---

ARTHUR BROOKE  
MAYOR

JOHN E. BARCLAY  
CITY CLERK

June 26, 2017

Public Notice

Closing of Hickory Street at Highway 367 (Second Street)

Dear Citizen:

Due to changes being made on Highway 367 (Second Street) at the Highway 319 (Peyton Street) railroad crossing; it has been determined that Hickory Street at Highway 367 (Second Street) intersection will be closed to through traffic permanently as of July 28<sup>th</sup>, 2017. Hickory Street will become a dead end street. Plans are to develop two turn lanes on Highway 367 going north and south to alleviate the congestion when there is a train using the tracks and traffic is at a standstill on Highway 367. The turn lanes will accommodate several passenger vehicles. Please make notation of this change. There will be a week grace period after the barriers are installed before the change will be enforced by our police department. Usage of a parking lot for through traffic will be strictly enforced immediately.

Thank you for your attention on this matter.

Sincerely,

  
Mayor Art Brooke
