Extremely FABULOUS is the only way to describe WonderCon 2016. The 3-day extravaganza was held at the Los Angeles Convention Center in downtown LA — this is the first time the team behind Comic-Con International San Diego and WonderCon held a show in Los Angeles. Attendees got an eye full with the greatest and most amazing in comics, pop culture, movies, TV, animation, games, the Masquerade, workshops, the Comics and Arts Conference, fan culture panels, the

Comic Creator Connection, and more. Tons of celebrities were on hand as well as super heroes, villains and monsters. ■
