Thank you for your response. For your office records I have attached the correspondence sent to Archbishop Wenski.

Please be advised that social media will soon be flooded with an animated video that connects my Heavenly Father's Fractal Pattern of Creation with the Apostles' Creed. I have included a preview link that will give church leadership access to the rough draft of that animation. That animation will automatically start 6 seconds after the preview page loads. Please understand that the final product will be animated and narrated. This evidence will be undeniable for the church.

Once that animation is complete, I will start to distribute it. I would prefer to coordinate with church leadership before that happens as a unified approach would create the best scenario for all involved. Please know I would like to zoom with leadership as soon as possible.

In closing, the technology my Father inspired organizes the pattern highlighted in the Apostles' Creed animation. That technology will allow every human to confirm the ongoing and eternal consequences for disobedience. The HRT-Tool will confirm how disobedience to our Heavenly Father (AKA selfishness) leads to pain, suffering, tragedy, catastrophe, and eternal death.

Godspeed
