development sites are available. One prospect has toured the Flex Building facility this month, several others have expressed interest in the facility.

Small Business Assistance – The Port provided 5 small business owners with assistance and consultation this month. Gilliam County is very fortunate to have such a diverse group of entrepreneurs. The business they have, or are planning, provide solutions to opportunities.

Island Park

The Port completed and submitted an application to the Oregon State Marine Board for a Facilities Grant for the Bathroom Replacement Project. Grants were due February 27th, awards will be announced in April. The project will provide the Port with American Disabilities Act compliant restrooms, showers, and added storage. In addition, the project improves the boat parking lot, adding two pre-launch spaces, a new connecting sidewalk, wider trailer turning radius, and an improved secondary gravel launch site.

Audit Contract

January 31, 2020

Board of Commissioners
Port of Arlington
PO Box 279
Arlington, Oregon 97812

This contract, made this _____ day of _____, 2020, in accordance with the requirements of Oregon Revised Statutes 297.405 through 297.555 between Solutions, CPAs PC of John Day, Oregon, and Port of Arlington (the Port) provides as follows:

1. It hereby is agreed that Solutions, CPAs PC shall conduct an audit of the accounts and fiscal affairs of the Port for the period beginning July 1, 2019 and ending June 30, 2020 in accordance with Minimum Standards for Audits of Oregon Municipal Corporations as prescribed by law. The audit shall be undertaken in order to express an opinion upon the financial statements of the Port and to determine if the Port has substantially complied with appropriate legal provisions.
2. Solutions, CPAs PC agrees that the services it has contracted to perform under this contract shall be rendered by it or under its personal supervision and that the work will be faithfully performed with care and diligence.
3. It is understood and agreed that, should unusual conditions arise or be encountered during the course of the audit whereby the services of Solutions, CPAs PC are necessary beyond the extent of the work contemplated, written notification of such unusual conditions shall be delivered to the Port who shall instruct in writing concerning such additional services.
4. The audit shall be started as soon after this contract is executed as is agreeable to the parties hereto and shall be completed and a written report thereon delivered within a reasonable time, but not later than six months after the closing of the audit period covered by this contract. Adequate copies of such report shall be delivered to the Port and its form and content shall be in accordance with and not less than that required by the Minimum Standards for Audits of Oregon Municipal Corporations.
5. It is understood and agreed that the Port is responsible for such financial statements as may be necessary to fully disclose and fairly present the results of operations for the period under audit and the financial condition at the end of that period. Should such financial statements not be prepared and presented within a reasonable period of time, it is understood that Solutions, CPAs PC shall draft them for the Port. The cost of preparing such financial statements shall be in addition to the fee for conducting the audit as set forth in paragraph 7 below.
6. It is understood and agreed that either party may cancel this contract by giving notice in writing to the other party at least ninety days prior to July 1 of any year.

7. In consideration of the faithful performance of the conditions, covenants, and undertakings herein set forth the Port hereby agrees to pay Solutions, CPAs PC the sum of \$6,230 and the Port hereby affirms that proper provision for the payment of such fee has been or will be duly made and that funds for the payment thereof are or will be made legally available.

This letter correctly sets forth our understanding.

Audit Engagement Letter

January 31, 2020

President
Port of Arlington
PO Box 279
Arlington, Oregon 97812

You have requested that we audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Port of Arlington (the Port), as of June 30, 2020, and for the year then ended and the related notes, which collectively comprise the Port's basic financial statements as listed in the table of contents. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter. Our audit will be conducted with the objective of our expressing an opinion on each opinion unit applicable to those basic financial statements.

This audit agreement is in accordance with the requirements of Oregon Revised Statutes 297.405 through 297.555.

Accounting principles generally accepted in the United States of America (U.S. GAAP), as promulgated by the Governmental Accounting Standards Board (GASB), require that management's discussion and analysis (MD&A) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the GASB, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the MD&A in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the MD&A. The MD&A is required by U.S. GAAP and will be subjected to certain limited procedures but will not be audited.

U.S. GAAP, as promulgated by the GASB, require that the budgetary comparison information on the General Fund and major special revenue funds, and other required supplementary information (RSI) as listed in the table of contents of the audit report be presented to supplement the basic financial statements. Such information will be subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with U.S. GAAS. Our auditor's report will provide an opinion on this RSI in relation to the basic financial statements as a whole.

Supplementary information other than RSI will accompany the Port's basic financial statements. Supplementary information will be presented for purposes of additional analysis and is not a required part

of the basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and perform certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and additional procedures in accordance with U.S. GAAS. We intend to provide an opinion on the following supplementary information in relation to the basic financial statements as a whole:

- Combining and individual fund statements
- Supplemental supporting schedules

Auditor Responsibilities

We will conduct our audit in accordance with U.S. GAAS and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and with *Minimum Standards for Audits of Oregon Municipal Corporations*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements.

An audit also includes evaluating the appropriateness of accounting policies used, and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the basic financial statements. If appropriate, our procedures will therefore include tests of documentary evidence that support the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of cash, investments, and certain other assets and liabilities by correspondence with creditors and financial institutions. As part of our audit process, we will request written representations from your attorneys, and they may bill you for responding. At the conclusion of our audit, we will also request certain written representations from you about the basic financial statements and related matters.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, an unavoidable risk that some material misstatements (whether caused by errors, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations) may not be detected exists, even though the audit is properly planned and performed in accordance with U.S. GAAS and in accordance with *Government Auditing Standards*, issued by the Comptroller General of the United States, and with *Minimum Standards for Audits of Oregon Municipal Corporations*.

In making our risk assessments, we consider internal control relevant to the Port's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Port's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the basic financial statements that we have identified during the audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any other periods.

We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions on the basic financial statements are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or to issue a report as a result of this engagement.

With respect to any nonattest services we perform, we will not assume management responsibilities on behalf of the Port. However, we will provide advice and recommendations to assist management of the Port in performing its responsibilities.

The Port's management is responsible for (a) making all management decisions and performing all management functions; (b) assigning a competent individual to oversee the services; (c) evaluating the adequacy of the services performed; (d) evaluating and accepting responsibility for the results of the services performed; and (e) establishing and maintaining internal controls, including monitoring ongoing activities.

Our responsibilities and limitations of the engagement are limited to the services previously outlined. Our firm, in its sole professional judgement, reserves the right to refuse to do any procedure or take any action that could be construed as making management decisions or assuming management responsibilities, including determining account coding and approving journal entries.

Government Auditing Standards require that we document an assessment of the skills, knowledge, and experience of management, should we participate in any form of preparation of the basic financial statements and related schedules or disclosures as these actions are deemed a nonattest service.

In accordance with the requirements of *Government Auditing Standards*, a copy of our August 16, 2019 external peer review report of our firm is available upon request.

Compliance with Laws and Regulations

As previously discussed, as part of obtaining reasonable assurance about whether the basic financial statements are free of material misstatement, we will perform tests of the Port's compliance with the provisions of applicable laws, regulations, contracts, and agreements. However, the objective of our audit will not be to provide an opinion on overall compliance, and we will not express such an opinion.

Management Responsibilities

Our audit will be conducted on the basis that management and, when appropriate, those charged with governance acknowledge and understand that they have responsibility:

- a. For the preparation and fair presentation of the basic financial statements in accordance with accounting principles generally accepted in the United States of America;
- b. For the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of basic financial statements that are free from material misstatement,

whether due to error, fraudulent financial reporting, misappropriation of assets, or violations of laws, governmental regulations, grant agreements, or contractual agreements; and

- c. To provide us with:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the basic financial statements such as records, documentation, and other matters;
 - b. Additional information that we may request from management for the purpose of the audit; and
 - c. Unrestricted access to persons within the Port from whom we determine it necessary to obtain audit evidence.
- d. For including the auditor's report in any document containing basic financial statements that indicates that such basic financial statements have been audited by the Port's auditor;
- e. For identifying and ensuring that the Port complies with the laws and regulations applicable to its activities;
- f. For adjusting the basic financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current year period(s) under audit are immaterial, both individually and in the aggregate, to the basic financial statements as a whole; and
- g. For acceptance of nonattest services, including identifying the proper party to oversee nonattest work;
- h. For maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
- i. For informing us of any known or suspected fraud affecting the Port involving management, employees with significant role in internal control and others where fraud could have a material effect on the financials; and
- j. For the accuracy and completeness of all information provided.

With regard to the supplementary information referred to above, you acknowledge and understand your responsibility: (a) for the preparation of the supplementary information in accordance with the applicable criteria; (b) to provide us with the appropriate written representations regarding supplementary information; (c) to include our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) to present the supplementary information with the audited basic financial statements, or if the supplementary information will not be presented with the audited basic financial statements, to make the audited basic financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon.

As part of our audit process, we will request from management and, when appropriate, those charged with governance, written confirmation concerning representations made to us in connection with the audit.

Reporting

We will issue a written report upon completion of our audit of the Port's basic financial statements. Our report will be addressed to the governing body of the Port. We cannot provide assurance that unmodified

opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions, add an emphasis-of-matter or other-matter paragraph(s), or withdraw from the engagement.

In accordance with the requirements of *Government Auditing Standards*, we will also issue a written report describing the scope of our testing over internal control over financial reporting and over compliance with laws, regulations, and provisions of grants and contracts, including the results of that testing. However, providing an opinion on internal control and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed.

Other Matters

We understand that your employees will prepare all confirmations we request and will locate any documents or support for any other transactions we select for testing.

If you intend to publish or otherwise reproduce the basic financial statements and make reference to our firm, you agree to provide us with printers' proofs or masters for our review and approval before printing. You also agree to provide us with a copy of the final reproduced material for our approval before it is distributed.

Provisions of Engagement Administration, Timing, and Fees

The audit documentation for this engagement is the property of Solutions, CPAs PC and constitutes confidential information. However, we may be requested to make certain audit documentation available to a cognizant or oversight agency or its designee, a federal agency providing direct or indirect funding, or to the U.S. Government Accountability Office pursuant to authority given to it by law or regulation, or to peer reviewers. If requested, access to such audit documentation will be provided under the supervision of Solutions' personnel. Furthermore, upon request, we may provide copies of selected audit documentation to these agencies and regulators. The agencies and regulators may intend, or decide, to distribute the copies of information contained therein to others, including other governmental agencies.

We will provide copies of our reports to the Port; however, management is responsible for distribution of the reports and the financial statements. Unless restricted by law or regulation, or containing privileged and confidential information, copies of our reports are to be made available for public inspection.

Adequate copies of the audit shall be delivered to the Port and its form and content shall be in accordance with and not less than that required by the *Minimum Standards for Audits of Oregon Municipal Corporations*.

You agree to inform us of facts that may affect the financial statements of which you may become aware during the period from the date of the auditor's report to the date the financial statements are issued.

The audit shall be started as soon after the contract is executed as is agreeable to the parties hereto, and shall be completed and a written report thereon delivered within a reasonable time, but not later than six months after the close of the audit period, unless an extension of time is agreed upon. We will contact Port personnel to schedule an agreeable time for engagement fieldwork. In the event that the Port needs to reschedule due to unforeseen circumstances, a rescheduling fee may be assessed. We will inform management prior to charging a rescheduling fee.

Mitch T. Saul, CPA is the engagement partner for the services specified in this letter. Their responsibilities include supervising Solutions' services performed as part of this engagement and signing or authorizing another qualified firm representative to sign the attest report.

Based on our estimates, the fee for the audit should not exceed \$6,230. This estimate is based on anticipated cooperation from Port personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss the reasons with management and arrive at a new fee estimate before we incur the additional costs. Rescheduling audit field work and significant additional time in closing the fiscal year are a few examples of events that would justify an additional fee.

This fee does not include additional costs related to the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and the related Management's Discussion and Analysis. We anticipate the cost of assisting in the preparation of the financial statements and MD&A will not exceed \$1,250.

We do not charge for incidental telephone calls and inquiries, and we encourage management to use us as a resource throughout the year. Where we find that the Port needs services that will require an additional fee, we can discuss those services and estimate a fee at that time.

During the course of the engagement, we may communicate with you or your personnel via fax or e-mail, and you should be aware that communication in those mediums contains a risk of misdirected or intercepted communications.

You agree to release, indemnify, defend, and hold us harmless from any liability or costs, including attorney's fees, resulting from management's knowing misrepresentations to us.

The audit documentation for this engagement will be retained for a minimum of five years after the date the auditor's report is issued or for any additional period requested by interested parties.

During the course of the audit we may observe opportunities for economy in, or improved controls over, your operations. We will bring such matters to the attention of the appropriate level of management, either orally or in writing.

At the conclusion of our audit engagement, we will communicate to those charged with governance the following significant findings from the audit:

- a. Our view about the qualitative aspects of the Port's significant accounting practices;
- b. Significant difficulties, if any, encountered during the audit;
- c. Uncorrected misstatements, other than those we believe are trivial, if any;
- d. Disagreements with management, if any;
- e. Other findings or issues, if any, arising from the audit that are, in our professional judgment, significant and relevant to those charged with governance regarding their oversight of the financial reporting process;

- f. Material, corrected misstatements that were brought to the attention of management as a result of our audit procedures;
- g. Representations we requested from management;
- h. Management's consultations with other accountants, if any; and
- i. Significant issues, if any, arising from the audit that were discussed, or the subject of correspondence, with management.

Once the books are ready for audit, we will begin fieldwork as scheduled. Generally, the books will be considered ready for audit when:

- a. All activity is recorded in the accounting records and properly classified by fund.
- b. Trial balance, in electronic Microsoft Excel format, has been provided **at least 2 weeks prior** to scheduled fieldwork.
- c. General ledger cash accounts have been reconciled to the statements provided by the Port's financial institutions.
- d. A listing of accounts receivable (FY2020 revenue received after 6/30/20), if applicable, have been listed by fund and income account, evaluated for collectability and amounts received within 60 days of year-end identified.
- e. Inventories, if applicable, have been counted and valued.
- f. A list of property and equipment acquired or disposed of, with dates and amounts, is prepared and depreciation has been calculated and a complete listing of fixed assets is available.
- g. A listing of accounts payable (FY2020 expenses paid after 6/30/20), if applicable, to vendors and others is prepared and summarized by fund and expense account.
- h. Payroll tax reports through the end of the fiscal year have been completed and reconciled to the general ledger.
- i. A list of the members of the governing body and their addresses at June 30 is prepared and made available.
- j. New leases, contracts, and notes payable are summarized and made available for review.
- k. A summary of current, pending or threatened litigation is prepared.
- l. A schedule of expenditures of federal awards is prepared and reconciled to the general ledger revenue accounts.

If the Port is unable to complete some part of the necessary accounting work to have the Port books ready for audit, we are available to assist the Port. If the Port desires to engage Solutions, CPAs PC for assistance, a separate contract for services may be prepared prior to commencement. To maintain our independence and, therefore our ability to perform the audit in accordance with professional standards, there may be some limitations on the type of services that can be provided.

We appreciate the opportunity to be of service to the Port and believe this letter accurately summarizes the significant terms of our engagement. If the Port has any questions, please let us know. If the Port agrees with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Sincerely,

Solutions, CPAs PC

John Day, Oregon
