

SARAH (HUAPING) XU

MASSAGE THERAPIST

Sarah was born in the People’s Republic of China and just over a decade ago came to the US. She considers herself hard working, dedicated, patient, responsible, and punctual and has a strong desire to be successful for the business that she practices various aspects of massage for.

In earlier years, she had her own business in China where she performed Chinese Acupressure, Swedish and Deep Tissue Massage, as well as other specialties including shiatsu, prenatal, aroma therapy, reflexology and cupping. Once she came to the US, she studied hard to learn and practice her English so that she could pass the Maryland State Board of Chiropractic and Massage Therapy Exam.

“Since obtaining my license I have practiced my craft all over the DC metro area including areas of Maryland and Virginia. I love helping people feel better and the art of massage allows me to do this. I love giving deep tissue massage when it is necessary and giving people the pressure they desire. I might be small but I am mighty!”
