

We at OOOWWWEEE Wangz N Catfish are deeply disturbed by the horrendous events that have taken place over the last few weeks related to the violence and injustice toward the Black community including George Floyd, Breonna Taylor, Ahmaud Arbery, and countless others. This has been an awakening for some, but a reality that others are living every day. Our hearts and sympathies go out to families that have lost loved ones due to racially motivated violence. We stand with you in saying enough is enough and Black Lives Matter.

We support the Black community and are against racial injustice, discrimination and police brutality, especially towards people of color.

We'll continue to be a positive voice and a catalyst for change in our community. We wish liberty and justice for all!

Thank you,

Matthew and Marsha Thompson
