

## **Benefits of Giving**

We all support favorite causes – whether it is with our time as a volunteer, our talents with specific projects, or our financial resources. In addition to simply making our communities nicer places to live and providing for those who do not have what they need, we hope to set an example for our children and grandchildren, teaching them the value of philanthropy and leaving a legacy of community support.

The Community Foundation of Crawford County makes it easy to accomplish those goals. If you are looking for a creative and simple way to give to your favorite organizations during your lifetime and forever, creating a fund with the Community Foundation is a great way to do that. We provide the expertise and flexibility to help you donate money, securities, personal property, or other assets and create a customized charitable fund that will make your giving easier now, and can also last long beyond your lifetime with maximum tax benefits.

## **Why CFCC?**
