

Right Hand Ministries

“Then the King will say to those on His RIGHT HAND, ‘Come, you who are blessed of My Father... for I was hungry and you gave Me food, thirsty and you gave Me drink, a stranger and you took Me in, naked and you clothed Me, sick and you visited Me, in prison and you came to Me.’”

Matthew 25:34-36

AN OVERVIEW OF RIGHT HAND MINISTRIES

Periodically we like to give you an overview of the ministry, reminding our supporters and prayer warriors of the various ministries that they are praying for and supporting. It also works well as a brochure for the newcomer who knows little or nothing about RHM. Feel free to make copies and distribute. May the Lord raise up an army of believers to support and pray for this ministry, primarily to the poor children and widows. Feel free to designate your giving toward any of these causes.

HOPE GIRLS HOME: Currently 31 girls, most all from broken backgrounds, ages 5 to 19. Also helping some older girls with college.

HOPE BOYS HOME: Currently 9 boys, ages 6 to 16. Now staying in a rental home. Also helping older boys with college fees.

REDDIPALEM MANNA PROGRAM: There are 15 elderly and handicapped in this village MP, getting food twice a day.

HOPE SCHOOL: We started a school only for our own HOPE children, but felt the Lord leading us to start taking in outside kids also (paying fees). We now have about 200 total in the school.

HOPE MANNA PROGRAM: This a HMP member in front of a new hut built via RHM funds. With all the MPs we hope in the Lord not only to care for physical needs, but minister to the soul as well.

HOPE CHILDREN'S MINISTRY: Our HOPE children are now going into 3 villages every week and ministering to the children: teaching songs, dances, stories and Scriptures, planting Seeds!

ALLURU MANNA PROGRAM: Very poor widows and elderly from Alluru. Altogether, the Manna Program is ministering to nearly 120 widows, elderly & handicapped from many different villages.

HOPE WIDOWS HOME: This home is for the more needy widows who are homeless or have no one to care for them. The Lord blessed us recently to be able to purchase land and construct this home in the village of Chinthayapalem. PTL!

KRUPA COLONY MANNA PROGRAM: There's 16 elderly getting 2 meals a day in this village. This neglected widow may be coming to HOPE soon for care.

MORNING STAR GIRLS HOME: There are currently 25 girls in this girls home, most of them from persecuted-related backgrounds. This is a high risk area, needing much prayer.

MORNING STAR PASTORS TRAINING: Through a sponsoring ministry in the US, the MS ministry is able to help train and equip 100 pastors in a volatile area with bicycles and other helpful ministry tools.

MORNING STAR MALARIA CAMPS: These are free medical camps held in the MS villages, giving general checkups, but especially trying to curb the malaria mortality rate, and also minister Christ to the lost.

HELPING FAMILIES OF CHRISTIAN PRISONERS: This was the condition of one prisoner's kids (at times without food) before the Lord connected RHM to this great ministry. *Hebrews 13:3*

BUILDING WATER WELLS: I had the blessing of helping to inaugurate this village well in Nuasahi (via the MS ministry). Hindus were hindering believers from using other village water.

MORNING STAR MANNA PROGRAM: Through one generous sponsor, 21 Christian widows are receiving financial assistance. All of them have had a husband or elder son die because of persecution.
