

Cleaning the cat room

Sheila and Bob Fincher are long-time supporters of the Randolph County Animal Shelter, according to Chuck Smith, president of the RCAS Board. Sheila cleans the cat room every Wednesday. When her husband arrived to pick her up they were so short-handed he jumped in and helped. The newly elected District 37 representative earlier worked free of charge at the shelter for about six months when he was between jobs, Smith said. Apparently, his new position does not deter him from getting his hands dirty.
