Message from the President

HIGHLIGHTS: Field Days for July and August Cancelled

Again, the SDCWGA events have been affected by the pandemic, albeit indirectly, for July and August. San Diego County's Health Department has reinstated the practice of 1 person per cart unless the riders are from the same household. As a consequence, the courses are unable to accommodate the number of members to which SDCWGA committed for these events. I certainly was disappointed, and I know that others who are ready to play tournaments were too.

I saw a meme the other day that said:

I'm not adding this year to my age. I didn't use it.

I feel that applies to SDCWGA's 2020 calendar. More of this year is not being used. SDCWGA continues to maintain optimism, however. Hopefully, the restrictions will not last past the 3 weeks that was instituted in the last SD County Health Directive. If this is the case, we will announce our next Field Day or tournament that will be played. Please continue to visit our website to see if direction has changed. We may yet be able to hold Field Days and tournaments in 2020.

Golf is in our future—just as soon as the State gets past the spikes!!

Ellen Koury
SDCWGA President

Website registration and event sign up

Don't miss out on upcoming events and reminders. Register now and create an account with password on SDCWGA's website! You must have a valid account and password to sign up for events.

It's Easy! Go to <http://www.sdcwga.net> and click on the big blue button.

NEW!!

Meet Your SDCWGA Board Members

We will be highlighting one of our SDCWGA Board Members in each County Capers' edition over the rest of the year. We hope this will give you an insight into each Board Member's golf background, as well as an understanding of their experience as a Board Member.

Introducing *Laura Lynn Dixon* *Event Director/Calendar Director*

I'm Laura Lynn Dixon. I grew up in South East Georgia on the First Coast. It is also home to Naval Submarine Base, Kings Bay.

I grew up in a neighborhood of all boys so naturally I became an athlete. I started Golf and Tennis when I was 12 with Lesson's from Bob Duval (David's Dad). I came to love both but gravitated towards Golf because it was me against the course. I adored the walk with just my clubs and my thoughts. It was a healer of what might be troubling me or supportive of good things going on in my life. Simply it brought JOY!

Golf has continued to be a healer for me throughout the years. It consoled me when my Parents and Family members passed. It gave me strength to press on through the walk in nature with those clubs on my back. As we all know, it can bring the innermost joy and pangs of defeat, but we carry on to the next round to feel that joy of a great shot.

During my time on SDCWGA Board, it has been my one thought every day to bring one more lady to the game of golf. It is something we all need to endeavor to do so that our Clubs and Association's do not age out. It is hard to know the true effect of inviting a new friend for a game. It is hard because we don't know where people are in their lives or what troubles they may endure. It is TRUE that golf heals and brings women together and in turn they feel the JOY.

In closing, I ask that each of you be aware of Ladies around you and invite them to a SDCWGA Event. Stand with them at a new Club and show them the ropes. Show them the joy of other Courses. Now more than ever we need to be diligent in keeping Women's Golf alive and well!

Enjoy the walk or ride in Nature!

Laura Lynn Dixon
