- Easy to clean acrylic surface
- Energy saving CCFL lights
- Smooth Black finish
- UL & CUL approved lights & 12V adaptor
- Vertical & horizontal mount options
- Indoor use
- 1 Year Limited Warranty on lights*

* Perfectly finished black aluminum snap frame and scratch resistance acrylic board, which is imported from Japan to ensure the product's quality

* Available in 23" x 33" (4 CCFL light tubes inside) & 16" x 23" (2 CCFL light tubes inside)

* Unlike similar illuminated marker boards, TMB100 boards use long life, energy saving, high quality CCFL lights that last up to 20,000 hours*

* Superior CCFL lights in TMB100 series produce super bright light creating extra shine messages on the acrylic board

* Fluorescent marker pens are made with high quality materials imported from Japan

* Suitable for restaurants, cafes, coffee shops, bars, night clubs, retail shops, etc.
