This Month's Program

Our speaker for the Wednesday April 10, 2019 will be Arron Garcia.

One Speaker Not to Be Missed! Our speaker for the Wednesday, April 10th is not only an experienced fisherman and well known throughout the fishing industry, but he has also been a member of this club in the past. He was most gracious in accepting our invitation to speak and we truly appreciate his time. Welcome back to Turners Rod and Reel Club Aaron Garcia!

I was born and raised in the San Gabriel Valley of Southern California. In the mid-80s, my father and grandfather would take me fishing to Lake Silverwood, Big Bear Lake, and Puddingstone Lake. Then as a teenager, my future father in law, Don Stratton, would expose me to saltwater fishing and the Eastern Sierras as he was an avid sportsman and a longtime member of this club. He is a big reason that I chose my career path. In 1999, I entered into the industry as a manager trainee with Big 5 Sporting Goods. The following year, I became a store manager and also began managing the booth at Fred Hall for them. I managed stores in Whittier, Pico Rivera, La Habra, West Covina, and finished my time with them in Victorville.

Victorville at that time was a top 5 store for the chain of over 400 locations. Then in 2010, I changed my career path with a move to Big Rock Sports as a territory sales manager. Big Rock is a National distributor of outdoor sporting goods based out of Raleigh, North Carolina. In this role, I was able to really understand the outdoor sports industry and develop relationships with key accounts in Southern CA and AZ. I also started developing relationships with local factories. One of those was Okuma Fishing Tackle. In 2016, I found a home with Jeff Robles and his team at JRA. JRA is a

A lot of my customers are local to this club like Sav-On, Richard's, Johnny's Sport Shop, Bob Sands, and Fish N Fools. I am now more hands on with trends and new product for the factories I represent. One of the biggest projects I was involved with was the development of Okuma's PCH rod line up. At your meeting I will be walking you through this rod line and even giving you the first look at our new PCH Rail Rods. During my career I have also stayed active with the California Department of Fish and Wildlife as a volunteer. I work with the fisheries biologist in region 6. This covers DVL, Big Bear, Perris, Silverwood and more. My pride and joy is my 11-year-old daughter, Isabella Nichole. She loves acting, playing softball, and loves music. Isabella, my wife Jennifer, and I like to spend our spare time fishing the Colorado River, Eastern Sierras, overnight charters to the Channel Islands, and we always like to explore new places when possible.

April 2019 President's Message

I missed this month fresh water trip. I hope members went and had a good time. The rain and weather are filling up the local lakes. Here's to having a full season of fresh and saltwater fishing. I have been contacted by Tucker McCombs who now owns/runs the Endeavor out of Oxnard. He's asking if we would be interested in a trip on the endeavor in October. The boat holds 24. If I get enough interest, I will contact him and ask for an exact date and price. Let me know if you are interested.

I know some people wait until the season starts to see how the fishing is before they book trips. Some of our trips are already full and others are filling fast. Support your club! Come fishing with us. Invite others to come to a meeting and to come fishing with us.

The rod for Friends of Rollo has been ordered from Tiffany Bacon. She will have it in the next month or so. I will feature a picture of it in the June newsletter or as soon as I get it. Denise Davis, Laura Jones Jose L Dominguez and Sam Zanrosso presented our check to Friends of Rollo at Fred Hall Long Beach. I am proud to say our continued support of the organization was strong this year and I look forward to our continued support of this fine organization.

This month we will feature an Okuma rod and Okuma savage gear as part of our prize package. Fred Hall Del Mar had the Makiras on sale and offered a fill the box for \$60.00 show special, something Fred Hall Long Beach did not offer. I was able to pick up most of the rods for the banquet and picked up travel rods, an Avet Reel or two and nine total Rods with the vouchers. I'm going to pick up a few more reels before December! Remember, you must be a member to participate in the raffle!

Our first club sponsored saltwater trip next week! I'm looking for 3 anglers to help fill out our first trip! The other trips are filling out nicely with a few on standbys already. Time to go fishing. Get a friend and get on board. Early reports indicate the fishing will be great this year. Western Outdoor News (WON) is showing large reds and lings being caught and the first White Sea bass has already been taken. Step up and fish!

Our trips are open and beginning to fill up **FAST**. The June Dawn, Sea Jay and Betty O are full but I will take STANDBYS, while the Pacific Dawn April Trip and Fury July Trip have a few spots left. Time to sign up! So, get your money in so you can be aboard when the fish start biting. The trips are being purchased daily but as of my writing this, the information is correct. Our trips this year are:

- 1. Sunday April 14, 2019 Pacific Dawn, Pacific 3 spots open 1500 Anchors Way Drive Ventura, CA 93001, 805-676-3474. The boat usually loads about 7-8pm. You take your gear down and get a bunk. The boat departs about**

Thanks for your consideration and cooperation.)

Lake Castic By Karl Penson

I love it when the reel screams

The last time we fished Castic we wore that stripe home. This is a new year, so it was back to seek our revenge! The plan was to troll for Mr Stripie. I had all of the usual tools. U-rigs, LC some top water toys that we are not likely to need bait and wait, vintage deans. I left the swim bait stuff because you can't bring it all!

Joe met me at 5:45. we loaded up headed out. Around Magic mountain things went sideways as in slow motion. It was stop and crawl for a go 30 min. I head from Ron, was at the lake. We stopped at the usual spot and they had all of the exotic bait. Joe invested in some lug worms. We stopped on the hill at the lake to check for water after that it on to the hunt. We launched the boat and hung that first right. Next problem, there is no map on the FF. It's kind of hard to do the u-rig thing W/O a contour map. We managed to only hang it up on the bottom once and got it all back. The problem was we were not getting bit. There were some catch able marks but no love. Joe was dragging two lines for nadda. We headed to the ski arm trying to hit all the humps. Finally, bingo I draw first blood. A smallie. I had not caught any in years. The skunk smell is off the boat. There were about half a dozen boat anchored in the mouth of the dam area. One boat was hanging some fish so we anchored for the bait and wait. After about 20 min we moved the boat, after another 15 or so we left. We can catch fish on the troll in a few areas near the dam, so we hit them. Then it happened Joe hooked up, he was fishing the way back.

Miss Pinkies brother did the trick. It was a decent striper over 2lbs. I told him if he did that again, we were going to have to change up everything. Yep, next he landed a smallie and it was bigger than mine!

I pulled the u-rig and put out Mis pinky. Joe caught another striper! This one was closer to the boat. Now he offered me any lure in his box. I went for the purple. I ran it on the short line. We did another lap and Joe caught another striper. Now he had stopped the last four fish! That's it, I told Joe that we were going the wrong way and we had to turn the boat around. He was on the inside and was getting all the hits. He said you can move one of you rods to his side of the boat. No, we started trolling clockwise. We made it thru one loop and then there was the scream! Finally, I get my first striper she went 3lbs 7oz and she was the biggest one on the boat. We make another loop and then a quick bat turn and more screaming. A little bigger fish for me 3lbs 8 oz. W fished a little more but the clock was running down so we took some for the thurny. That is when I noticed that the phone had not sent the first pic. We made the run back to the launch to check if anyone was there for weigh in and get some more bars on the phone. We just packed it in and went home. It was cold and dark all day. That might be why the u-rig did not produce. I was running light baits on it. All the stripers were caught on the purple baits. Mis Pinky was shut out! We also got caught in a bunch of stop and crawl on the way home as well but no stripe for us today!
