Introduction

King Alfred Trust is committed to safeguarding and promoting the welfare of children.

We will fulfil our local and national responsibilities as laid out in the following key documents:

- Working Together to Safeguard Children (2018)
- Keeping Children Safe in Education (2022)
- The procedures of the Safeguarding Vulnerable People Partnership (formerly WSCB)
- Information sharing - Advice for practitioners providing safeguarding services to children, young people, parents and carers (2018)
- Sexual violence and sexual harassment between children in schools and colleges (2021)

The aim of this policy is to ensure:

- all our pupils are safe and protected from harm.
- safeguarding procedures are in place to help pupils to feel safe and learn to stay safe.
- adults in the school community are aware of the expected behaviours and the school's legal responsibilities in relation to safeguarding and child protection.

Scope

Safeguarding is defined as:

- ensuring that children grow up with the provision of safe and effective care
- taking action to enable all children to have the best life chances
- preventing impairment of children's mental and physical health or development and
- protecting children from maltreatment.

The term 'safeguarding children' covers a range of measures including child protection procedures. It encompasses a preventative approach to keeping children safe, including online that incorporates pupil health and safety; school behaviour management and preventing child-on-child abuse; supporting pupils with medical conditions; Relationships, Sex and Health (RSHE) education and Personal, Social, Health and Economic (PSHE) education; providing first aid and site security.

Consequently, this policy is consistent with all other policies adopted by the governors and should be read in alongside the following policies relevant to the safety and welfare of our pupils:

- | | | |
|------------------------|----------------------------|---------------------------------------|
| • Online safety policy | • Staff Behaviour Policy | • Teaching and Learning policy |
| • Behaviour policy | • Complaints policy | • Administration of medicines |
| • Equality Statement | • Whistleblowing policy | • SEND policy |
| | • Health and Safety policy | • Disclosure & Barring Service Policy |

This policy applies to all staff in our setting.

For the purposes of this policy:

- **Staff** refers to all those working for or on behalf of Puddleducks, full time or part time, in a paid or regular voluntary capacity.
- **A volunteer** is a person who performs an activity that involves spending time, unpaid in our setting (except for approved expenses).
- **Parent** refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.
- **Child** refers to all children on our roll and any child under the age of 18 who comes into contact with our setting. This includes unborn babies.

Any safeguarding concerns or disclosures of abuse relating to a child in or outside of our operating hours and online are within the scope of this policy.

Expectations

All staff are:

- familiar with this safeguarding policy and have an opportunity to contribute to its review.
- alert to signs and indicators of possible abuse and wider safeguarding issues.
- aware of the importance of professional curiosity
- able to record and report concerns as set out in this policy.
- able to deal with a disclosure of abuse from a child.
- involved in the implementation of individual education programmes, integrated support plans, child in need plans and interagency child protection plans as required.

In addition, all staff have read and understood Part 1 or Annex A of the latest version of Keeping Children Safe in Education (KCSiE 2022). All staff working directly with children have also read Annex B and Part 5

All staff receive regular safeguarding updates through regular meetings, this is centred on the contents in KCSiE. In the staffroom there is a Safeguarding/Child Protection display which is available for reference at all times, containing key documents and reminders – this is regularly refreshed.

Trustees

As key strategic decision makers and vision setters for the Trust, the Trustees of King Alfred Trust will make sure that our policies and procedures are in line with national and local safeguarding requirements. The Trust will work with the senior leaders to make sure the following safeguarding essentials are in place in the setting:

Concerns and Allegations Management

The Chair of King Alfred Trust is responsible for liaising with the local authority Designated Officer for Allegations (DOFA) and other partner agencies in the event of an allegation of abuse being made against the Executive Headteacher. The Executive Head is responsible for liaising if the allegation is being made against the Manager.

See also 'Managing concerns and allegations against staff'.

Audit

The Executive Head collaborates with the Manager and the D/DSL to complete an annual safeguarding audit return to the Local Authority. The nominated Trustee for Safeguarding will oversee this. The outcome of the Audit will be reported to the Trust and returned to the Local Authority.

Safer Recruitment

Our Trustees monitors safer recruitment practice including the Single Central Record and refer to the Disclosure and Barring Service Policy.

Monitoring and Review

The Manager ensures that the policies and procedures, adopted by the Trust Board (particularly those concerning referrals of cases of suspected abuse and neglect), are understood, and followed by all staff and should be easily understood by staff, children and parents.

Trustees ensure that safeguarding is an agenda item for every Trust Board meeting.

The Manager ensures that safeguarding is an agenda item for every staff meeting.

This policy is reviewed annually or earlier as required by changes to legislation or statutory guidance.

The nominated Trustee meets the DSL every term (six times a year) to monitor the effectiveness of this policy.

Mandatory Procedure – Staff & Adults at School

Safer Recruitment

All staff are subject to safer recruitment processes and checks and we follow the guidance set out in Part 3 of KCSiE (2022).

At King Alfred Trust, we scrutinise all applications for paid or voluntary posts. We undertake interviews and make appropriate checks through the Disclosure and Barring Service (DBS). We maintain a single central record (SCR) of the essential checks as set out in KCSiE that have been carried out and certificates obtained.

The SCR applies to:

- all staff (including supply staff, and trainees\apprentices) who work at the setting
- all Members and Trustees of King Alfred Trust.

See also Training.

Staff Behaviour Policy (for safer working practice)

King Alfred Trust is committed to positive academic, social and emotional outcomes for our pupils underpinned by a strong safeguarding ethos. We are equally committed to the protection and welfare of our staff, who are expected to adhere to the highest standards of professional behaviour.

The Staff Behaviour Policy for Safer Working Practice sets out staff behaviours that should be avoided as well as those that constitute safe practice and supports our commitment to safeguarding children. Staff **MUST** ensure that they are familiar with this Policy.

Teaching staff are additionally expected to act within the guidance of the 'personal and professional conduct' section of the Teachers' Standards.

Identifying the signs

All staff know how to recognise and are alert to the signs of neglect and abuse and wider safeguarding issues, including but not limited to child on child sexual violence and harassment, child on child abuse and exploitation, 'all' risks outside of the home and within the local area including online. Definitions of abuse, set out in 'What to do if you're worried a child is being abused - Advice for practitioners' (2015), 'Keeping Children Safe in Education' (2022) and Sexual violence and sexual harassment between children in schools (2021) along with notes from safeguarding training, are important reference documents for all staff. Every member of staff is provided with a copy of Part 1 or Annex A of KCSiE which they are required to read, and which also includes supporting guidance about several specific safeguarding issues. Staff who work directly with children are also required to read Annex B and Part 5 of KCSiE (2022).

Responding to concerns/disclosures of abuse

Flowcharts provided by the SVPP that set out the required procedure for staff to follow when they have a safeguarding concern about a child are displayed in the play-rooms staffroom, office, and adult toilet for easy reference.

Staff adhere to the following Dos and Don'ts when concerned about abuse or when responding to a disclosure of abuse.

DO:

- **create a safe environment by offering** the child a private and safe place if possible.
- **stay calm** and reassure the child and stress that he/she is not to blame.
- **tell** the child that you know how difficult it must have been to confide in you.
- **listen carefully** and **tell** the child what you are going to do next.
- use the '**tell me**', '**explain**', '**describe**' and/or mirroring strategy.
- **tell only the Designated or Deputy Safeguarding Lead.**
- **record** in detail using the Welfare Concern Record without delay, using the child's own words where possible.

DO NOT:

- take photographs of any injuries.
- postpone or delay the opportunity for the pupil to talk.
- take notes while the pupil is speaking or ask the pupil to write an account.
- try to investigate the allegation yourself.
- promise confidentiality eg say you will keep 'the secret'.
- approach or inform the alleged abuser.

All staff record any concern about or disclosure by a pupil of abuse or neglect and report this to the D/DSL using the standard form. It is the responsibility of each adult in school to ensure that the D/DSL receives the record of concern without delay. In the absence of the D/DSL, staff members know to speak directly to the MASH.

In some circumstances, the D/DSL or member of staff seeks advice by ringing the MASH for advice.

The D/DSL will liaise with safeguarding partners and work with other agencies in line with Working Together (2018) and will refer to National Police Chief's Council guidance for schools to understand when they should consider calling the police.

The D/DSL will provide as much information as possible as part of the referral process. This will allow any assessment to consider all the available evidence and enable a contextual approach to address such harm.

During term time, the DSL and/or a DDSL is always available during school hours for staff to discuss any safeguarding concerns.

The voice of the child is central to our safeguarding practice and pupils are encouraged to express and have their views given due weight in all matters affecting them.

Online safety

As a setting, we do not allow children access to the internet. Educational games played are age appropriate and suitable for developing their life skills.

Managing concerns and allegations against adults.

King Alfred Trust follows the procedure set out by the SVPP 'Allegations against adults' flowchart which is displayed in the staffroom and adult cloakrooms for easy reference.

Where anyone in the school has a concern about the behaviour of an adult (including online) who works or volunteers at the setting including supply staff and contractors, they must immediately consult the Manager who will refer to the local authority Designated Officer for Allegations (DOFA).

Any concern or allegation against the Manager will be reported to the Executive Head without informing the Manager.

All staff must remember that the welfare of a child is paramount and must not delay raising concerns for fear a report could jeopardise their colleague's career. King Alfred Trust promotes an open and transparent culture in which all concerns about adults working in or on behalf of the setting (including supply teachers, volunteers and contractors) are dealt with promptly and appropriately.

Any allegation of abuse will be dealt with in a fair and consistent way that provides effective protection for the child and at the same time supports the person who is the subject of the allegation.

In addition to the concern/allegation management process, the school's DSL will also refer suspected abuse to the MASH as described in 'responding to a concern.'

All members of staff and volunteers have read and signed to confirm they have understood the school's Staff Behaviour Policy (for safer working practice), all supply staff and contractors are made aware of expectations of their behaviour.

Concerns and allegations reported relating to supply staff and contractors will be notified to their employers for investigation and potential referral to DOFA.

King Alfred Trust will appoint a 'case manager' to lead any investigation where the reported allegation does not meet the allegations threshold to consider a referral to the DOFA. This is the Manager where the Manager the subject of an allegation, the Executive Head.

Managing low-level concerns about adults

King Alfred Trust operates a 'low-level' concerns policy in accordance with KCSIE. 'Low-level' refers to behaviour that is: inconsistent with expectations set out in the Staff Behaviour Policy, including inappropriate conduct outside of work, and/or does not meet the allegations threshold, or is otherwise not considered serious enough to consider a referral to the DOFA.

All low-level concerns will be reported to the Manager; low-level concerns about the Manager will be reported to the Executive Head.

King Alfred Trust will:

- ensure all staff are clear about what appropriate behaviour is (as set out in the Staff Behaviour Policy), and are confident in distinguishing expected and appropriate behaviour from concerning, problematic or inappropriate behaviour, in themselves and others;
- empower staff to share any low-level safeguarding concerns;
- provide a responsive, sensitive and proportionate handling of such concerns when they are raised, for both the child/ren and the adult; and,
- respond to reports of low-level concerns in accordance with our HR conduct procedures by addressing unprofessional behaviour and support the individual to correct it at an early stage. If the concern has been raised via a third party, the Manager will collect as much evidence as possible by speaking:
 - directly to the person who raised the concern, unless it has been raised anonymously;
 - to the individual involved and any witnesses.

Reporting low-level concerns helps to create and embed a culture of openness, trust and transparency in which the school's values and expected behaviour are constantly lived, monitored and reinforced by all staff.

Staff are encouraged to self-refer where they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.

All low-level concerns will be recorded in writing, retained and reviewed to help recognise any weakness in the school safeguarding system so that potential patterns of concerning, problematic or inappropriate behaviour can be identified.

Whistleblowing

In accordance with school's whistleblowing policy and procedures all staff and pupils can raise concerns about poor or unsafe practice and potential failures in the school safeguarding regime. Our whistleblowing procedures, which are also reflected in staff training and our Staff Behaviour Policy, are in place for such concerns to be raised with the Manager. Systems are in place and well promoted so that children can confidently report concerns or abuse, knowing their concerns will be treated seriously, and knowing they can safely express their views and give feedback.

If a staff member feels unable to raise an issue with the Manager as detailed above, or feels that their genuine concerns are not being addressed, other whistleblowing channels are open to them:

- Nicola Gilbert – Executive Head of King Alfred Trust head@pewsey.wilts.sch.uk
- The NSPCC whistleblowing helpline
Staff can call: 0800 028 0285 from 08:00 to 20:00, Monday to Friday, or e.mail help@nspcc.org.uk.
- A Trustee of King Alfred Trust – Karen Shields – Chair – Karen.shields@kingalfredtrust.co.uk

Escalation of Concerns

Effective working together depends on an open approach and honest relationships between colleagues and between agencies.

Staff must be confident and able to professionally disagree and challenge decision-making as an entirely legitimate activity; a part of our professional responsibility to promote the best safeguarding practice. Staff are encouraged to press for re-consideration if they believe a decision to act/not act in response to a concern raised about a child is wrong. In such cases the SVPP Case Resolution Protocol and escalation policy is used if necessary.

If we are on the receiving end of a professional challenge, we see this as an opportunity to reflect on our decision making.

Record keeping and information sharing

The setting:

- liaises with partner organisations, alternative provisions, Wiltshire Council, to ensure any safeguarding records for learners are shared on transition and within 5 days for an in-year transfer or within the first 5 days of the start of a new term:
 - by the setting/school/organisation previously attended by the child.
 - by our DSL when the child leaves our school.

For any child dual-registered with another school/setting/organisation, the school continues to be responsible for the safeguarding of the placed pupil thus the DSL will regularly liaise with the DSL at that base to ensure information is shared in the child's best interests. This includes contextual safeguarding information about relationships that young people form in their neighbourhoods,

schools and online to enable assessment and intervention to happen within these extra-familial contexts.

- keeps clear and comprehensive written records of all pupil safeguarding and child protection concerns using a standard recording form, with a body map, including how the concern was followed up and resolved as well as a note of any action taken, decisions reached and the outcome.
- ensures all pupil safeguarding and child protection records are kept securely in a locked location.
- ensures the records incorporate the wishes and views of the pupil.

The D/DSL acts in accordance with Information Sharing – Department for Education (DfE) (2018) and in line with the Wiltshire Council Record Keeping Guidance which includes details about file retention. Information about pupils at risk of harm is shared with members of staff in keeping with the seven golden rules to sharing information in the DfE guidance.

We are committed to work in partnership with parents and carers. In most situations, we will discuss initial concerns with them. However, the D/DSL will not share information where there are concerns that if so doing would:

- place a child at increased risk of significant harm
- place an adult at increased risk of serious harm
- prejudice the prevention, detection or prosecution of a serious crime
- lead to unjustified delay in making enquiries about allegations of significant harm to a child, or serious harm to an adult.

When we become aware that a child is being privately fostered, we remind the carer/parent of their legal duty to notify Wiltshire Children's Social Care. We follow this up by contacting Children's Social Care directly.

Visitors

All visitors must sign in/out using the sign in folder, and are provided with key safeguarding information including the contact details of safeguarding personnel in setting.

Scheduled visitors in a professional role (eg fire officer, Police, NSPCC Staff) are asked to provide evidence of their role and employment details (usually an identity badge) upon arrival at the setting.. Careful consideration is given to the suitability of any external organisations. The setting completes an assessment of the education value, the age appropriateness of what is going to be delivered by the scheduled visitor prior to booking a visit.

If the visit is unscheduled and the visitor is unknown to the school, we will contact the relevant organisation to verify the individual's identity, if necessary.

Site safety

Risk assessments are undertaken and maintained in accordance with the health and safety policy.

Off site visits

We carry out risk assessments prior to any off-site visit and designate the specific roles and responsibilities of each adult, whether employed or volunteers.

We will check with off-site providers that their staff are DBS checked if applicable.

Where there are safeguarding concerns or allegations that happen offsite, staff will follow the procedures described above and in the SVPP flow charts as appropriate.

Mandatory procedures – Supporting children

A culture of listening to children

We have a whole setting approach to listening to children and have systems in place which create an environment where children feel safe to share their concerns and worries and know they will be taken seriously. These systems operate with the best interests of the child at their heart.

Children can safely express their views and give feedback.

Curriculum – teaching about safeguarding

Our pupils access a broad and balanced curriculum (age and stage of development appropriate) that promotes their spiritual, moral, cultural, mental and physical development, and prepares them for the opportunities, responsibilities and experiences of life.

We provide opportunities for children to develop skills, concepts, attitudes and knowledge that promote their safety and well-being. These objectives are:

- Developing child self-esteem and communication skills
- Developing strategies for stranger danger
- Developing a sense of the boundaries between appropriate and inappropriate behaviour in adults and within peer relationships (positive relationships and consent)

Examples of topics:

- Kind behaviour towards others
- Golden rules
- Stranger danger
- confidence and self-esteem

Remote learning

If the setting is required to change the way provision to children is offered due to exceptional circumstances eg during a pandemic lockdown, self-isolation, staff responsibilities to remain alert to the signs and risks of abuse to children will continue to apply. In such circumstances:

The DSL will:

- work closely with social care and partner agencies to support children in these circumstances and to identify children who may be at risk for the first time and/or benefit from additional support
- use specific local and national guidance about safeguarding in such circumstances to inform practice eg UK Safer internet centre guidance, DfE safeguarding and remote education and will ensure staff, children, and families are provided with written:
 - amended DSL arrangements as required (names, location and contact details)
 - temporary changes to procedures for working with children eg online.
 - amended procedures for reporting concerns
 - safeguarding training arrangements
 - timescales for such changes so that all children, families and staff understand when such arrangements will end, and arrangements revert to those in place prior to the events leading to the need for the temporary changes.

We will ensure the curriculum we offer during such circumstances, continues to promote learners' spiritual, moral, cultural, mental and physical development.

Early help

At Puddleducks, all our staff can identify children who may benefit from early help as a problem emerges, and discuss this with the D/DSL.

The D/DSL uses:

- the Digital Assessment and Referral Tool as appropriate as part of a holistic assessment of the child's needs.
- the Multi-Agency Thresholds Guidance for Safeguarding Children on the SVPP website about suitable action to take when a pupil has been identified as making inadequate progress or having an unmet need.
- Liaises with Wiltshire SEND service
- Various resources to identify and respond to harmful sexual behaviour

Children with Special Education Needs and Disabilities (SEND) or physical health issues

Pupils with additional needs or certain health conditions face an increased risk of abuse and neglect. Staff take extra care to interpret correctly apparent signs of abuse or neglect. We never assume that behaviour, mood or injury relates to the pupil's additional needs without further exploration. Staff understand that additional challenges can exist when recognising abuse and neglect in pupils with SEND, including communication barriers. Staff recognise that children with SEND are also at a higher risk of peer group isolation and can be disproportionately affected by bullying (including prejudiced-based bullying).

To address those additional challenges, extra pastoral support is considered for children with SEND or physical health issues and they are also encouraged to discuss their concerns. The D/DSL works with the Special Educational Needs Co-ordinator (SENCo) to identify pupils with additional communication needs and whenever possible, these pupils are given the chance to express themselves to a member of staff with appropriate communication skills.

The use of 'reasonable force'.

There are circumstances when it is appropriate for staff to use reasonable force to safeguard children. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. 'Reasonable' in these circumstances means 'using no more force than is needed'.

Mandatory procedures – Specific forms of abuse and safeguarding issues

Child-on-child abuse

All children have a right to attend our setting and learn in a safe environment. All child-on-child abuse is unacceptable and will be taken seriously.

In addition, we have a zero-tolerance approach and will respond to all reports and concerns of child-on-child sexual violence and sexual harassment, including those that have happened outside of the setting, and/or online.

Staff recognise that while both boys and girls can abuse their peers, it is more likely that girls will be victims and boys instigators of such abuse. Children who are LGBTQ+ may be targeted by other children. Child-on-child abuse is not tolerated, passed off as "banter" or seen as "part of growing up". The different forms of child-on-child abuse is likely to include, but not limited to:

- bullying (including cyber bullying, prejudice-based and discriminatory bullying)
- abuse in intimate personal relationships between peers

- physical abuse which can include hitting, kicking, shaking, biting, hair pulling or otherwise causing physical harm
- 'upskirting' or any picture taken under a person's clothing without their permission or them knowing to obtain sexual gratification or cause humiliation, distress or alarm.
- causing someone to engage in sexual activity without consent
- initiation/hazing type violence and rituals.
- consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as sexting)
- sexual violence and sexual harassment between children, as defined by Sexual offences act 2003 which considers rape, assault by penetration and sexual assault, all types of sexual violence. Sexual violence and sexual harassment can be between two children, or a group of children and can occur online and offline.

Consequently, child on child abuse is dealt with as a safeguarding issue, recorded as such and not managed through the systems set out in the school behaviour policy.

Any pupil who may have been victimised and/or displayed such harmful behaviours, along with any other child affected by child on child abuse, will be supported through the school's pastoral system and the support will be regularly monitored and reviewed.

We will address inappropriate behaviour (even if it appears to be relatively innocuous) as this can be an important intervention that may help prevent problematic, abusive and/or violent behaviour in the future.

We acknowledge that even if there are no reported cases of child on child abuse, such abuse may still be taking place and is simply not being reported. Staff maintain an attitude of 'it could happen here' where safeguarding is concerned.

We minimise the risk of child on child abuse by providing:

- a relevant, effective curriculum, that helps children to develop their understanding of acceptable behaviours, healthy relationships and keeping themselves safe.
- established/publicised systems for pupils to raise concerns with staff, knowing they will be listened to, supported and valued, and that the issues they raise will be taken seriously
- training to all staff so they understand that child on child abuse can and does happen and are trained to be alert to any behaviours that could cause concern
- a clear procedure for all staff to report all incidents as a safeguarding concern to the school D/DSL.

The DSL will follow local and national guidance when there has been a report of sexual violence and harassment between children. This will include liaising with other professionals to develop robust risk assessments and multi-agency safety planning with appropriate specialist targeted work for pupils who are identified as posing a potential risk to other children. This is done using a Contextual Safeguarding approach to ensure assessments consider risks posed by any wider environmental factors present in a child's life.

The NSPCC has a dedicated helpline 0800 136 663 to provide children who are victims of sexual abuse in schools with appropriate support and advice. The helpline also provides support to parents and professionals.

Child-on-child sexual violence and sexual harassment

The DSL will follow local and national guidance when there has been a report of sexual violence and harassment between children. This will include liaising with other professionals to develop robust risk and needs assessments and multi-agency safety planning with appropriate specialist targeted work for pupils who are identified as posing a potential risk to other children. This is done using a Contextual Safeguarding approach to ensure assessments consider risks posed by any wider environmental factors present in a child's life. The DSL will record specifically the time and location of the incident, and any action required to make the location safer.

The NSPCC has a dedicated helpline 0800 136 663 to provide children who are victims of sexual abuse in schools with appropriate support and advice. The helpline also provides support to parents and professionals.

Serious violence

We are committed to success in learning for all our pupils as one of the most powerful indicators in the prevention of youth crime.

Our curriculum includes teaching conflict resolution skills and understanding risky situations to help our children develop the social and emotional skills they need to thrive.

Staff are trained to recognise both the early warning signs of contextual risks and that pupils may be vulnerable to exploitation and getting involved in gangs as well as indicators that a pupil is involved in serious violent crime. They are also aware of the associated risks and know the measures put in place to minimise such risks.

Missing children and children missing education

Staff report immediately to the D/DSL, if they know of any child who may be:

- Missing – whereabouts unknown

The DSL shares any unauthorised/unexplained absence of children who have an allocated social worker within 24hrs.

Children who do not attend the setting regularly can be at increased risk of abuse and neglect. Where there is unauthorised/unexplained absence, and

- after reasonable attempts have been made to contact the family, the DSL follows the SVPP procedure and refers to the MASH team as appropriate.

Mental health

All staff are aware that mental health problems can be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Staff understand that:

- abuse and neglect, or other potentially traumatic adverse childhood experiences can have a lasting impact throughout childhood, adolescence and into adulthood. Staff are aware of how
- these experiences can impact on children's mental health, behaviour and education.
- they have a duty to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

If staff have a mental health concern about a child that is also a safeguarding concern, they will report this concern using the agreed reporting mechanisms.

Domestic abuse

Staff understand that domestic abuse is any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass but is not limited to: psychological; physical; sexual; financial; and emotional harm.

The DSL liaises with partner agencies as part of 'Encompass' in Wiltshire. When police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the DSL ensures the organisation receives up to date relevant information about the child's circumstances and will ensure key staff provide emotional and practical support to the child according to their needs.

Preventing radicalisation

Protecting children from the risk of radicalisation is seen as part of wider safeguarding duties, and is similar in nature to protecting pupils from other forms of harm and abuse.

Staff use their judgement in identifying pupils who might be at risk of radicalisation and speak to the D/DSL if they are concerned about a pupil. The D/DSL will always act proportionately and this may include making a referral to the Channel programme or to the MASH.

Female Genital Mutilation (FGM)

FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences. Staff will inform the D/DSL immediately if they suspect a girl is at risk of FGM. We will report to the police any 'known' cases of FGM to the police as required by law.

Staff Training

Induction

The welfare of all our children is of paramount importance. All staff including Trustees and regular volunteers are informed of our safeguarding policy & procedures including online safety, at induction.

Our induction also includes:

- Plan of support for individuals appropriate to the role for which they have been hired
- Confirmation of the conduct expected of staff within the school – our Staff Behaviour Policy
- Opportunities for a new member of staff to discuss any issues or concerns about their role or responsibilities
- Confirmation of the line management/mentor process whereby any general concerns or issues about the person's ability or suitability will be addressed.

Safeguarding training

This training is for all staff and is updated every 3 years as a minimum to ensure staff understand their role in safeguarding. Any member of staff not present at this whole school session will receive this statutory training requirement on their return.

In addition, all staff members receive safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as necessary and at least annually. All staff also receive training in online safety and this is updated as necessary

Advanced training

The D/DSL has additional multi agency training which is updated every two years as a minimum. The D/DSL also attend multi-agency courses relevant to school needs. Their knowledge and skills are refreshed at least annually eg via e-bulletins or safeguarding networking events with other D/DSLs. The D/DSL attend a Wiltshire MASH tour.

Safer Recruitment

At least one person on any appointment panel has undertaken Safer Recruitment Training. This training is updated every three years as a minimum.

Designated Teacher for Looked After Children

The designated teacher for looked after children has attended training specific to the role.

Preventing Radicalisation

Key staff undertake Prevent awareness training.

Staff support

Due to the demanding, often distressing nature of child protection work, we support staff by providing an opportunity to talk through the challenges of this aspect of their role with a senior leader and to seek further support as appropriate.

Trustees

As well as the Trust's safeguarding induction programme, all Trustees receive appropriate safeguarding and child protection (including online) training at induction. Safeguarding training is updated annually. Trustees must attend whole school safeguarding and child protection training. The Trust Safeguarding Lead also provides regular Training opportunities to the Trustees.

Allegations and concerns against adults in education settings – September 2022 (including schools, early years and alternative provision settings)

Staff should self-refer to their line manager or Designated Safeguarding Lead where they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.

If you become aware that a member of staff/volunteer/supply/contractor or bank staff MAY have:

- behaved in a way that has harmed a child, or may have harmed a child and/or
- possibly committed a criminal offence against or related to a child, and/or
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children, and/or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children

If you have any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and
- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the DOFA.

Examples of such behaviour could include, but are not limited to:

- Being over friendly with children
- Having favourites
- Taking photographs of children on their mobile phone, contrary to school policy
- Engaging with a child on a one-to-one basis in a scheduled area or behind a closed door; or,
- Humiliating pupils

Where a child also discloses abuse or neglect by a member of staff/volunteer/supply/contractor or bank staff:

- Listen; take their allegation seriously; reassure that you will take action to keep them safe
- Inform them what you are going to do next
- Do not promise confidentiality
- Do not question further or approach/inform the person/alleged abuser

Report immediately to the person in charge: **Beverley Smith (Manager)**

Eg headteacher, principal, manager

Any concern or allegation against the person in charge will be reported to: **Nicola Gilbert – Executive Head – King Alfred Trust** head@pewsey.wilts.sch.uk

Eg chair of governor, owner, chair of committee, nominated trustee

Unless there is clear evidence to prove that the allegation is incorrect, the person in charge will decide on the nature of the allegation/concern:

Allegations that may meet the harm threshold

If the behaviour towards the child may have met the harm threshold (KCSiE 2022, p.85) report the allegation within one working day to the Designated Officer for Allegations (DOFA)

- Contact the Multi-Agency Safeguarding Hub (MASH): **0300 456 0108** and select Option 3 then Option 4 or email dofaservice@wiltshire.gov.uk
- Out of Hours Emergency Duty Service: **0300 456 0100** (5pm to 9am weekdays, 4pm Friday to 9am Monday)

Allegations/concerns that do not meet the harm threshold (low-level concerns)

Refer to the allegation/concerns that do not meet the harm threshold, or 'low level' concerns addendum flowchart (below).

Allegation/concerns guidance for persons in charge – September 2022

Allegations that may meet the harm threshold

KCSIE 2022 Part 4 Section 1

The DOfA will:

1. Consider the relevant facts and concerns regarding the adult and child or children, including any previous history
2. Decide on next course of action - usually straight away, sometimes after further consultation with other multi-agency parties such as the Police and HR.

If the allegation threshold is met:

- A strategy meeting will normally be held.
- Usually, a senior manager/safeguarding lead, the DOfA, HR, Police and social care are invited to attend.
- Relevant information is shared, risks to children are considered and appropriate action agreed eg child protection and other enquiries, disciplinary measures or criminal proceedings.
- A record of the meeting will be made, and regular reviews will take place until a conclusion is reached.

If the allegation threshold is NOT met:

The DOfA will agree an appropriate response, eg for the setting to undertake further enquiries or an internal investigation.

Refer to the low-level concerns procedures on the right-hand-side.

Allegations/concerns that do NOT meet the harm threshold ('low level' concerns)

KCSIE 2022 Part 4 Section 2

The person in charge will take the following actions:

- Reports about supply staff and contractors will be notified to their employers.
- Collect information to help them categorise the type of behaviour and determine what further action may need to be taken.
- If the concern has been raised via a third party, the person in charge (or a nominated deputy) should collect as much evidence as possible by speaking:
 - directly to the person who raised the concern, unless it has been raised anonymously, and
 - to the individual involved and any witnesses.
- All low-level concerns will be recorded in writing and will include details of the concern, the context in which the concern arose along with the rationale for decisions and action taken.
- Records will be kept confidential and held securely; it is recommended that it is retained at least until the individual leaves their employment.
- Records will be reviewed so that potential patterns of concerning, problematic or inappropriate behaviour can be identified.
- Where a pattern of such behaviour is identified, the school or college should decide on a course of action, either through its disciplinary procedures or where a pattern of behaviour moves from a low-level concern to meeting the harm threshold, in which case it should be referred to the DOfA (as per Part 4, Section 1).
- Consideration should also be given to whether there are wider cultural issues within the school or college that enabled the behaviour to occur and where appropriate policies could be revised, or extra training delivered to minimise the risk of it happening again.
- The person in charge will seek advice from HR adviser and/or DOFA consultation as appropriate.
