CLERGY COLUMN

On December 8 of 1991, Father Otty Ossa Aristizábal was celebrating Mass in the chapel of the Shrine of Betania in Cúa and during the consecration, saw the Host bleeding. The miraculous Host is preserved in the city of Los Teques, at the convent of the Augustinian Recollects Nuns of the Sacred Heart of Jesus, where It is permanently exposed for the adoration of the faithful and It is visited every year by numerous pilgrims coming also from abroad. Many prodigious events have taken place, connected to the Host of the Miracle, among the one which stands out that occurred to a young American who filmed the miraculous Host pulsating like a heart, while It was exposed to the faithful.

This Eucharistic Miracle occurred during the midnight Mass of December 8, 1991, at the Marian Shrine of Finca Betania in Cúa, Venezuela. Father Otty, Chaplain of the Shrine, thus describes the event: **“After having consumed one of the pieces of the large Host which I had divided into 4 parts, I returned them to the paten. A little later I looked down towards the paten and I could not believe what I saw: one of the pieces of the Host that I divided was showing a red spot and from It a red substance began to emanate, similar to the manner in which blood escapes from a wound.**

After Mass, I took the Host and preserved It safely in the sacristy of the Shrine. The next day, at 6 in the morning, I went to see the Host and verified that some blood continued to flow that a little later began to dry. However, still today, the blood appears as fresh. The strange thing is that the blood flowed only from one side of the **Particle, nevertheless, without staining the remainder of the Eucharistic species”.**

During the Mass there were numerous pilgrims who immediately verified that the priest did not have wounds from which the blood present in the Host could have flowed. Besides, from the analyses, the result concluded that the blood of the priest did not match the one of the Particle. The Host of the Miracle was subjected to some special studies, requested by the then Bishop of Los Teques, H. E. Most Reverend Pio Bello Ricardo, and the results confirmed that the blood was human blood of type AB positive which matches the one found in the cloth of the Shroud of Turin and in the Host of the Eucharistic Miracle of Lanciano, that occurred in Italy in 750 AD and was analyzed by 500 commissions of the World Health Organization.

A young faithful from New Jersey, Daniel J. Sanford, having gone on a pilgrimage to the Convent of the Augustinians to see the bleeding Host, was able to film another miraculous episode. Here is the story: **“On the 12th of November of 1998 I went on pilgrimage to Betania with a prayer group and they took us to see the miraculous Host of Betania in the Chapel of the Augustinian Sisters of Los Teques. Our spiritual director, Father Mazzarella, celebrated the Mass. After the celebration ended he opened the door of the Tabernacle which contained the Host of the Miracle. With great astonishment I saw that the Host was as if in flames, and there was a Pulsating Heart that was bleeding in Its center. I saw this for about 30 seconds or so, then the Host returned to normal. I was able to film a part of this miracle with my video camera...”.**

The new Tabernacle is located in the chapel of Perpetual Adoration at convent of the Augustinians Recollects of the Sacred Heart of Jesus in Los Teques, where the relics of the Eucharistic Miracle of Betania have been transferred.

Anyone wishing to have a MASS offered for a loved one, living or deceased, you may leave name and the customary donation of \$10.00 in the offering basket in an envelope.

St. Michael, the Archangel, defend us in battle.

Be our safeguard against the wickedness and snares of the devil.

May God rebuke him, we humbly pray; and do you,

O Prince of the heavenly host, by the power of God cast into hell Satan and all the evil spirits who wander through the world seeking the ruin of souls.

Amen.
