

Laurel Edmonton

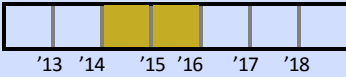

Stats:

LOCATION:
Edmonton, AB

CLIENT:
City of Edmonton

PROJECT TIMELINE:

OUR ROLE:
Prime Consultant

PROJECT TYPE: Preliminary Design

PROJECT DESCRIPTION:

This project consisted of preliminary engineering for the Laurel lands in south east Edmonton. The Lands surrounding this Neighbourhood were in the process of being developed and a plan for the City portion of Laurel needed to be updated and reviewed to address the changes and requests of the surrounding developments.

Revised layouts were prepared and reviewed, a preliminary design report was prepared to address the changes to the NDR, as well as cost estimates.

Assistance regarding requests for encroachments and encumbrances was provide to the Client based on the preliminary design prepared. This involved dealing with many different parties on many different issues.
