# Black Widow Bows

## MODEL X200

(at left)

Lengths: 64", 66" and 68"

Walnut (as shown) or Maple handle trimmed with contrasting tropical hardwood.

\$135.00

All rosewood handle \$175.00

Deluxe padded bow case with model X200.

We believe the X200 to be the ultimate in smoothness and stability. The deep deflex grip and specially designed handle bring shock or kick to an absolute minimum.

## MODEL 101

(at right)

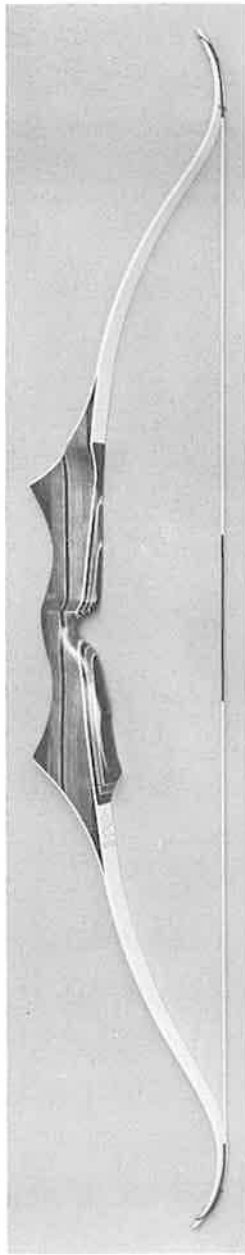

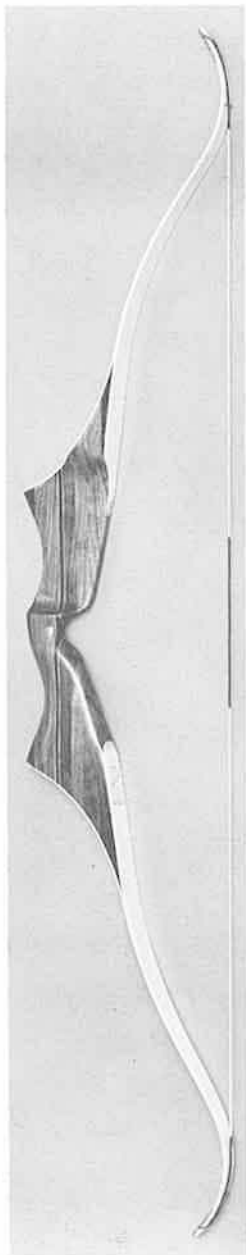

Lengths 64", 66" and 68"

Walnut (as shown) or Maple handle trimmed with contrasting tropical hardwood \$125.00

All rosewood handle \$159.50

Deluxe padded bow case with model 101

The 101 model is the choice of many fine archers. It has everything they want, speed, stability and balance plus the finest craftsmanship in design and finish.

*Since 1961 Black Widow bows have won more world championships than any other make of bow.*

### **MODEL X99**

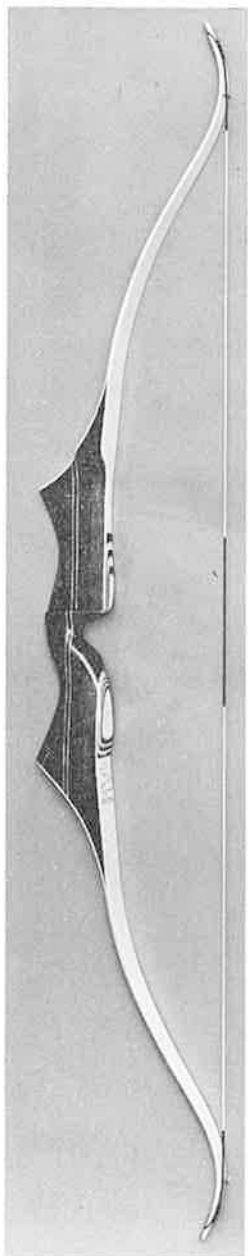

(at left)

**Lengths: 64", 66" and 68"**

Walnut (as shown) or Maple handle trimmed with contrasting tropical hardwood \$100.00

All rosewood handle \$129.50

The X99 is the work horse of the Black Widow bows. There are more X99's in use all over the world than any other Black Widow bow. (It was the first Black Widow model with the large stabilizing handle section.) It is still preferred by many archers over any other model and it now has a greatly improved handle grip section.

### **MODEL X300**

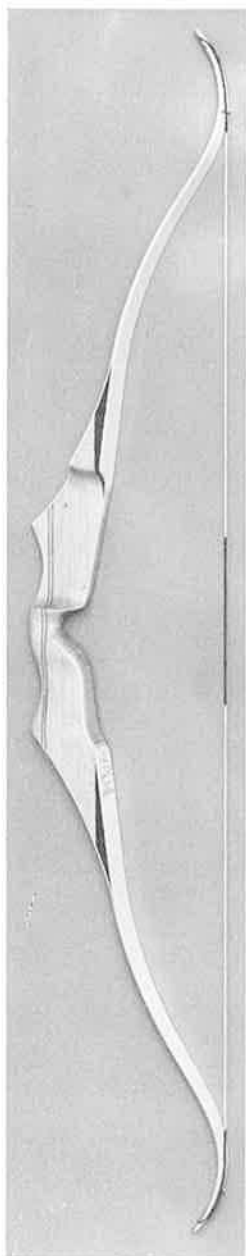

(at right)

**Lengths: 64", 66" and 68"**

Maple (as shown) or walnut handle trimmed with contrasting tropical hardwood \$125.00

All rosewood handle \$150.00

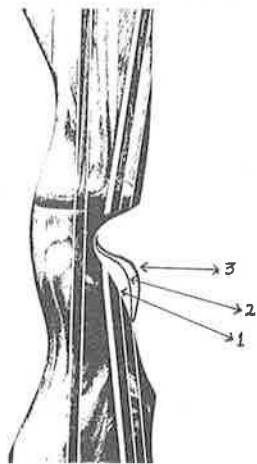

The X300 is a streamlined version of the X200. And is the result of requests from archers for a bow with the same deep deflex design without the physical weight of the X200.

The Wilson Brothers make only first line bows. A Black Widow Bow is not an assembly line product, when you get a Black Widow Bow you can be sure it has had the personal attention of Norman, Jack or Bob. They are Archers making bows for the Archers who appreciate the workmanship and care that goes into every Black Widow Bow. They have had many years experience in bow making and shooting. They were National Champions as far back as 1946 and were among the top group of archers at National and Regional Tournaments for many years. They know Archery, Archers and Bow Making.

We believe the performance of the BLACK WIDOW BOW will absolutely amaze you. It has a perfect combination of smooth draw, speed and stability that will prove to you why we say, "IT IS THE FINEST BOW MADE."

Black Widow Bows are guaranteed for three years on a pro-rated basis, guarantee and registration card accompanies each bow.

### HANDLE GRIP SHAPES

- No. 1 Standard
- No. 2 Semi-high wrist
- No. 3 Straight or high wrist.

Handle grips shapes for all models as shown in the picture of each bow is the regular standard handle grip. The M58, HS60 and the M75 are made with STANDARD HANDLE GRIP ONLY. However, on all other models, when it is requested, we will make semi-high or high wrist grips as shown in the illustration.

Black Widow bows offer you the largest selection of custom made bows. You have a choice of nine different models, five different lengths, three handle grip shapes, three different handle woods. There is an almost unbelievable total of 149 different combinations from which to choose the bow you like best and is best suited for your purpose and style of shooting.

### BOW DRAW WEIGHTS

All target models are available in weights up to 50 pounds at 28" draw.

Hunting bows up to 65 pounds. Weights are marked at 28" draw unless requested otherwise. All models available right or left handed.

### FINISH AND MATERIALS

Only the finest materials are used in Black Widow bows. The beautiful finish which is a trade mark of Black Widow bows is an exceptionally durable Epoxy coating. White glass, front and back, is used on models X300, X200, 101, X99 and X85. Dark brown glass, front and back, is used on M58, M75, HS60 and H101.

## Wilson Brothers Mfg. Co.

ROUTE 8, BOX 33-H  
SPRINGFIELD, MISSOURI 65804, U.S.A.  
Telephone: Area Code 417-TU 3-3235

*Black Widow bows have won many National, Regional and State championships in the United States and in other Nations around the world.*

**MODEL M58  
Hunting Bow**  
(at left)

**Length: 58"**

Maple (as shown) or walnut handle with dark brown glass, front and back. **\$49.50**

Even though priced at only \$49.50, the M58 is made with the same exacting care and expert workmanship found in all Black Widow bows. Compare it with other makes of bows costing much more and you will see why we say, "The M58 is the best buy in hunting bows."

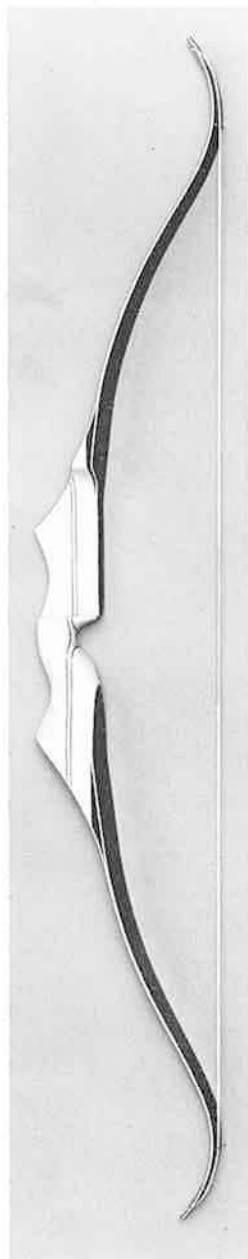

**MODEL HS60  
Hunting Bow**  
(at right)

**Length: 60"**

Maple (as shown) or walnut handle trimmed with contrasting tropical hardwood. Dark brown glass, front and back. **\$64.50**

All rosewood handle **\$74.50**

This is truly a beautiful deluxe hunting bow for the archer who wants a bow that is something extra special. It has speed and stability that will amaze you and it has a full 7½ inch sight window for the hunter who prefers to use a sight.

## THE WILSON TAB

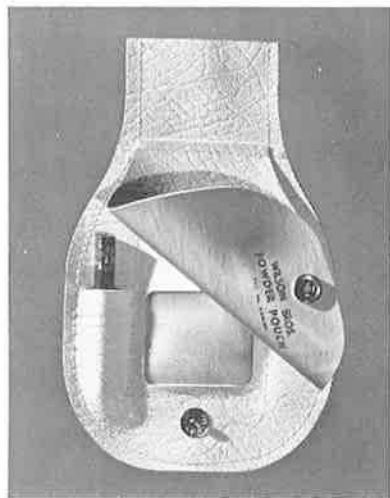

U. S. Pat  
No. 2,974,319

**\$1.50**

Available in **FIVE**  
**SIZES**

Extra Small, Small, Medium, Large and Extra Large.  
Right and Left Hand.

The ordinary tab is hard to break in so it will feel comfortable and give a good release. The Wilson Tab, because of its patented construction, requires no long break in period, it permits a perfect release right from the start.

## THE WILSON POWDER POUCH

U. S. Pat  
No. 2,940,651

**\$1.25**

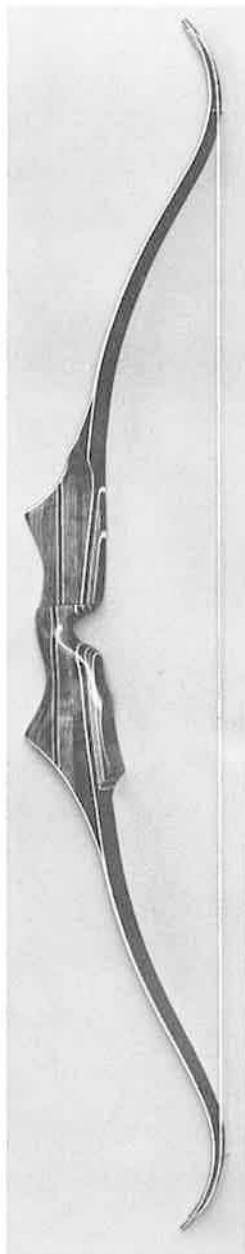

The Powder Pouch is easy to fill through the opening in the top. It holds enough powder for several days shooting, snaps on belt for convenience in carrying, and makes it easy to apply the right amount of powder on tab or glove just by patting the dispensing Section.

### MODEL H101—Hunting Bow

Length: 60"

Walnut (as shown) or Maple handle trimmed with contrasting tropical hardwood, dark brown glass, front and back. **\$89.50** All rosewood handle section **\$110.00**.

We believe this is the finest hunting bow ever made. Designed as a companion bow to the target model 101. It has the speed of a flight bow, and the smoothness and stability found in the finest target model. If you are a man who demands the very best in his hunting equipment, this is the bow for you.
