

(Continued from page 21)

ries, and categories for the not-for-profit organizations themselves do not exist in this catalog (RUL, 2014).

It is remarkable fact that the Corner of Corporate and Organizational History holds

numerous not-for-profit organization histories, considering that the Japanese not-for-profit sector is much duller than the U.S. Corner of Corporate and Organizational History. The corner is especially useful for researching Japanese not-for-profit accounting history.

## RG Klein Stock Market Museum and Library

### Massillon, Ohio

Rodney G. Klein was an entrepreneur, collector, educator and historian. Born in Massillon, Ohio, and educated at Western Reserve University, Dartmouth College, Columbia University and the University of California, he developed a great entrepreneurial spirit. He founded several real estate companies and taught courses in finance and the stock market at UCLA. After he retired from all active businesses in 1974, he began to travel the world in search of all things related to the market. That included books, art, games, movies and movie posters, ticker tape machines, and stock exchange paraphernalia. In 2006, he purchased a vacant

federal post office building in Massillon, Ohio, to house his collection. He had great plans for developing a stock market museum and library. Unfortunately, Rodney passed away in 2009 before he was able to see his dream become a reality. The museum, a 501(c)(3), is being developed by a seven member board which is in the process of cataloging the 20,000 books, art collection and stock market artifacts. To view their progress or make an inquiry, go to [rgkleinmuseum.org](http://rgkleinmuseum.org).
