DESCRIPTION: This is a rare and unique bow. Buddy Watson was a famous bowyer in the 1960's who designed custom models and also served as Indian Archery's chief bowyer. He made special models for Sears "Ted Williams for Active Americans line". This bow has brown face limbs and dark red back limbs. Bow has no delamination; no cracks; limbs are straight. 5-layer tip overlays. Walnut overlays on both the face and the back of the riser. Overlays and tips are in great condition. No drilled holes; No chips or cracks.; one small "dimple" on the upper back limb (see left picture on p 4). No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in fair condition. Some discoloration (sun bleaching?) of the limbs, mostly the brown ones. While this is a relatively heavy poundage bow (60#), I found it to be very smooth and accurate.
