

Delta Valley Diving Invite

Timeline

Coaches, parents, and divers, please note that some of the events have changed in order to make for a smoother day. These changes have been **highlighted and bolded**. These changes will make the day end significantly earlier (about 1 hour off the Divemeets time) and helps with judging. Additionally this makes it so there is a bit more time between dives for those who were previously in events 3+4 who will now have about 10 minutes between dives instead of rushing and only having 2-3 minutes. Some divers will now need to arrive earlier (those whose first event was previously event 3) and I believe will affect 1 diver who will now have to dive 2 events at the same time, who I have reached out individually to their coach. The gist of the changes is event 3 is now combined with event 2 and the previous event 4 has now been combined with what was event 5. Additionally the 14-15JO boys and 16-18JO girls have swapped boards. We now have 4 events total.
