HAPPY HOLIDAYS FROM SANBORN PTO!

We hope all Sanborn families enjoy a fun-filled break.

Congratulations CSA performers! A big thanks to Kim Scoll, our parent chairperson for Children's Stage Adventures last week.

The Prince and The Pauper was a fabulous show, made possible in part by Kim and a great team of parent volunteers including Mellisa Newcomb, Kate Villa, Gabe Frietas, Laura Casey, Kelly Barry, Molly Feely, Lauren Annarelli, Courtney Driscoll, Kate & Andy Fenn, Shikha Mehta, Heather Vigorito, Martina Sharon, and Sushmita Bawari.

Winter 2020 Explorations

We are thrilled to offer an action-packed winter session of Explorations including opportunities for our Sanborn children to play, create, and learn. To register go to the [Sanborn PTO website](#), fill out the online forms, and pay via pay pal. We still accept paper registration for those who prefer that method. You can download the two forms on the last pages of the [brochure](#). Checks should be made out to **Sanborn PTO** (*note Explorations in the memo*) and returned to the office with the forms.

Please note that all classes will run for six weeks. Classes where no materials

are required will be \$50 and those that do need materials will be \$65.

Deadline for registration is Friday, December 20. To enroll in a class child must be in the grade level specified by the course description. Late registrations are accepted only if class space allows.

Classes begin the week of January 6. If a class is over-subscribed, a lottery system is used to choose participants. If a class is under-subscribed, the course is cancelled. All those affected are notified and money refunded.

Enrichment News

As a result of your support throughout the first half of the school year, we have funded some neat grade-level enrichment programs. In this hands-on workshop, students explore the different types of rocks and how they form over geologic time. Working as a team, students identify various rocks and minerals through observations and experiments. For a finale, they figure out how a particular
