HEAVENLY ZION PATTERN

Reflections of Earthly Jerusalem

'Seek Him that makes the 7 Stars [Pleiades] and Orion, and turned the Shadow of Death into the Morning, and makes the Day dark with Night: that calleth for the Waters of the Sea and pours them out upon the Face of the Earth: YHVH is his Name'. -Amos 5:8

The purpose of this study is to illustrate that the Orion Constellation appears to Approximate the positioning of the Gates of Old Jerusalem. This Theory is not new but there has not been any study that has actually attempted to match-up such a Correspondence, given the Current Technology that is available today with GPS. This study will suggest that the Earthly Zion, the City of the King, is laid-out in Astronomical and Mathematical Precision, Mirroring the Heavenly Constellation of Orion. According to the work of EW Bullinger, Orion is the type of the Prince, the Messiah that came and is to come. If this is the case then it is no Accident where the Gates are placed or where certain Buildings or 'Domes' are erected within the Ancient Walls of Old Jerusalem.

The Correlation of the Stars of Orion and the Gates of Old Jerusalem are taking into consideration the Curvature of the Earth and Slight Angular Adjustment to reflect the approximate proportion using Google Earth Software. These illustrations are based on the Premise, that upon considering the Orion Ley-Lines over Jerusalem, it appears that the Focal Point of the Dome of the Spirits, might very well be the actual Spot that corresponds to the Holy of Holies. Furthermore, the City Tower Building, corresponds to the Silver Gate that is above the Outstretched Arm of Orion, that is at the Intersection of the Galactic Plain and the Ecliptic. Thus this study also strongly suggests that the Dome of the Spirits is where the 1st and 2nd Temples stood and the 3rd will also, if the Orion Configuration is indeed the Blueprint of the Celestial Zion on Earth.

It is thus, from this Point of Reference, that Orion can be ascribed to also be a 'Prophetic Celestial Clock' of Time. It is based on Intervals of the Distances to the Alignments of the Gates with the Orion Ley-Lines and Angles. From the Dome of the Spirits, several Coordinates are made to the respective Gates with some Amazing Distance Numerical Values, that are seen in the Bible and in Mathematics. It is self-evident that those that have been in Power and have Ruled over Jerusalem have Outlined the City's Grid, based on this Sacred Geometry and Astronomical Association with Orion and the Great Pyramid of Giza, for that matter. Many Ancient Cities and Places of Sacred Worship, around the world, also Mirror the Orion Constellations. What makes Jerusalem unique is that according to the Bible, the Creator placed His Name and Presence in the Temples given over to the Nation of Israel. The Jews were to have been a Light to the Nations. The Temple was a Facsimile of the true one in Heaven.

Mighty Hunter

According to the Mazzaroth, Orion is the 'Hunter', the 'Coming Prince' that takes on the 'Wrath' and Judgment of Taurus, head-on, as the Great 'Matador' of the Heavens. He is the Messiah promised of YHVH to Eve in the Garden of Eden. It was, is and will be Jesus Christ, the Great Shepherd who took the Piercing through Taurus's Horn. Jesus was the Victim, the Sacrifice for the Sin of Humanity on the Cross of Calvary.

Subsequently, this Promise of the Messiah, the 'Orion', or the Anointed One was reiterated through various Affirmations called Covenants with certain People, i.e., Abraham, Isaac and Jacob whose descendant became the Nation of Israel, in general.

Conversely, the Corruption of the Zodiac and the Power of the Opposite's Principle has Orion also as the Archetype, that is, the AntiChrist of the very same Christ that came and is to come, Jesus. Many venerate the Antithesis of the Orion Constellation as being the AntiChrist that such people are also waiting for. Thus, to the occult and Luciferians Orion is Lucifer, Nimrod, Prometheus, Mercury, etc. They believe Lucifer is the real 'Anointed One', the 'Christ'. Why? Because the Bible does ascribe and declare Lucifer as having been the Anointed Cherub in Ezekiel 28:14. But only as far as the technicality of the word 'Anointed' means 'To Be Chosen'. The Bible does declare that Lucifer was once 'Chosen' but fell like Lightning, due to his Sin of Pride. He is currently waging a Celestial Battle, not only for the Heavenly Jerusalem but the Earthly one as well.

Nonetheless, the Bible declares that the Creator of the Universe YHVH formed the Heavens and the Earth, Orion and the Pleiades for that matter; all that is Seen and Unseen. The Constellations, from Earth's Perspective, resonate with the Creator's Geometry and Mathematics with principles like Pi, Phi and Symmetry. The Apostle Paul, in Romans, even describes the Mazzaroth as the 'Silent Witness' of YHVH's Gospel of the Redemptive Plan for a fallen Humanity through the Messiah, Jesus Christ.

Thus, this Orion Star-to-Gates Theory and Numerical Associations are directly relevant when compared to the locations of Old Jerusalem's Gates. Interestingly, Orion is where the Silver Gate is situated in the Cosmos. The Silver Gate has its Complementary 'Star Gate'. The Golden Gate in Ophiuchus is also thought to be where the other 'Star-Gate' to Heaven is situated. It is whereby the Souls of Mortals can Enter and Angelic Being can Exit through. This is why Earthly Jerusalem is a place of such Contention and Strife. He who Controls Jerusalem, Controls the 'Gate to Heaven' if you will.

It is astonishing, that the Ancient Peoples of Earth's earliest Civilizations knew exactly the Dimensions of the Constellations and their Motifs. They were ascribed Heavenly Gates or Sta-Gates, etc. Even the Nebulas, as in the case of the Orion Nebula, are Spectacular. The Orion Constellation has 2 of the most Amazing Nebulas in the known Universe. They are the Orion Nebula and the Norse Head Cloud. Many actually allude to this 'Head' as being that of a 'Serpent' or Dragon. The Orion Constellation has these 2 Features, a Serpent Cloud and a Conical Pyramid within the Orion Nebula itself. Thus, what the Accompanying Charts will attempt to illustrate is that these entire Celestial Features, along with the major Orion Star Configurations are found incorporated in the Dimensions and Angles of Jerusalem's Gates and Grid, in the Earthly 'Zion'.

Dimensions of Zion

Thus, the Old City of Jerusalem, has the Orion Outline that this study will bring out in the illustrations using Satellite and GPS Coordinates. The Amos 5:8 Verse states that Orion is mentioned along with the 7 Stars. Thus, Orion, as the Male, has the connotation of its relationship to the Pleiades, the Females Orion is Rescuing from the Clutches of Taurus. It is profound in that the Church can thus be directly associated with Orion. This Correlation would make the Earthly Jerusalem the Confines of the Assembly of the King, in so much as it is in Heaven or in Orion that the Bride will be brought to.

The Bible declares that presently, the Risen Jesus Christ, the 'Orion' of the Church is Ministering within the 7-Stars of the 'Pleiades' Assembly or Dimension as it were. Jesus is Evaluating and Tending to the Spiritual Conditions of the 7 Churches. YHVH's 7-Fold Spirit proceeds out of the Throne within the Assembly. Jesus is the one upholding the Church's Testimony as a Menorah and as the 7 Stars upheld in His Right Hand.

This overall Depiction would collaborate with the Notion that the 'Throne' of the King is in the midst of the Congregation of the Judge. Thus, based on this Orion Pattern, the Circumference of the 7 Stars of Orion would have the Holy of Holies (Dome of the Spirits) at the Orion Star of Mintaka. Or at the midst of the 'Arch' that spans from the Stars of Betelgeuse to Saiph. This in turn replicates the Rainbow 'Arch' that Encompasses the very Throne of YHVH, as depicted in various Visions of how People have seen the very Throne of YHVH as described in Ezekiel and Revelation.

The following Numerical Distance Calculations are taken from the Dome of the Spirits. One used GPS to determine the Distances to various Locations in the Old City. These Prominent Locations are the Sacred Sites measured from the Dome of the Spirits as the 'Center-Point'. The Numbers are rounded-off to the nearest Number and they are Suggestive. Astonishingly, from this Dome of the Spirits Reference Point, of where this study suggests the Holy of Holies stood, many of the Numerical Values are consistent with Sacred Number Patterns seen in the Bible. All Distances are Map Length unless otherwise noted as Ground Length.

Orion Constellation Clock

One Assertion that this study suggests, is that Orion, when Laid-Out and Superimposed over Old Jerusalem, can be seen as a Clock with Orion's Arms as the Short and Long Hands, Metaphorically. The Northern Direction serves as the 12 O'clock Station. The Galactic Equator bisects just West of the Place of the Holy of Holies; at the tip of Orion's Bow is at the 72nd Degree Angle. The Jaffa Gate at ~8PM, corresponds to the Orion Star Betelgeuse which correlates to the Citadel of David at 9PM.

This Street leads to the Arch of Wilson, adjacent to the Western Wall. The Damascus Gate is at the 10PM Station and corresponds to the Angle of the Tomb of Zechariah in the Kidron Valley. The Golden Gate is at the 3pm Station that is aligned with Rigel. The Arrow of Orion, precisely Bisects the Place that this study strongly suggests, is the actual Place of Mount Calvary. It is where the Cross was placed and Christ was Pierced through with an 'Arrow' or Lance.

Also, the Temple Mount's 3 Domes correspond to the 3-Stars of Orion's Belt, in Angle and Proportion. Although the Dome of Al-Aqsa is not precisely pinpointed as the 2 other Domes, it is the Fountain in front that determines the Star-to-Structure Correlation. The Building that was a Crusader Church before the Muslim Occupation of the Temple Mount. With such Angles, it lends Incredible Support to the Supposition that the coming 3rd Temple has to be Geometrically, in line with the Sacred Geometry of the entire Orion Gate Theory. This would also Validate that the spot of the Crucifixion was at the 33rd Degree from the Galactic Equator-Damascus Gate Angle of the Orion Pattern.

Moreover, the Sword of Orion with the 3 Stars that contain the Orion Nebula corresponds to the 3 'Tombs' in the Kidron Valley. These are the Tombs of Zachariah, Absalom and Hezir. There are many who believe that Orion is the Gate-Way to the actual Dwelling Place of the Creator, YHVH. If Orion is a 'Gate' or Portal into such a dimension, it would explain why in particular, Jerusalem has such exacting Celestial Attributes. Thus, based on the Orion-Jerusalem Overlay of sacred Astronomical Alignments and Angles, the City's Gates correspond to the Major Stars of Orion. The Temple Mount's 3-Domes correspond to the 3-Stars of Orion's Belt Alignment. Thus, it can be argued that the 3rd Temple necessitates that it be Geometrically and Mathematically located at the Dome of the Spirits. This Rationale is solely based on these Angles of Geometry and Mathematics alone. The following Distances are marked from the Dome of the Spirits.

1) DOME OF SPIRITS TO DOME OF ROCK

2) DOME OF ROCK TO DOME OF AL-AQSA

Divine Alignments

In the following section, the study will also suggest that the Orion Star-to-Gates Theory has the Principle of Phi incorporated in determining not only the position of the Stars of Orion itself, but that the Gates of Old Jerusalem are in a Phi Ratio Approximation to each other.

Gates of Old Jerusalem

1. *LION*
2. *GOLDEN*
3. *TRIPLE*
4. *DUNG*
5. *ZION*
6. *JAFFA*
7. *NEW*
8. *DAMASCUS*
9. *HEROD*

According to the Bible, the Millennial Temple and the New Jerusalem to come will both have 12 Gates associated with a Tribe of Israel. It will also have Pearly Gates in order to Access the New Jerusalem. The following are the Names of the Star-Gates.

NORTH

1. *Judah*
2. *Issachar*
3. *Zebulon*

EAST

4. *Ruben*
5. *Simeon*
6. *Gad*

SOUTH

7. *Ephraim*
8. *Manasseh*
9. *Benjamin*

WEST

10. *Dan*
11. *Asher*
12. *Naphtali*

The illustrations will attempt to show an approximation of these correlations between one Gate to the next. The primary points of the Phi Ratio Spiral will be from the Jaffa Gate that corresponds to Betelgeuse and the Damascus Gate which corresponds to Bellatrix. As the Constellation of Orion is a depiction of a Human Body Form, it itself will have an approximate Phi Ratio Proportions as it is superimposed onto the Temple Mount, Anthropomorphically. And? It strongly suggests that where Heaven is at, that is the Heavenly Jerusalem, it is laid-out in the form of a 'Man', having a 'Star' Limb Pattern. And likewise, the Universe would thus be constructed in such a similar Pattern.

Sacred Pyramid Pattern

A Phi Ratio occurs when 2 Quantities have their Ratio the same as the Ratio of their Sum, to the larger of the 2 Quantities. Phi is the Solution to a Quadratic Equation and it is also called the Golden Section, the Golden Ratio and the Golden Mean. Or in other words, Phi is simply the Ratio of the Line Segments that results when a Line is Divided, that follows the Fibonacci Sequence of 0, 1, 1, 2, 3, 5, 8, 13, 21, etc. In Geometry, for example, when the basic Phi Ratio is used to create a Right Triangle, it forms the Dimensions of the Great Pyramids of Egypt, with Angles of 51.83 Degrees. Thus, the Cosine of Phi, or 0.618.

If the Old Jerusalem Layout and where the Gates are placed does indeed Mirror the Orion Constellation, then they are also Celestially Linked to the Precession of the Equinoxes. And this Precession is a sort of 'Time-Clock'. For the most part, the Dome of the Spirits, from where this study strongly suggests the Holy of Holies was and will be in the coming 3rd Temple can thus be a 'Time' Reference Point. The Orion 'Clock' can hold some Keys to Prophetic Time. This is as it pertains to the Timing of Key Events or Times related to Jerusalem, Israel and the World. Upon such Distances from these Points, or Gates, there are some Amazing Correlations. Phi Ratio Approximation appears in the following Domains.

- The Proportions of the Human Body*
- The Proportions of many Animals*
- Plants*
- DNA*
- The Solar System*
- Art and Architecture*
- Music*
- Population Growth*
- The Stock Market*
- The Bible and in Theology*

The Constellation of Orion is also directly associated with the Great Pyramid, as in the one in Giza. One of the Shafts or Alignments from the King's Chamber directly Aligns with the Stars in the Belt of Orion. Interestingly, the Orion Nebula does have a 'Pyramid' Shaped Anomaly called the 'Cone' or Conical. Orion also has a very distinctive Horse Head cloud in the Heavens. It is really a Dragon' or Serpent Configuration. To reiterate, this study has proposed that the Temple Mount is orientated, based on the Orion Angles, specifically to the 3-Star Belt Alignment.

From this Angle, the Old City's Angles are configured to include the major Gates and Fortifications. As it stands now, on the Temple Mount, there is a Mosque, an old Crusader Churches, now the al Aqsa and the Synagogues that was and will be again the Temple. The Gates of Earthly Jerusalem are thus matching their Celestial counterparts in the Constellation of Orion. They are at selective geometric intersections or distances that one then Surmises are patterned after the Heavenly Jerusalem. The Gates of Old Jerusalem match the major Orion Star Angles precisely that confirm where the Holy of Holies was and will be again and where Jesus was Crucified.

GATES OF ORION

HEAVENLY ZION PATTERN OF EARTHLY JERUSALEM

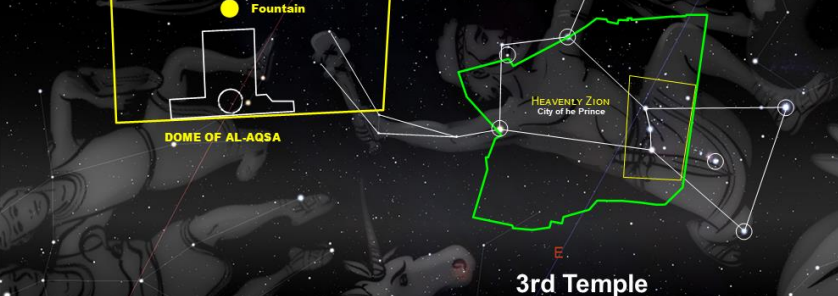

The purpose of this chart is to illustrate that the Orion Constellation almost Approximates the Gates of Jerusalem Layout. It appears that the Earthly Mount Zion, the City of the King is laid out in Astronomical and Mathematical Precision. It is no Accident where the Gates are placed or where certain Buildings or Domes are Erected. These Alignments are taken into consideration the Curvature of Earth and slight Angular Adjustment to reflect the Approximate Proportion of the Star to Gate Correlation. These Illustrations are based on the Premise that there is an Overlay of Orion Lay-Outs. It appears that the Focal Point in the Dome of the Spirits strongly suggests it is the actual Spot of the Holy of Holies. It is from this Point that the 1st and 2nd Temples stood and the 3rd will also. If the Orion Configuration is indeed the Blueprint of the Celestial Zion on Earth. It is thus from the Point of Origin that Orion depicts a 'Prophetic Celestial Clock' of Time Intervals that are thus also aligned with the Orion Lay-Outs and Angles. From the Dome of the Spirits, several Coordinates are made to the respective Gates with some Amazing Distance Numerical Values that are seen in the Bible, Astronomy and Mathematics. Orion encompasses the True Heavenly ZION of YHWH in a similar Lay out in Heaven.

GATES OF ORION

HEAVENLY ZION PATTERN OF EARTHLY JERUSALEM

Those in power to have outlined Jerusalem's grid had and/or have this esoteric knowledge. Many ancient cities and places of sacred worship also mirror such constellations but what makes Jerusalem unique is that according to the Bible, the Creator placed His Name and Presence in the Temple given over to the nation of Israel. This Temple was a model or facsimile of the true type in Heaven. Moreover, the location was not just any random location but was mathematically and geometrically assigned based on the dimensions of ORION. ORION is where the Silver Gate is situated. It is astonishing that the ancient peoples of Earth's earliest civilizations knew exactly the dimensions of the constellations and even the degree within nebulae as in the case of the Orion Nebula. According to the Mazzaroth, ORION is the 'hunter', the 'Coming Prince' that takes on the 'wealth' and judgment of Taurus head on. He is the Messiah promised of YHWH to Eve in the Garden of Eden and subsequently reiterated through various affirmations in Covenants with certain people, i.e., Abraham, Isaac and Jacob. Conversely, the corruption and power of opposites has ORION as the archetype of the very same Christ that came, as in the Anti-Christ that is to come. He is Nimrod, Prometheus, Mercury, etc.

GATES OF ORION

HEAVENLY ZION PATTERN OF EARTHLY JERUSALEM

The Temple Mount is orientated based on the Orion Angles, as is the Heavenly Jerusalem, with the Belt 3-Star Alignment on the Temple Mount. The Orion Outline is Configured to match the major Gates and Fortifications. Astonishingly, the Bow of Orion is the Ley Line of where the exact Spot Jesus was Pierced by the Lance on the Cross. On the Temple Mount, there is a Mosque, a Church, now al-Aqsa and the Synagogues, or the Temples that once stood and will again. The Old Jerusalem Ley Lines Correlate with the Constellation of Orion that Heaven is perhaps laid-out with as well. The Constellation of Orion is also directly associated with the Great Pyramid of Giza. The King's Chamber's directly aligns with the Holy of Holies. The Queen's Chamber aligns with the Court of the Women. And the 'Pit' aligns with the Kidron Valley Entrance through the Golden Gate. What is also notable, is that the Celestial Equator becomes the Direct Ley Line that intersects the very Spot that one Conjectures is where the Holy of Holies once stood and will again. This is over the Dome of the Spirits or Tablets, just north of the Dome of the Rock. Then the Orion Nebula, where the Member of Orion is positioned corresponds to the Tomb of Absalom, down in the Kidron Valley. The Torch of Orion matches the Silver Gate Position of where the City Tower is at, and its Color is 'Silver', etc.

There are many who believe that the Constellation of Orion is the Gate-Way or Star-Gate to the actual Place or Dwelling of the Creator, YHWH. If Orion is a 1 of the 'Gates' or a Portal into such a Dimension, it would explain why in particular, Jerusalem is laid-out with such exacting Celestial Attributes. The City's Main Gates Correspond to the Major Stars of Orion. And again, how the Temple Mount with its 3-Domes of 3 Colors, thus Corresponds to the 'Sun, Moon and the Stars', and the 3-Stars in Orion's Belt Alignment.

If the Great Pyramid Pattern is Enriched in Proportion to the Angles, the Old City of Jerusalem's Walls will Encompass the Slope of the Great Pyramid, starting from the Pyramid Apex and to the Shaft Alignment to the North Star Angle of Polaris in the Little Dipper. Conversely, the Orion Alignment of the Great Pyramid, in the South will be in the same Proportion of the Old City, when the Orion Configuration is flipped and rotated 90 Degrees. The Alignment perfectly matches the overall Great Pyramid Layout of the Great Pyramid, Superimposed on the Greater Jerusalem City Grid. Astronomically, when the North Star is made the Focal Point of the 4 Celestial Cardinal Directions, the 'Serpent Draco' depicts the Snake on the Pole that Moses lifted-up in the Wilderness. Jesus said He to must be lifted up on the Cross, as He was. It is the Molt of the Cursed Serpent that became a Blessing
