

The Auction has Closed!

Your auction has now closed out and the emails have been sent out to our winning buyers. We will be onsite as scheduled to handle the loadout. We typically try to arrive early to prep for the process. Day 1 at buyer pickup is always organized chaos. We strive to keep the organized in the process. When done, we will secure the property and be in touch about final wrap up, what was left behind (ie No Pays, No Sales), etc... In a couple weeks we will have our full Seller settlement statements out in the mail to you along with your proceeds check.

Your auction is archived at: www.midwest.auction/pastauctions

IF in the meantime you need anything else, please do not hesitate to call or email.

Best Wishes,
