

Your Destiny

November 1st, 2022

The Lord bless you, Heart Dwellers.

Well, things are interesting over here. Sometimes we get new people that are visiting and everyone in this world has problem that follows them around. So, we are learning how to be gentle, kind and helping with those people that come under duress at some time. We have two such individuals here right now and the Lord told me, *"Stop worrying. These are forerunners to what you will have to deal with during the tribulation. I am sending them to prepare you. So please do not worry. You will need people skills."*

And by that He means beyond what we have now, that is for sure.

"Make the best of it. Remember you cannot out give the Lord."

And I thought that is funny, but you are talking to me, Lord.

"And it is the Lord, or should I say, it is I who am living in them in their distress. So, work with them. Let that also be a lesson to you, to discern and inquire of them the real reason they are wanting to come here."

OK.

"Beloved, I have not changed My plans."

Well guys, I got a sucker punch this morning, a couple of people came up with dreams and interpreted them in a way that was contrary to what the Lord has been telling us and I did not want to receive that because it was contrary, and the Lord keeps confirming what He is doing, how He is going to do it. Since the people were close to me, it was not easy, and there is a little bit of conflict there, so He said, *"Beloved, I have not changed My plans. You received a sucker punch this morning."*

Oh, joy.

"They will always operate through the weakest link. You know this, do you not? Prepare yourself for many sucker punches because many souls have issues. You do need to inquire if they have drug or alcohol issues and determine each case independently."

"Some of My people are deeply in bondage to bad habits."

Yeah, I know. I am one of them.

"But this is not a place for drug rehab, you are not staffed for that. When you get obedience,"

And I got it twice today, and I thought 'Lord, I am not asking about anything that has to do with obedience, why are You giving that to me?'

He said, *"When you get obedience, that means, stick with music, there is an attack against you to distract you. Do not be drawn off your course."*

Ohhh, that is what that means, ok. Well, I appreciate that because if I get obedience in the middle of a situation, I know that that situation is not meant for me to spend time on.

"So, when you get obedience that means stick with music, do not be drawn off your course. Please do not worry, all of you will have the graces you need to work with newcomers. Just avoid rash judgement and criticism. That is hard for you Clare."

Yep, it is.

"I know you have little tolerance for those who are insincere."

He continued, *"I have not changed My plans and they are progressing as I have told you, but they are so tied in timing of other events that it becomes too complicated to simplify. The easiest way for you to handle this wild randomness is for you to be tied and bound closely to My will for the moment."*

Boy, those are wise words. And Ezekiel told me that, too. He said, just do what is set before you.

"Never mind those things that yet hinge on other events, they will come to pass in due time. You could easily waste a great deal of time by trying to make sense of all that is happening. I know you do not want this. You will have to strictly apply yourself to get beyond this fatal flaw and bad habit."

My curiosity, my insecurity, my wanting to know, my pride. Wow- oy vey. Then He went on.

He said, *"Lots of violence to self-will, lots and lots and lots. It is much better if you have no preferences, only to please Me moment by moment. I will visit you with great graces if you can finally kick this debilitating habit. Great men and women of old, learned this lesson early in life and for that reason they became great in a very short lifespan. Military prepares you for this, but it also introduces you to other things as well, things you do not want to ever get involved in. Trust Me, you are in your perfect place. You truly are."*

Thank You, Lord. I have never felt so 'right on' in my life.

And He continued, *"And that is because you are in the dead center of My will for your life. Because of this, you will be able to teach others how to arrive there. Do not allow yourself to fret, this is a curse frequently used to cause people exhaustion. In all matters, know that I am in control, and I have the final word."*

"My people, you must all learn the tactics of the devils to throw you off course and off destiny."

That is huge for them. They want to throw every individual off destiny. I have seen that.

He continued, *"Clare is a classic and critical case of that. Watching her moves and the tremendous frustration and loss she goes through because of it, is a college course in how to fail at life. But as you watch Me coaching her, and take notes, very carefully, you will avoid this trap and teach others to do so as well."*

"Most of you listening in have this very same flaw to a lesser or greater degree. Others, have a workaholic mentality, an attitude that excludes everything but work from their lives. Neither one will bring you lasting happiness nor the fulfillment of your destiny. You must have balance, and that does not come easily. It takes real maturity to recognize when you are off one or two degrees. For a ship sailing the ocean, that could mean that you arrive hundreds of miles off course. But I will always be faithful to redirect you, however, sometimes that is painful, and I wish to avoid that kind of waste and pain and see you hit the mark the first time. That is very rare, comes at a high cost."

And I want to add to that, it is all about obedience, totally, and not making up your own mind about things.

"So, My dearly loved ones, learn from those around you how distractions can ruin your destiny and get them under control as quickly as you can. Move forward in My joy, dear ones, I am with you, cheering you on and directing your course."

Amen.

Thank You, Lord.

Desert Heartdwellers Phase Two

November 2nd, 2022

Dear Lord, please give us strength when we are weak, love when we feel forsaken, and the courage and Godly wisdom to go forth boldly and proclaim all that You have for us. Amen.

Dear Family, we continue to move forward with the vision the Lord has given us to complete His work in the desert. We have secured the land and are weeks away from finishing Phase One which is the installation of the power systems such as solar, water catchment, compost, electrical and propane.

We pray to be able to begin Phase Two which is the building of the desert end times refuge to serve the souls in this area, and with God's miracle working power through us, help deliver these precious ones from all manner of demonic infestations, powerful, generational strongholds and deep rooted

witchcraft. The Lord has told us there will be miracles, healing and deliverances, the likes we have never seen. All we need to do is to be willing to cooperate with Him and work in union with His graces.

Brothers John and Patrick have been working hard this past month implementing the first phase and we will soon be depleted of funds to begin building the desert refuge. We reach out to you dear family, to help us complete the Lord's mission.

These forgotten ones live in the most deplorable conditions and our assignment is to share God's love, His peace and bring them to His feet to experience His unending mercy and compassionate heart for them, so that their eternal destination will be Heaven, and not the fires of Hell.

We need your prayers, builders and support to release these souls from a lifetime of bondage. If the Lord puts on your heart to help, please donate on the link below.

God bless you dear ones and may the light of Christ shine on all around you.

How to Recognize a False Jesus

November 2nd, 2022

Dear family, we are beginning to be trained in deeper discernment to help those who are coming out of the world, either from drugs, or the New Age and are entrenched in relationships with familiar spirits, especially those posing as Jesus, Mary, or the angels. A precious soul has come to us, the Lord has sent her to us to be helped through years of confusion. She did a lot of drugs when she was younger, and it did much to alter her mind and open some pathways for her in the supernatural and she is open to that influence. The demons have taken advantage of this and posed as Jesus, all the while throwing her off course.

She loves the Lord dearly and is committed to Him, but she has gotten bad guidance through these familiar spirits that appear to be Jesus. You will know if you are influenced by a familiar spirit, if your life is in shambles, or is way off track and nothing you do results in success. I am not talking about trials; those are useful to raise us up. I am talking about false starts, dead alleys, fear, and confusion. If

a soul is plagued by those things, you will recognize that the fruit of following a false Jesus is there, and bad. Then you will know that you are being deceived and running around in circles without ever finding your true destiny. This young lady is one such person. She is even aware of the spirits around her, a huge mass of demons constantly telling her lies, but many times she thinks they are angels giving her good advice.

She is an extreme case and that is why I have been led to work with her in the following ways. I was in her place forty years ago and I can tell you, it is so painful.

So, I came to the Lord, with a little bit of concern, feeling like, 'wow, this is a big job, Lord.' I need the grace.

Well, He is training us in many things, and He is helping us learn how to help people get out of confusion, which I had so much of it in my life when I was into the New Age, before the Lord apprehended me and revealed who He was and what things were not what I thought they were, and so I began today.

I said, Here I am Lord, I can do all things through YOU who strengthens me. It is a sweet bundle Lord, please help me.

Jesus began, *"It is a given that when you take on an assignment from Me, you will have everything you need to complete it successfully. Besides this is very good practice for all of you. I want all of you to know how to set the captive free, My way. It takes time and perseverance and all of that I am imparting to you and to her. We will get this done, and she will be set free, I love her deeply and I have suffered much over her captivity. She has also, some wonderful gifts I want to raise up. This is a holy project. She is a beautiful soul when you get beyond the layers of deception, which are many. Clare, there are so very many who are in the same dilemma, and when this is over, she will be able to help them and set them free."*

Then He suddenly changed the subject, because what I heard from Mike from Around the World last night September twentieth, which was very concerning- or at least I thought He was changing the subject!

He said, *"Yes, My love there are some tragic and fearful times coming on, and they are most opportune to bring souls to Me. Many of these things will be so disorienting that they will dislodge souls from the "matrix." And by that, I mean the monotonous and stagnating recurring circumstances of so many who are stuck in from normal day to day life, just to survive. They will be shaken free and off their foundations and will be hungry for answers, eager to find true meaning and stability for their lives.*

"When a soul is completely immersed in Me, it matters not if they have a roof over their head or food in their stomach, their anchor in life is Me, I am their everything even as the psalms say, the mountains may fall into the sea, but you will still stand because I am guarding you."

He paraphrased that, but I looked it up.

God is our refuge and strength, a very present help in trouble. Therefore, will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea; though the waters thereof roar and be troubled, though the mountains shake with the swelling thereof, we will not fear nor be moved.

What He is saying, their rumors correspond to some of the things Mike from Around the World was saying. This dear soul came from the Los Angeles area, so I am so glad she is not in harms' way.

He continued, *"The interior man, the soul, will hunger for security and that is what I have to offer them. There are so many I want to reach Beloved, so many. Working with this young woman is going to bring home the tragedy of those that have been derailed in life. "My sweet daughter, I have longed to draw you close to My heart-"*

And here He is speaking to the young lady.

"Without the interference you have been tormented with. You have come to the place where you will receive the help you need to get through this and come out as a victorious discerning Christian that cares for others in the depths of delusion and despair.

"Even as Clare has spoken to you and told you of her own struggles with familiar spirits and those especially who are disguised as Me but are truly vile demons derailing your life. Their entire purpose which they are trained in is to derail your destiny. The enemy can see the many gifts and potentials in you, and he will turn you every which way than loose to completely stop you from blossoming into the precious and glorious soul I have made you to be."

And that is one of Father's expressions, 'turn you every which way but loose.' I was surprised when the Lord used that but that is what they will do, they will maneuver themselves and maneuver a soul with so many deceptions that they get topsy turvy and confused and do not know up from down. They are very clever and particularly good at it; they have had thousands of years to work on it. Do not ever underestimate the level of deception you can come under, because of the influence of the enemy.

"You are not just one who is lost in this world,"

He is talking again to the young lady.

"You are a precious gift to this community and will bring them much joy and blessings.

"Do not feel like a burden, you are a gift, always remember that. The enemy will try to make you feel that you are a burden, because he wants you out of there, but just ignore his lies and hang in there. Beautiful opportunities are coming for you. That is why Mothers Clare and Elisabeth were so grieved when you said you were leaving. That is not My will for you. This is your blessing place, and the enemy will try everything in the book – and some things that are not even written yet, to get you out of there. This will work to your advantage when it is your turn to help others. I have great plans for you. Just be a very little girl, observing, never assuming and allow yourself to be led by My Spirit working through Mother Clare.

"For the time being, daughter, nothing you receive can be trusted. Do not assume it is Me because many times it is not. Bring everything to Mother for discernment. She sees things you cannot yet see, but some day will be able to. Put this before every sentence, 'If it pleases You Lord, I want to do so and so.' Then bring it to Mother and get permission. This will save you innumerable mistakes, false starts, heartache, and confusion. By the way, I have determined that you will have a gift and will be known as one who sees through delusion and confusion."

Boy! I mean, that is certainly something that happens when you have to go through all of this. And I just want to make a note here, I am not interested in controlling anyone, I am only interested in seeing the will of God come true in their lives. So, and the Lord knows this, He knows that I am not attached but I am saying that because we are not a cult, we are trying to help souls reach their destiny and live in it for the Lord and with the Lord, that is why we send so many out, once they come here, they get trained and then they go out to help others and maybe start their own community. That is our whole heartbeat, is to help people find their gift and their destiny and support them in that.

Jesus continued, *"Also, cleave to My Mother."*

The Blessed Mother.

"Ask her to take you under her wing, to guide and teach you, always running it by Mother Clare first."

The book I would recommend for that is The Imitation of Mary. It is beautiful, The Imitation of Mary is all about Jesus and how to please Him, has nothing to do with her. It is wonderful, and that is the hard bound copy by a French author, I cannot remember his name, but he is a priest, because there are two with that name and it is the hardbound copy from Catholic Press, I think.

"The demons are not beyond dressing up and pretending to be My Mother either. The more unsure you are of your own discernment, the faster progress you will make. If you become stubborn over an issue, it will be a roadblock to your progress in being set free. Try to be supple and ask for an explanation when you do not understand something. If you still do not agree, do it anyway and watch for the fruit. No one is perfect, but if you pray for her and she made a mistake, she will be grateful to you for your prayers. But if she was right, you will be grateful for her discernment."

"Discerning a soul coming from the world is not an easy job, it is very draining. Keep her in prayer always, for I have placed you in her heart and she will suffer much in settling you free. And for the rest of you on the mountain, I know you have already learned these things, keep your new member in prayer and President Trump in the forefront of your prayers."

And that was the end of His message.

At the end of the message, I wrote to this young lady -You are never obliged to do anything that is sinful or contrary to your morals and your faith or your conscience, just make sure that you do not use that as an excuse to get out of doing things. I am saying that for the sake of all of us.

Obedience is not doing everything blindly, it is committing yourself to obeying after you have discerned that you need to be in a certain place, you want to learn a certain thing, then you have to watch and learn what is being done in there, you were drawn to that place, there is a reason for it. But if anyone ever asks you to do something sinful, you are never required to do that, anything that violates your conscience, you are not required to do that.

And this is important because I have experienced in the past, in Christian churches people coming in and completely messing with what I know is the Lord's will in my life because they do not understand, it is too different for them to quite grasp, it does not fit the norm, it kind of stands out as being different, and that rubs against them because they do not have the discernment to see, "Oh, I see it is the Lord" and back off.

So, I am careful not to transgress someone's conscience, because I do not want to lead them astray.

God bless you, Heart Dwellers, and thank you so much for keeping us in your prayers. We are under attack right now, and all of you should know that just before Halloween, a couple of months before, the attacks are more severe, the covens are courting favor with Satan, the more nasty things they succeed in doing, the more points they get, so be vigilant and do not forget to do your Binding Prayer every day and your armor.

The Lord bless you, dear ones.

Come into your garden

October 31st, 2022

This is the second half of the Lord's message to me.

During prayer, the Lord began to play "**Garden**", by **Misty Edwards**. The lyrics were so beautiful as it calls the bride to enter into the garden of her heart to be with the Lord and the lyrics began,

*I am a garden-enclosed
A locked garden
A fountain sealed
I am Your resting place*

*I am Your resting place
Here, O Lord, have I prepared a place for You to dwell
Here in the reservoir of me
That You would dwell in my heart
That I would be in You, and You would be in me
That I could fellowship with God
Here, where it's You and me alone
The very glory of God
On the inside of me
I want to fellowship with You*

*Here it's You and me alone, God
You and me alone
Here it's You and me alone, God
You and me alone*

As the song continued, I began to see a beautiful garden enclosed with a door and black iron bars as a grill. I found myself inside the garden seated on a finely trimmed flower bush shaped like a bedroom bench. I then saw Jesus walking towards the door of the garden to enter in. Once He entered, I was surprised to see that He was in His passion. He stumbled in the garden with the crown of thorns on His head, His tunic halfway off, and His body beaten and bloody with tremendous lacerations.

He almost fell and I ran to catch Him, putting His arm around my shoulder as I helped him to the bedroom bench. He laid down as He closed His eyes, He winced full of pain. I just stared at Him in horror, of the wounds that were all over His body. The crowns were deeply embedded in His scalp, His forehead, and one in His eye. There was so much blood in His mouth, His lips were swollen and so were His eyes.

His body looked as though it had been shredded as the wounds were deep and even some skin flapping going all the way down to His legs and feet. He had the nail wounds that were bleeding, but the nails weren't in them. I stared stunned, not sure even what to do but to clean His wounds. I looked around wanting something to clean Him with and before I knew it Angels flew around me bringing a bucket of clean water and white linens.

I began cleaning His face. I first took the crown of thorns off of His head gently and slowly. I could see how deep they had pierced His scalp as His skin pulled up as the thorns came out. I gently wiped His head with water and was concerned where the blood would go but the Angels, knowing my thoughts, began to clean and catch it so none of His blood fell on the floor. Jesus was still lying there silently with His eyes

closed as He allowed me to clean Him. After cleaning His face, I began to kiss his wounds, I kissed His swollen eyes, the wounds on His forehead, His split lips, and to my amazement when I kissed them, they began to heal. As the wounds began to suture on [their] own and His face was completely transformed.

Then I began to clean His body ever so gently wiping away the blood cleaning it with water, every laceration. Then I would kiss it and they too began to heal and suture together. I continued all the way down to His legs and then kissed the nail marks on his feet after cleaning [them]. I went back to kiss the nail-pierced marks on His right and left hand and then on His side where He was pierced with a lance. Once I was done, Jesus was not only all cleaned up, but completely healed what was left remaining [were] the marks of His holy wounds which were still there. He then opened His eyes and sat up, He looked at me with such love and then held me tenderly to His side as we embraced for a while then I came out of the vision.

I was so moved by what I saw. Just then I received a text from Pastor Brian from Zambia about the young boy, Peter, who had a really bad skin condition, which we shared on the vlogs. A Heartdwellers couple was so nice enough to donate to get medication and now he is completely healed. We praise God, it really encouraged me and encouraged my faith.

I then began the Lord's Supper and got the Passion reading which brought me back to the vision I had seen moments ago. Then I could hear the Lord begin to speak, so I began writing.

Lord I also want to thank you for bringing me courage and faith today seeing Little Peter, how his skin has been restored and it really lifted up my spirits concerning Children Hope Community Centre with all the changes and recent trials I began to doubt and lose the excitement I had with the work you want to do there.

Jesus responded,

"Keep your eyes fixed on Me little one, fixed on Me alone and you will no longer lose out, and have Satan and his demons steal your joy, courage, and hope in what I have spoken for you to do. You know My will so move forward. Continue to pray for Pastor Chama don't worry he is now in My will in this sabbatical and will return with a new heart and mindset to love Me alone and seek My will alone. Brian and he are both beautiful souls who will be tried and tested in various ways but will overcome to build this work of mine. Share with your flock the needs of the people and the children — many will come on board to help and support this work. So, get busy, Beloved."

Yes Lord,

As an aside here Pastor Chama is taking a sabbatical to take care of his family, please keep him in your prayers. And the Lord is wanting me to share with you what this medication has done for so many children to rid them of skin diseases in Zambia. I will be sharing the pictures and messages with you guys very soon.

And what about You Jesus, how are you feeling what's on your heart?

I saw you in the garden, our secret garden. I realize I haven't been there for a while and Lord you came as, suffering Jesus to be cleaned, consoled, and comforted. Then I received The Passion reading during my Lord's Supper. Oh, Jesus, I know you are suffering terribly, I am so sorry I haven't been here for you as I should.

Jesus continued,

"But you are here now, Beloved. You allowed Me into that secret place to be nursed, taken care of, and loved by you. There is no greater medication for My wounds, beloved, than when My bride comforts Me with her kisses, with her meditation and devotion to My most holy wounds and sufferings. There is oh so much, Beloved, oh so much,"

And I knew he was saying there is so much on his mind.

"I would rather have My brides fixated on Me and not what is going on in the world or you too would easily fall into despair. I would love for all My brides to enter into their garden this week. Please go and I will meet you there. For some, the gates of your heart have been locked for so long, thinking you are unworthy for Me to enter, unworthy for Me to communion with you. My beloved brides these are lies fed to you by Satan, you were created to be in communion with Me.

That garden was created to be a secret place where we can meet as much as you want. The secret place My father talked about when you pray wasn't just a prayer closet, no beloved brides it's the door to your heart."

Matthew 6:6

But when you pray, go into your room, close the door and pray to your u Father who is unseen. Then your Father who sees what is done in secret will reward you

*"I have said, I and My father would come and make our dwelling with you **John 14:23.** I desire to make a home there — will you let Me in? For so many more of My brides, you*

are easily distracted by the world and its affairs so you have neglected that secret garden, where many times the gate is unlocked, I walk in but I don't see you, I see no one.

And I just sit and wait as I adore the beautiful flowers of your heart, where there have been trials and pain and you persevered — and the many times you have done acts of kindness or deeds for love of Me and your neighbour. You see even when you are not there, I come just to adore you, adore what we have created. Although, however, wild the garden may be, it is wonderful and beautifully in process.

I sit on the swings waiting for you to return so we can swing together. I sit on that beautiful French bench you love hoping that you would walk in at any moment so we can have a heart-to-heart conversation. I rest many times in the creek bed as I see the beautiful colourful fish swimming by and the crystal-clear beautiful water that reminds Me so much of your soul, as I dip My feet in, wishing you were by My side, that I may rest My weary head on your chest or be held by you.

I skip rocks as I marvel at each ripple reminding Me of each act of grace you make surrendering to My will, which affects all those around you causing a ripple effect that will last for eternity. You, My bride, are so beautiful to behold inside and out, but I no longer want to be in the garden of your heart alone — I prefer to be with you, to be in your presence, to be held and loved by you in this place.

I need it now more than ever, My beloved brides. Will you be that repose? Can your heart be a place where I can find rest and find you, amidst the sufferings of this life? Will you come when I call?

“Meditate on My Passion, meditate on the wounds that I incurred for love of you and to redeem you to myself. Meet Me in the garden of your heart and let Me be nursed to health by your love and attention. There I will wait for you to meditate on My Passion and on My wounds which means to meditate on My love, beloved brides.

“Love always leaves a scar and sometimes those scars still bleed. My love is being poured out for you and the whole world. Come and adore My most holy wounds, kiss them with great devotion to bring healing to My aching heart and to souls who are still trapped in the various sins My wounds represent.

“The wound in My right hand is for the sins of disobedience and self-will. The wound in My left hand are sins of selfishness, from directing all things to one's self and grasping attention of others by seeking to take to one's self what your right hand has given Me.

"The wound in My right foot is for sins of inconsistency when souls waiver in their resolution to love Me above all things and to place Me first in their affections and their desires.

"The wound of My left foot is against the sin of sloth and spiritual lethargy. When souls give up on Me and give in to despair and discouragement.

"The wound in My side is for the sin of every false love and every fleshy deceit promising sweetness but giving bitterness and death instead.

Some of you even struggle with these sins and so does the world that doesn't know Me or My Father. So, My scars are constantly bleeding, pouring out My blood, My love, and My mercy. Come, My bride, let the Garden of your heart be My triage and nurse these wounds with your love and devotion."

That was the end of Jesus' message.

Enemies of the Cross

November 5th, 2022

The Lord bless you, dear Heart Dwellers, with peace and discernment.

Well, an interesting topic came up today. My heart has been aching for our enemies, basically the three covens that I am aware of, there are probably more, but right here in the area there are three covens, and I am just concerned for them, I have a real soft spot in my heart for them that where they are headed is a terrible, terrible place and I believe it is a grace that the Lord gave me.

Last night I was praying for one elderly woman specifically, really hoping that somehow God would get through to her how much He loves her, even with all the abominations she has done, He still loves her, very much. And I do not know what turned her against God, I have no idea, but it could not have been something about Him, it had to be some misconception of who He is, it had to be something evil that was blamed on Him, or a weakness that man had and sin in the name of Christ, which is ridiculous because that is- that does not belong to Christ, sin does not belong to Him, love, compassion belong to Him but not sin.

But so many people have been wounded by sin, even in the church, and because of that they end up coming against the Lord in Satanism. John Ramirez, for instance, who authored several books, he tried to find the Lord in a church, but the pastor walked right by him and hugged everyone else but did not

touch him. It broke his heart, and that was the end for him. Then Satan came and offered himself as the father that he never had, because of course his father was brutal and an alcoholic, but Satan came along and was compassionate and loving and gentle and promised him things and we know all of that was fake because that is not where Satan is at overall.

All those things- first of all he does not have any kind of life after this Earth when the Lord cleanses it. He is going to be in in jail forever. So, those things are all bogus, but people do not know that, and sometimes they are so embittered by the wrongs done to them under the guise of Christianity, that they come right back up against Christianity, but the Lord right now is asking us to love our enemies, He is telling us, love for our enemies, genuine, heartfelt, real love for our enemies is the sign of a true Christian. This came through Father Ezekiel today when he was in the Passion. The Lord looked down at him from the cross and told him some things, and he did say that He is calling us to love our enemies, to be a true Christian and to love our enemies, and that other Christians who say they love Him, but they are enemies of the cross because they do not care for their enemies, they do not love them.

I will go ahead with what notes I have taken down here.

The Lord began, "Yes, My love, grace is indeed being distributed to My saints for their enemies. Many say they love Me but have made themselves enemies of the cross. Suffering is a foreign concept to them even though My life was full of it, still they are seeking their ease and prosperity. Western culture has replaced the culture of the Cross. Now life is all about who can accumulate the most power and money, who can be acclaimed as the most beautiful, who can live in the greatest luxury with garages full of sports cars while their ancestors in countries around the world suffer stifling poverty.

"The cross means nothing to the contemporary Western church that sees itself as the harbinger of wealth and prosperity. This is another reason for this war."

This is still Jesus speaking. "Doctrine has been turned upside down and lies prevail. This is why the church is an easy target for the antichrist. All have drawn together despising poverty and lusting after worldly goods. Well, they are about to see how far this twisted concept of holiness takes them.

"My people, where did you get the concept of prosperity ruling in this world? Certainly not from My life. Those in the Bible that people looked up to were corrupted to the core, murdering infants, enslaving even the elderly, extracting their livelihoods for their opulence. And you admire and emulate these? I made it so very clear in My Gospels that those who coveted worldly honors, money and power would die a wretched death with worms feeding on their luxuries and eating away at their brains. And yet you follow their example of oppressing the poor, the widow and the alien and keeping for yourselves the hard-won sustenance and wages that barely covered their needs?

"The ones I am looking for to be taken in the Rapture, are loving, just and concerned with My concerns, the poor, the oppressed, the little ones. They are busy attending to their needs as much as is humanly possible. They care nothing for the trappings of luxury and status symbols others dream of having, rather they find it hard to sleep at night if they are forced by circumstances to pass by one needy soul.

"My Church is going to be holy and pure. No longer will clerics lust after ornate trappings and

cathedrals. Rather they will see the poorest beggar walk in the door as their greatest asset. Be not conformed to this age. Do not follow the ways of the powerful, for when I come, the entire system will be topsy turvy.

Lord, I do not understand. You once showed to me a most elaborate and costly vestment that would be worn by a Pope someday. I do not see how that can happen and the church still be holy according to what you are saying now.

Jesus replied, *"This is a very good point, but you will notice that those who I choose have absolutely no longing for such finery, it is totally against their concept of holiness."*

I answered Him, Lord all I want to do day and night is sit here and take down Your words, I am so in love with You.

"And I am in love with you for the very same reasons. Yet you will see the justice in this at the very final end. Clare, Beloved, poverty will not exist any longer. All will be gloriously provided for, satisfied and happy and with what they have and even with what they do not have. Then you will understand because there will be no such thing as poverty or lack.

Oh Lord that is truly glorious.

"Yes, it is," He answered. "An end to striving, and delirious joy in sufficiency with an eye to scorning luxury. You cannot even imagine it now, but justice will be so very abundant it will overtake many with indescribable joy. My dearest, you cannot see or imagine now, how much the world has suffered from greedy men and women who mercilessly stole from the poor, leaving them impoverished to the point of starving their children."

Lord, I wish I could speak to those working for the beast system, those who have bought into the lies and see it as their final solution.

And here I was thinking of a man who was standing by a telephone pole, putting in some kind of apparatus behind our house. I looked at the man, he did not look like an electrical worker, he looked more like an FBI agent or something, did not look like an electrical worker. And I just had the very strongest feeling that they were listening in on what goes on in our house, which is fine, I am hoping it will draw them to the Lord. We do not have guns and we do not condone violence or anything like that, so who knows why he was there.

But I wish I could speak to them, I wish I could speak to those working for the beast system, bought into lies.

"Yes, these are the ones," Jesus said. "Listening in, tapping phones, collecting e-mails and conversations that will someday be used to condemn the innocent. There are two incentives they are trapped in. One is to succeed in the world, the other is to be on a winning team. They have not stopped to consider the injustices practiced against the rights of men and women, to justify a totalitarian government which has never worked, nor will it ever work.

"Men and women long for freedom and no one will ever succeed in taking their free will, which I will not even transgress.

"Oh, dear children of this world, please look beyond your need for acceptance and success and examine how these governments end. They always exploit the common man and take more than they give, setting themselves up to siphon off the cream and leave the dregs for others. God does not do that; He rewards those who are honest and truly looks after the cares of the needy. He is calling out to you young ones, in your early thirties, working for the elite, He is calling out asking you to go deeper and see where this oppressive totalitarian government leads to, time after time after time, it always goes askew. It always preaches sufficiency for everyone but look at the fruits of every kingdom that has been built on it. It is abject poverty."

Huber right now is an absolute total wreck because people do not bother to come and fix different things in their houses because the government will not pay for it. And you cannot get permission, there is so much red tape, you could circle the world with it.

They always exploit the common man and take more than they give. God does not do that; He rewards those who are honest and truly looks after the cares of the needy. He is calling out to you, young ones, working for the elite. He is calling out asking you to go deeper and see where this oppressive totalitarian government leads to, time after time, century after century, kingdom after kingdom. Oh, please use your freedom while you still have it to go deeper and seek true justice.

And that was the end of the Lord's message.

That last paragraph was me, not Him.

Becoming A Work of Art

November 5th, 2022

May the Lord's wisdom and peace be with you this day, Heart Dwellers.

Well, before I forget to tell you, I just finished my first album, and it is going to be coming out digitally very soon. And I- I will let you guys know when it does. It has some things you have never heard before on it and a couple of things you have heard. It is going to be called "Left Behind in The

Storm". Ok. On to the message.

When I came into prayer, the Lord addressed me immediately.

He said, *"You wanted to address some things, Beloved."*

And I said, Yes Lord, but what is Your preference?

Because there were many things on my mind, and I was not sure which one He wanted to talk about first.

He began, *"I prefer very much that all of you live together in unity and cooperation. I have invited you here not to take your rest but to labor for the world. Those things that are not to your liking are there to help you detach from your flesh and be wholly devoted to Me and My agenda at every moment, without any judgement of liking it or not liking it, preferring or avoiding anything. So, if you roll up your sleeves and embrace the task before you, you will be very happy and peaceful. But if you fight or maneuver to get your way to do what is pleasing to you rather than what is necessary, you will not be happy because I will frustrate you in the pursuit of your own will."*

"This I do My cherished ones because you are in the army of God and that requires a death to self in order that you can get rid of hindrances in your lives, attitudes that block holiness and wholeness. Please try with all your heart to be flexible and not judge what is best for you or for others, rather pray for those who must make those kinds of decisions, decisions which are not easy. They need your prayers to make things run smoothly."

Thanks for saying that, Lord. Going on.

"You are very much like a ship out at sea, the survival of all depends on each one of you assisting in the work that needs to be done in order that you can ALL lead a wholesome life of prayer and service and graces will flow like a river from this place because of your charity, patience and selfless service. Obedience is a very powerful force to bring you to holiness with the least amount of resistance in the shortest amount of time."

"Obedience goes directly against the rebellious human natures many of you have had in your lives. Once you recognize that it is Satan limiting your opinions through attachments, giving you disdain for one job over another, or being preferential in your choices, you can come firmly against him who is most surely trying to influence you in a direction contrary to what I want and what is best for you."

"Imagine that you are a block of marble, to be made into a magnificent statue. You came from the quarry rough, misshapen, chipped, broken, but were chosen to be a noble statue. If you look at it this way, you will see that there is much rock that must be removed to form this image. Removing rock is painful and risky, but to create the ultimate soul that you are, I must do this. And I do it through others that have learned obedience and follow My counsels on how to go about it."

My dear, dear ones, it does not always make sense, but I do write straight with crooked lines. And if you can maintain your reality and entrust your formation to Me, you will in the end become something you never in your life dreamt possible. I am telling you this to help you cooperate with the simple directions I give you each day for your own good and the good of the community."

So, try to embrace the things that seem so menial and even unnecessary to you now, embrace them

joyfully with no resistance and you will quickly develop that humility of soul that is so precious to men and angels alike, and from this place I can bring you into glory.

“And to My blessed souls in China, I have heard the serious disagreement between factions among you, over the course that a certain one may take with a relationship. Do you not know that these disagreements come from your lack of unity with My Spirit? There should never be any arguments among you, only good discernment bringing peace. All of you should submit to My counsel whether it is pleasant or unpleasant. The challenge is for you to separate your egos and need for validation and to be right by others. Really the correct way is to pray until you reach a clear understanding and peace to move ahead without any rancor or pride getting in your way. Let no one lord it over another, rather seek the concord of the Holy Spirit without personal opinion or prejudice. Place yourself in the other’s place and reason from there along with the Scriptures and the law of Mercy and love of neighbor. Put aside any need to be right or influence until you reach the Holy Spirit’s conclusion, not your own.

“Never presume that you know God’s will for a soul, labor, rather, to open your heart, and learn God’s will for a soul in great humility and not lording it over someone else saying that you know God’s will, but rather receiving it, gently and quietly offering it, allowing Me to do the conviction to bring that soul to that point.

“I love you and I am with you. Please lay down personal opinions and egos and seek the good of the others.”

And that was the end of His message.

Pray Against The Ravages of Nuclear War

November 6th, 2022

Dear Heart Dwellers, stay in prayer for the world because the situation is dire.

When I came into prayer I asked the Lord, what is on Your heart?

He said, *“Nuclear war is a holocaust, a very, very terrible thing. It damages both people and land and animals. Pray against this evil, pray against the severity of its consequences, and do not worry about anything, all is in My hands. I do not disappoint good will, rather I protect and nurture. And I know how your heart is troubled Beloved, just trust Me.”*

And here He is talking about a situation that arose with a new access point to get into our land, and when we were totally legal and able to use, and they blocked it off with barbed wire today and kind of trapped us with one of the vehicles that is supposed to be on the outside trapped us inside. And it is

troubling, I just do not want to have anything to do with rancor, I keep trying to bless these people and ask for God's best for them.

Jesus continued, *"Evil men may triumph for a time, but justice is coming."*

And here He is referring to the neighbors, some of them witches, with covens, cutting off access.

"I am of course," Jesus continued, *"more concerned in the salvation of their souls and your prayers for them gain weight when they oppress you without cause. If you can carry this cross without rancor, it will bring forth sweet fruit. Do not stress, I have a plan."*

OK Lord, Your ways are always best.

"And for the other matter on your heart, keep praying, there is change coming."

That had to do with a soul.

Oh, thank You Lord.

"Your prayers do carry weight, keep that in mind when you are tempted to take any action. Prayer first, because it moves mountains. You trying to move the mountain is like a little child with a spoon trying to move the mountain out of the way. Then I come in with lasers and accomplish it quite easily. Trust the plan, Beloved."

OK Lord, I will, help me please.

"It is a given."

"This war is coming but oh what a cost to human beings, animals, and Earth. The Earth is already unstable on its axis, using such force will be catastrophic. Pray against it, My Bride. I love you. I am planting graces in such a way that they will be activated by the right heart attitude. Always love your enemies and have pity on them. You bearing with these obstacles in patience is releasing mammoth graces for the conversion of souls. Trust Me in this. They may win the skirmishes, but they will most assuredly lose the war, and some who are in their clutches will be released, much to their master's chagrin."

"These moves they make against you are only causing more grace to abound to those who want to be set free from the covens. They are engineering their very own undoing, so let them oppress and watch the conversions begin to flow. I use all things to My benefit; of this you can be assured."

I know Lord, I have seen it so many times before.

"I tell you this because I want you to have peace, I Myself will handle this. Hold tight and love. Pray for them continuously and graces will flow, conversions will come. It is by your patient endurance that Satan is conquered."

"But more importantly, pray against the effects of this war, the nuclear effects."

And that was the end of His message.

And so, dearest Heart Dwellers, please get some Potassium Iodide and start taking it to protect yourselves from radiation poisoning. Two drops a day protects your thyroid gland from absorbing radioactive particles and turning it into cancer in your body. Give it to your animals as well-and check to see if it is safe first. Also, having a cup of Miso soup every day strengthens your thyroid and helps to protect it. I am not a doctor, I am just sharing with you things I have learned from doctors.

But I still see it as quite amazing that Our Lady protected her priests who were praying the Rosary. Everything around them was annihilated, but they were fine, and they never contracted cancer. Back in those days, priests were more holy, much infiltration by the Illuminati in the seminaries, lesson plans, and the establishment has changed that. Now the evil structure is coming down and the underground church, those who do not bend the knee to Satan, will arise as Jesus reforms His Church to be Holy.

In the meantime, stay close to the Lord and His Mother, who is forever praying for us to become more holy and faithful to her Son.

I want to share this dream one of our prayer warriors had. She began, "I saw America and a heavenly white beautiful mist settled over the East Coast and another heavenly mist settled over the West Coast. The two mists began working their way towards the center of America. The mists reached out towards each other like hands clasping. At the point where the mists touched Jesus appeared in the center of America. He had two swords and a voice said that these swords were ancient weapons from the Bible.

They may have been our spirit and routing swords, but they had long beautiful names that I could not remember when I woke up. Jesus then gave these two swords to all His people. Starting in the USA the true believers, God's people rose up to defend the truth and fight for what is right and war in the spirit against spiritual forces of evil.

And as the believes in America rose, then the believes all over the world rose with great courage, strength, and faith to fight against the spiritual forces of evil and do the good works of our Heavenly Father. It was a mighty throng of souls and each one of them were shining with heavenly light, like the mist so that the whole world was consumed in Jesus's light shining out from each believer." That was the end of the dream.

Pray dear ones, that this dream comes to pass, and that we are all a part of it.

Amen.

The Mega Tsunami

November 7th, 2022

May the Lord bless you and keep you in the palm of His hand dear Heart Dwellers.

Mother Clare began, "Thank you Lord for drawing close to me."

Jesus asked, "*Can we do this every night?*"

"Oh Lord with great pleasure and joy, my God. You have been so kind and accommodating to me."

"You have a few friends in high places," He smiled.

"Oh Saint Francis, thank you so much sweet father."

"My pleasure Clare, my little, little Clare. My great pleasure."

"I want to do this every night, can we?"

Jesus replied, "*That is up to you my love. Every night would be ideal.*" As we stood together on the Eastern sea shore looking over the ocean and the Boat song by Eden's Bridge, kind of a melancholy, meditational with water lapping in the background 'just happened' to be playing. "*You have seen the ship, the submarine, the largest in the world and it is on its way here, to destroy America. This is the mega tsunami I was talking about.*"

When the song finished, You said, "*Let's go.*"

He continued, "*Yes, because we want to talk to you. There is devastation ahead for your nation. Both coastlines are slated for destruction. It is a matter of prayer, what can be stopped or mitigated. Tell the innocent ones that it is in their hands to mitigate but not totally stop this. The dream Ezekiel had about the sea creatures flying was from this mega tsunami. Earthquakes for the west coast, Tsunami for the East.*"

"I don't understand how Russia could use the radioactive material and destroy the land the Chinese were promised?"

"With this weapon he is not thinking rationally. He wants to put an end to America."

"Can't he do the tsunami without radioactivity?"

"This is a matter of prayer for you America. There will be massive destruction, but you can pray against the poisoning of the seas which will have drastic consequences on earth, and that is not mentioning the shock wave and what it will do to the planet's alignment."

"Lord, what are we to do?"

"Pray."

"Lord this is too terrible to even conceive of."

"This is one of the weapons Putin has been holding in reserve for such a time as this."

"Saint Francis, are you still here?"

Saint Francis began speaking, "I am, but I will leave you with the Lord to work things out. But I do want to tell you, I am happy with you and this order will flourish because, it is real and has all the earmarks of our sweet Savior and the way His church should be. He wants to make the church human again, not a corporation or institution, but a brotherhood and sisterhood, where all are equally honored and given respect and care. A mighty job if you ask me, but you know He can do it. Just stay very little Clare and He will do the rest."

"Oh, thank you dear Father, thank you. How sweet it is.... thank you for coming tonight."

"It truly was my joy."

"Wow, I am so humbled to hear you to say that. I really thought I had failed you in so many ways."

"Far from it Beloved one, far from it, you have been who you are and have done what you can, the rest is in His capable hands and He knows exactly what He is doing. Do not fret, just trust, all is going as planned."

"You see, He knows far ahead of time what will happen. Rest in that now and be grateful for the working of His marvelous grace especially for such little ones as yourselves and community. I love you and I am proud of you. Stay little, He will do the rest."

"Your blessing Father?" I knelt before him and he kissed my forehead saying, "Don't worry, you will be with us soon."

"Jesus?"

"I am here."

"Jesus."

"Yes, it is sad, so very, very sad, apply yourselves to prayer for something to change." And that was the end of His message.

God bless you family and may we commit ourselves to serious prayer for America and all nations.

You Let Me Down

November 7th, 2022

Dear Heart Dwellers, lately I have been feeling like I am losing the fire of my love for the Lord. I want to go deeper with the Lord. I want to see shortcomings and sins in my life that I have not noticed before and renounce them from the heart. But I need Him to change me because I certainly cannot do it myself.

I am asking Him for help. I noticed that I have been wasting time and getting off track, the terrible scourge of distraction. And I was not happy with myself, so I went to the Lord, saying Lord, I am terribly sorry for wasting time and getting off track, not praying as I should. Please forgive me. I know I do not deserve this forgiveness; I do not want to be this way. Please change me. Lord, indeed, I am but a foolish woman, but from my heart, I am sorry I hurt You. So sorry.

And this all came about on Sunday when we were all getting Rhema cards, then we share our Rhema cards. One of the Rhema cards I got was "You let Me down." Oh goodness, I just about- my knees just about collapsed under me when I saw that and I thought 'Oh, no!' My heart fell when I saw it because You are so good, Lord. Never, never should I be so careless.

The Lord began, *"You were not praying and communing with Me, Clare, that is one reason why you fell."*

And that is true, I have been extremely busy lately, but I must put Him before my busyness, and I have not been doing that.

Yes, and I see that, Lord, and I see that I am making excuses left and right to blame it on the enemy.

Jesus replied, *"Of course he had something to do with it, but you weakened yourself by not spending time with me. I listened to your thoughts- 'I do not know how to pray, it is so much work to get a response, and then I am not sure.'"*

And what He is talking about there is in my private prayer. Not when I put messages up, that is different, He speaks to me very clearly and quickly in that way most of the time, but I am talking about in my spare time when I am with Him and then trying to be quiet and close to Him. I have been very restless.

He continued, *"My Beloved Clare, I do forgive you. The most painful thing to me was your absence, as if I did not even exist, and the thoughts that you had that I was too much work and even boring, waiting for Me."*

"Where did you depart from Me, My Love? How did you become so cold that it was not worth the wait to be with Me?"

Please tell me, Lord, I am horrified that I could even think such thoughts. Where has this indifference come from? It is terrible!

And I was standing in the kitchen heating up my coffee and I thought I heard, 'It is the little things.' In other words, when I feel impelled to do something, you know how it is, when you feel like the Lord is nudging you, tapping you on the shoulder, 'Do this for Me, please,' and brush it off or ignore it, that is indifference, selfishness, pride, which severs something in our deep connection, then I become more shallow and more self-absorbed.

What are the sins here? Callous indifference, making little of a prompting from the Holy Spirit? When I should respond in joyful obedience, no matter how big or how little the thing is?

Lord, please tell me if there is a name for this kind of curse. It is definitely presumption, I know that, but I hear sloth, indifference, laziness. Instead of responding with joy that I am being led of the Spirit of God, if it is not convenient for me in just that moment I push it to the side, carelessly. It is like I do not really care what He wants, I have got my own thing going.

And here in the community when I come around to a certain individual and I ask for their help with something, they almost always push me back and resist helping. Then I have to reason with them and explain why it is so important. Instead of them cheerfully saying, 'I will take care of that,' they are saying, 'I do not have time for you. What I am doing is more important.'

Now I see clearly. I have done the same thing but to our precious Savior.

What a tragedy for the Lord to see the expression on my face and hear the intonation of my voice, 'I am too busy with my own concerns. I cannot help You, Lord.' What a terrible thing that is. Please, help me get to the bottom of it, Lord, and help me to change.

You Jesus are so loving and tender, so mighty yet merciful, I have truly sinned against you. I am ashamed of the way I have treated You. St. Joseph, Blessed Mother, and Jesus, help me please to change my life which up until now, I find lacking.

The Lord very gently began to speak to me.

"What you have discovered about your self is a common theme in the modern church. As it is written, in the last days men's hearts will grow cold. This is what you are struggling with, Beloved. It is not altogether your fault, although you do have the insight and power to change it now. This is why I want trysting time with you Clare. I want to romance you sweet Bride, to restore to you the fiery heart within you. There are many factors that go into fueling this fire, as you can see.

"Most Christians are operating way below their capacity to love Me. The world allures them into many activities and fascinations which appeal to them. How can I compete with the world? I cannot, so I must wait until the world has lost its luster and they have run out of rabbit trails. You were this way and can still be this way when something strikes your fancy, such as spinning wool, learning about mushrooms, and other things that are nothing but pure distractions sent by the enemy to draw you away from your work and away from Me. And unfortunately, many times it works."

Lord, why then did you make the world so beautiful? How can we pass by this beauty?

He continued, *"You may worship Me when you see beauty, but do not engage it, do not fall for its charm. This takes practice and discipline. Always let beauty reflect back and draw you to your Creator. Beloved, what you struggle with is common to man, I understand that, so I am so very appreciative when you return thanks to Me and keep your focus on Me. There are many different levels of wonder and enjoyment from My creation, and many different responses.*

"But those who hunger and thirst for Me, are not overcome by them. It is a discipline that a soul is happy to embrace, even to run from those things that are pleasurable, so they do not get snagged. But when you do get snagged, pray and ask to be delivered, and you will receive help. You are here to lead the captives to freedom, not to join them in their captivity.

"My people, the more pleasures of this world and your body, you give up, the more I will fill you with My Spirit and the deeper intimacy we will enjoy together. I want you to be free as a lark in this world, flying through it, not as a citizen but as a stranger commissioned to do greater things. And when you allow yourselves to be captivated by its beauty or excitement, your senses become dulled, and things of the Spirit lose their savor. The more you divest yourself of these attachments, the more of Me you will have. I cannot fill a vessel that is restless and roaming about in this world searching for the next pleasurable or entertaining pastime. I must have all of you. That is why you dress the way you dress and live the way you live.

"But even in that, dissatisfaction can sneak up on you and make you long for the leeks back in Egypt. It takes a while to relish only spiritual things and cast off every practice that does not bring you closer to Me. This comes through trial and error and being extra vigilant over your heart and what it is prone to attach itself to. At first this may feel like the dulling of the senses, but after a while, it becomes habit, and you avoid those things that can lead you astray."

Dear Lord, it is well worth the effort. When I first made the move in my heart to be attached only to you, I stumbled many times. But the way You revealed Yourself to me, and the times we spent together made it so worthwhile that I continued to remove pleasures from my life.

Jesus replied, *"Pride and independence are enemies of this life. Humility and obedience fortify you to carry more gifts and love Me more deeply. It is a costly effort to begin to live this life, but it is one you will NEVER regret.*

"Beware of the little foxes, the times you pass Me by when you get a nudge to do something for Me. As you yield yourself more and more to My will, or My inclinations, you will become more like me. Sanctity is like climbing a stairway to Heaven, each step leads to another, bringing you closer. And conversely, every act of indifference and self-will, brings you one step down, closer to being Earthbound. So, it stands to reason that you take advantage of every opportunity to go upwards. But then you will encounter levels. Where you were eager to make sacrifices, you become comfortable and if something comes along that asks of you something you are not ready to do, you lose that opportunity to become more intimate with Me.

"So, the answer to this is to continually step upwards and deny Me nothing, then you shall have all of

Me. You will make rapid progress and when looking from where you came from you will be so happy you are no longer there. Clare, the little foxes ruin the vine, beware of the little things. I collect each sacrifice you make in a holy vial and turn them into the purest love. You are not alone in this journey, I will help you all the way, only obey Me in the littlest things and your peace shall be great."

Why Suffering Is Increasing 1 of 2

November 9th, 2022

My dear Heart Dwellers, I know that all of you are going through very great difficulties right now, and there is a good reason for this. But just to give you a heads up, the Lord has told us that first there would be a war, then the Rapture.

Dearest ones, Ezekiel and I are suffering greatly as well, in every possible way, and the Lord wants to encourage us, time is almost up. Lift up your heads, for behold your redemption draweth nigh.

"Listen My Children, the stakes are high, in this moment, very, very, high."

That means we are standing at the gates of eternity for those who do not know God. He needs us to stand fast during the storm and pray for lost souls who are in great danger of spending their eternity in Hell.

My blessed ones, you have been called to walk in the footsteps of Christ, all the way to Calvary and beyond. Your sufferings are throwing millions of life savers floating to those who are drowning in the darkness of hatred, war, despair, confusion and utter abandonment, or so they think. But they have not been abandoned.

The Lord is raising up an army of warriors willing to engage the enemy in battle and take the hits in their own lives to save those lost in the darkness.

These hits can be painful and offered up to the Lord as if they were fast offerings. They cover things such as vehicle repairs, the flu, rebellious children, unjust laws, all kinds of contradictions in our lives every day. Whenever you encounter obstacles, they can be offered up just as a fast offering can be. God never intended our sufferings to go to waste, He uses everything. Sometimes we suffer because we have opened a door to sin or disobedience, other times God allows it for the sake of souls on the brink of the abyss. Many times, Ezekiel has ministered in the spirit to those who were dying. But only by knowing the Lord intimately can we understand the reason why He allows what we suffer. I find that it is usually half purification and half His need for offerings.

I was once such a one, lost in darkness, not knowing which end was up, not knowing who to believe, not knowing for a certainty what was the truth until Jesus apprehended me one night and pulled me out of my pit. Yes, He did a wonder in my life and showed to me the difference between all the religions on this Earth and Himself. I do not say His religion because He longs for relationship with each of us and religion is like a mechanical structure with moving parts, rules and regulations, jots and tittles, but relationship is embracing the very Creator of the universe. Not a faraway embrace, but a heart-to-heart embrace, where He feels what you feel, He knows your lostness and confusion and has embraced you to wash away all the lies in the matrix of darkness, with His tender love, encouragement, and illumination.

Once that relationship is established, all the rest can be clarified, and He can bring you into the fullness of the faith. But without that relationship, you are at the mercy of men's opinions. And much has been changed, through the centuries, stripping away things the Lord left us in the church to help us live a sanctified life. But if we seek the truth, and only the truth without bias, eventually He will establish us in the truth, but without that relationship, we are at the mercy of opinions of men. And that is very much what Heart Dwellers are all about, is embracing the Lord's heart, totally, and allowing Him to set us straight in our thinking.

Dear ones, men have agendas, and ever since the Lord created the early church, agendas have been changed by men, and other churches have been begun. The Lord is the only one who began His church in Jerusalem in thirty-three AD at Pentecost, He established His church, He picked the Apostles and their successors coming up through the line, all the way to present time. That does not mean that the men are perfect, there are always flaws and the devil has done much damage to the church to bring it down.

It is worth serious consideration that Martin Luther established his church in Germany in fifteen seventeen, with the Protestant reformation...many influential persons of that time jumped on the band wagon with him, but they deleted very important doctrines that Martin Luther did not want deleted. For instance, Luther had a strong devotion to the Mother of Jesus, but others who were not warm to her intercession and her position in Heaven, took the liberty to remove that, planting instead empty and deceptive arguments against the Cloud of Witnesses and lumping her in with the selling of indulgences which was a twisted corrupt doctrine used to accumulate money.

To this day, mainline Christians have no connection with Heaven's intercessors, nor do they understand that the Bible was birthed out of the church in three hundred AD. That is why they make such frequent statements like, 'Well, I only believe in the Bible and what it teaches, I do not need anything else', well, they are not realizing that the early Christians did not have a Bible, they lived within the framework of letters and holy traditions passed on by the Holy Ghost and later ratified by the consensus of Bishops in three hundred AD, creating the Canon of the Bible.

The point is, Luther founded his church in fifteen seventeen, John Calvin in France in fifteen thirty-six, William Tyndale, Aimee Semple McPherson, John Knox and on and on and on, founded their churches through the centuries, but Jesus gave birth to His church in thirty-three AD, in Jerusalem, so a lot of reformation has taken place going from one generation to the next, a of changes based on culture and convenience, and especially, political motivation, political pressures. And these compromises have

done a great deal of damage to the integrity of the early church have had an influence on what the church teaches until you arrive here at the modern church that has lost a great deal of the real character of those who walked with Jesus.

I think it is a very stark picture of the life that was led by the early Christians. In the film series “The Chosen”, you can really see the simplicity of the Apostles that Jesus picked. Totally different from the wealthy and the highly educated people of today. My search for the Lord was based on getting to the bottom line, the truth. I had seen all kinds of doctrines and spiritual practices, but none were the truth until Jesus apprehended me. Little did I know that even in the Christian communities, there was a wide divergence of opinion about how the Scriptures should be interpreted.

That is what led me to what the Apostles taught and how Christianity grew into the very rich faith that it is, beginning in thirty-three AD. And I am sorry to say modern Christians bear very little resemblance to first century Christians.

Even though the Catholic and Orthodox churches retain much of the early church liturgical life, because remember, they were coming out of the Jewish temple life.

Why Suffering is Increasing 2 of 2

November 10th, 2022

Some have been compromised from within by Satanists and Masons, Communists, and at large have lost the faith. However, a tiny underground segment of the church is still alive and authentic. Few find it because of the corruption on the surface of the institution. They are turned off when they see and hear that, but for those who doggedly pursue the truth and want to go deeper, to live what Jesus taught, the gates of Hell have not prevailed and the glorious riches of the faith are there for those who care nothing for the opinions of men, who ridicule you when you want to go deeper and those who seek only the Lord and practice what He taught. If you are one of those, you will go deeper until you really are satisfied that you have embraced the truth.

He knows all the hidden darkness and sins of our lives but loves us to utter distraction. He rescues us from the murky waters of men’s ideas and guides us through crocodile infested waters and through the filthy marsh of Satan’s lies about you are a hopeless failure and about Jesus being a mean and unmerciful God. What most do not understand is in the Old Testament that God was merciless with those who tortured and ate their babies, sacrificing them to Baal and doing the unthinkable with animals. Because the animals and people were demonized by these practices they had to be cleansed from the land, so these Satanic practices would not be embraced and perpetuated by the Israelites.

But for those seeking to live the TRUTH with all their hearts, for those He is pure affection, love, and mercy, and likens the relationship He wants to have with us to the married union. Not in the carnal

sense...we receive Jesus Sacramentally in the blessed and consecrated elements of bread and wine, in Communion.

These are some of the things that are distorted and hidden from the modern church and those who are so very lost and need more helps, more understanding to their sanctification, their faith in Christ. This is the Jesus we need to reach them with, and Satan is in an all-out war with us because his time is short and coming to an end. So, he attacks and torments the Body of Christ to prevent us from bringing the message to those who need it the most. This is the reason why the world is getting so very, very dark, bitter, and loveless, more than it has ever been, and the devil knows his time is short.

So, as we stand in the gap we are buffeted and attacked, in every conceivable way, from the physical, to the psychological and emotional and especially spiritually. We are suffering right now because the Lord needs our offerings, our fasts, and our willingness to go a hundred extra miles out of our way to save others. Therefore, every time you and I turn around we are opposed, contradicted, misunderstood, and lied about.

In Colossians 1, Paul writes, "I find great joy at present in suffering for you, and in my own body I am completing the sufferings that still must be undergone by Christ for the sake of His body, the Church."

For the sake of his body, the Church: Nothing is lacking in the sufferings of Christ, but believers who form a single reality with Him (His body) prolong and complete His Paschal Mystery of Death and Resurrection by their trials and sufferings.

In summary dear ones, these Scriptures say it all and explain why things are so extremely hard in our lives right now. Do not give in to discouragement because we are on the final lap and awfully close to the Rapture. But it does make sense that when the end came closer things would get harder, they must, to release graces for the lost before it is too late. Yes, our sufferings release graces, which is why we fast. Grace is the gift of God, but it is released through our generous participation in His suffering. Here is the Scripture:

2 Corinthians, Chapter 4

The Gospel of the Glory of Christ. 1. Therefore, since we are engaged in this ministry through the mercy of God, we do not lose heart. 2. Rather, we have renounced all shameful and hidden ways. We do not engage in deception or falsify (OR MODERNIZE-I am adding) the word of God.
3. If our gospel is veiled, it is veiled to those who are perishing, 4. those unbelievers whose minds have been blinded by the god of this world.

For instance, prosperity gospel-That everything is ok, you should never be sick, you should always have everything you need. The prosperity gospel-Blinded by the god of this world to prevent them from seeing the light of the gospel of the glory of Christ, who is the image of God.

5. We do not proclaim ourselves. We proclaim Jesus Christ as Lord and ourselves as your servants for the sake of Jesus. 6. For the God who said, "Let light shine out of darkness," has enabled his light to shine in our hearts to enlighten them with the knowledge of the glory of God in the face of Jesus Christ.

7. However, we hold this treasure in earthen vessels so that it may be clear that this immense power

belongs to God and does not derive from us. 8. We are afflicted on all sides but not crushed, bewildered but not sunk in despair, 9. persecuted but not abandoned, struck down but not destroyed. 10. We always carry around in our body the death of Jesus, so that the life of Jesus may also be manifested in our body. 11. For in our lives we are constantly being given up to death for Jesus' sake, so that the life of Jesus may be revealed in our mortal flesh. 12. As a result, death is at work in us, but life in you.

And as Franciscans, how many times have we been ridiculed for our vow of evangelical poverty? Which merely means that we reject the superfluidity of the modern world in order to have more of Jesus, more time with Him, more ability to work for Him.

He continues and says, 16. Therefore, we do not lose heart. Even though our outer self is continuing to decay, our inner self is being renewed day by day.

And, you know, I cannot tell you how many times- I know my physical body is getting older, I am surely aware of it, but I feel so young, I feel like I am in my twenties. It is a beautiful thing, and that renewal is coming from my relationship with the Lord and His Word and how many people think that Christians should always be perfect? Have an exciting and fun-filled life, with all kinds of possessions and abilities to do all kinds of recreational things? And they look at the ones that are poor and sickly and think of them as the underprivileged, the ones who did not make it into the good life of Christianity. They are still on the outside, they just do not have the faith, or whatever the assignment is to their motives. What a lie that is!

17. Our temporary light afflictions are preparing for us for an incomparable weight of eternal glory, 18. for our eyes are fixed not on what is seen

Not on the things of the world, the accumulations, the privileges, the lifestyles, but on that which cannot be seen. What is visible is transitory; what is invisible is eternal.

And these quotes are partially from the NCB Bible, the New Catholic Bible which I have not done a thorough study of what is in this Bible but – so please do not take it literally, I have much to learn yet what is in it, but it seems to me that it is going in the right direction.

Dear ones, we are on the verge of our incomparable weight of Eternal Glory, we must keep our eyes fixed on what cannot be seen, that which is invisible is eternal, we are approaching the Rapture, and allowing our Sweet Jesus to take as much as He needs from us to save those He weeps for. Hang in there, it is coming, it will be over soon enough, do not lose hope and count it all joy that we are worthy to share in the same contradictions and persecutions that Jesus suffered for us.

Amen.

Supernatural Defense Against Disease

November 11th, 2022

Lord, strengthen us to love our enemies and to do good to those who hate us. Amen.

"I am here with you Clare," Jesus began, "Thank you for repenting, a lot was dependent on that."

"Thank You Lord for the contrition. I love being contrite I hurt so very badly for having offended You, who have been so good to me. I was really stupid, dear God I hate my sins, please deliver me from myself."

"Desire conceives things, even for others when it is not My Will. You could have bypassed all of this had you sought Me first. But there is a little stubborn streak in you that justifies yourself over things for others as well as for you. You are learning each time you go a little deeper in contrition. The day you have no more sin in that area will be a glorious day for both you and I."

"Please Jesus, what is on your heart today?"

"The whole world will soon be in chaos, but you will have peace. Pray for the world. Do try to offer up short prayers as well as longer ones during the Rosary. Think of the little children and their mothers who will be faced with starvation and sickness. So many will die as they have weaponized diseases which will come to America, and spread like wildfire. Psalm 91 is extremely important. Make it a habit to say it every day with the community and bind it from coming here. So many will die from this, a terrible death. Faith will be extremely important."

"My people, you must learn to build a wall of defense where the bricks are solid brass and stretch up to the sky. They must be anointed with prayer, worship and brotherly love as the mortar. Let this wall be built by brothers and sisters steeped in humility. Love and humility will do more to protect you than the finely tuned bricks of faith which sing a melody all their own. This gives off a vibration that kills disease. Anywhere there is true brotherly love and humility, walls of defense have already been constructed. But attaining to that state of mind and heart is oh so difficult, contrary to survival instincts and Godly wisdom."

"Strive always for these two virtues which will do so much to protect you and the work I have assigned to you. It is not easy to go against the tide of public behavior, you are labeled an odd ball, suspected and accused of many irrelevant things. Without particular political views and affiliations, you are considered an enemy. As things progress, this will become more and more obvious."

"Love your enemies and pray for those who hate you. By this supernatural disposition of your heart all men will know you are My disciples. Sooner or later this will be recognized and leave the unbelieving in a quandary, "How can such evil people be so good?" This will eat away at their conscience. They will

not be able to forget it. The trait that separates you from the enemy is your love, forgiveness and good will towards those who hate you."

In that moment I had a very negative thought about myself.

"Please stop giving in to deprecating words to describe yourself. You are not perfect, but you have many solid virtuous traits that grow every day as you harness and shut down these negative assignments. The destructive words are designed to slow that progress down by shifting your attention back on your weaknesses and undermining your confidence in Me.

"Back to faith...build a wall of faith, brick by brick, each time you have a discouraging thought, with the mortar of brotherly love holding it all together." Amen!

Combative People

November 11th, 2022

Lord, please grant us the grace of understanding and a compassionate and cooperative spirit to keep the peace in all circumstances. Amen.

Mother Clare began, "I don't understand this mood? It hurts."

"It's always the same thing," Jesus responded, "The enemy is looking for a bone of contention. When this happens, it is always better to withdraw rather than to contend. Leave it alone, it will pass."

"Please give me the grace to slide right out from under this trap."

"Be very gentle, that always works. My grace works from within. My people when you find that those you live with are combative, back down and do not press into your rights to be heard. Rather increase in gentleness until the conflict is past. Many times, people are not aware of how they sound. It's not deliberate and has nothing to do with you. This is where many go astray and tensions mount. Diffuse, always diffuse issues and lean towards brotherly love. The things people conflict with are not worth the time and effort to correct, but brotherly love is. Keeping this bond alive and effective is truly the highest priority.

"It is so easy to get into conflict over anything when the guard of charity is abandoned. Part of the lesson in community life is continually restoring and backing up the flow of harmony and peace coming from meek and humble souls. Look to the needs of others and do not permit yourself to be side tracked into empty conflicts that are mostly about ego and the need to be right. These traps have been laid out all over the community and communications with others. It is a spirit of contention. Bind it and ask for Holy Spirit to repair any cracks that began because of it.

"The satanists use your own weaknesses and desires to be right, to provoke conflict. I say to you, have no part in these dynamics and you shall be kept whole and alive, retaining the anointing and bond of brotherly love. Walk on the road above contentions and you will stay free from sin.

"I know how hard this is for you, I know that inner insecurity that plagues you, which you don't have an answer for. Rest in Me My Clare, do not go over and over again things that brought with them an air of contention. Let them go and go on with Me. There is an art to living together and it takes time to cultivate a peaceful and serene spirit in all circumstances. You also have a very real enemy who has been assigned to divide and break the bond of brotherly love. Do not follow his suggestions, rather strive to keep the peace.

"If you cannot keep the peace in peace time, how are you ever going to be able to keep it in wartime? This is a rhetorical question, meant to get you back into balance. Value peace and brotherly love above being right. Striving to be right over minor issues is nothing more than a show of ego. Strive to be peaceful...let others do what they may, but you My Beloved, do not take part in contentious disputes. It is unbecoming a Bride of Christ to stoop to those things.

"I allow these things to come to the surface so that you all can see where you are at or where you are not at. All of you need more maturity so that you do not stoop to defending your position or your particular version of a truth. As long as you are attached to being 'right' Satan will sift you and cause numerous disturbances. Right when you think you are doing well, and you relax, then he will come in from left field and set you all at odds with one another. You must be smarter than that, please wake up, be adults and handle Satan who is trying to make an opponent of your friends.

"There is an order to be followed, and there is a time and place to tenderly unravel disputes in private not touching others and drawing them into contentions. When it comes to discipline, if someone is truly out of line and doing damage, compromising doctrine, ignoring those they pledged obedience to, discipline or directives protecting the flock from error must be put in place. But if it is just a matter of a private affair and quarrel over who is right and who is wrong, you must do your best to mediate for the truth."

Here I would like to mention a circumstance that was very difficult for us. One of our priests who had been made a Bishop, became defiant and was teaching bold faced error and would not come to the table to correct this doctrine. This case went on for weeks and we had to disassociate ourselves from them, formally, censoring them and asking them to find another group to work with because their doctrine was divergent from what we've been taught.

Family, we are a loving group of people in the heart of God that deal with every situation in love, for as far as we can go with a soul, without moral lapse. We do not threaten others, they are here because they love the Lord, and if they are slow or having relationship issues we don't add insult to injury, we help them sort out and resolve, if possible.

God bless you dear ones. We love you and are praying for you.

Repentance The Sealing by Angels

November 18th, 2022

Thank you, Lord, for a spirit of true and contrite repentance. May this spirit go deep down into our souls. Amen.

Mother Clare began, "It is all too much Lord, but what do you have to say? Thank you for dancing with me. I loved that."

"I wish they would take this more seriously. This is not just another threat. This is the end, this is what they wanted, to put America out of the way, now they are going to get it."

"Lord all those YouTube videos I put up that talk about these things, was I wrong to mention political things in them?"

"Well, you could have gone two different ways, you chose the darker path of exposing truth. That put you on their no-no list. Or you could have stayed with the sweetness of intimacy with Me, and in truth, you would still be on the no-no list. You remember, the very moment you spoke about intimacy with Me, you were viciously attacked."

"I remember Lord."

"That was taboo as well, so is Misty taboo, anything causing people to turn to God, and follow Him in intimacy and closeness, anything like that will be suppressed, music included. What is done is done, but you can be more careful and diplomatic in the future."

"What is coming is terrible. Your country will be attacked in three different ways, biological, nuclear and militarily. Communication systems will also be shut down. Not an easy time. Those without Me will suffer the most. There will be angelic protection for My people, but obedience is a must in order to direct things. Decisions made in the flesh will have disastrous consequences. Prayer and discernment must come before any actions. One little mistake could cost a life. I do not want to make it sound hopeless."

"Lord what about our Brother and Sister in Europe?"

"They should stay put and I will use them when things go really dark for Europe."

"What about them and the desert community?"

"That depends. I will use them in Europe, but they must be patient."

"What about my thought that they should have a prayer group?"

"That was not your thought Beloved, it was Mine."

"Thank You Lord."

"We are face to face," Jesus said, "You need hours of prayer to offset these events. Hours, Beloved. Please, put them in."

"What about music?"

"It can wait, trust Me, it can wait."

"Could I do the forgiveness meditation?"

"After prayer. Everything, after prayer. My people, you will not survive what is coming unless you put unlimited prayer into your life. Morning, noon and night, and deep night prayer when possible. You all must be fortified with prayer. The Rosary, The Divine Mercy, and gut it out, this is the real deal. Ask Holy Spirit to lead you in prayer. Pray for your relatives that are in grave danger, tell them what you can, tell them to call on Me in their hour of need, believing that I will rescue them. In fact, there will be many rescues, the angels will be assigned to certain individuals that are to be transported out from among the chaos."

"Do not stop praying for those who have no other hope than Me. Pray also for the worst sinners that they will recognize their hour of visitation."

"Lord when is the moment of truth?"

"There will be a sealing taking place, the moment of truth will be in close proximity, before that event. This will give people a choice of whether or not they want to serve Me. It will be very soon."

"Repentance has become very, very necessary. It would be good for you My Beloved one, to examine yourself more closely and stay clean. Please, stay clean. The ones who desire to be clean but fall to weakness will be in a better place than those who brush this opportunity off."

"This is a lot for you to consider dear one, let's leave off here. But know that I am right at your side, continually, won't that be helpful?"

"Yes Lord, thank you so very much." And that was the end of His message.

God bless you dear Family and let us stay in a state of continual prayer and repentance.

Gunshot Wound to the Head

November 19th, 2022

Heart Dwellers, this is an urgent request for prayer. One of our sisters in the community was in adoration with Jesus in the monstrance. When she began looking at Him, she saw His face appear clearly on the host, but there was a hole in His forehead, a gunshot hole and blood was pouring out of it. Also, as the blood trickled down, the body began to separate into two parts.

I felt in my spirit that this image in the host represented an assassination attempt on President Trump is in imminent danger, right now. So, we began to pray the Seven Sorrows Chaplet of the Virgin Mary, asking for her intercession that this terrible thing would not happen.

We pleaded with her, citing her intercession with Pope John Paul the Second to keep him from being assassinated. He had quite a devotion to the Blessed Mother, and she was his intercessor of choice. We also prayed the Divine Mercy Chaplet, 'Eternal Father, we offer you the Body and Blood, Soul and Divinity of Your dearly beloved Son, our Lord Jesus Christ, in atonement for our sin and the sins of the whole world. For the sake of His sorrowful passion, have mercy on us and on the whole world.'

We also asked Father Ezekiel to get a confirmation, whether this vision represented Donald Trump. He went to the Bible Promises and received the Holy Spirit reading as a confirmation.

If Donald is assassinated, it would drain the blood out of this nation and our country would fall into despair and division worse than any other in history, and the Lord began speaking to me while the community was praying:

Jesus began, *"Are you prepared to receive what I allow?"*

Lord, do I have any choice?

"You all have a choice, but then there is My choice. It has not as yet been determined. Get as many as you can to respond to this plea and pray. My people, there are great graces in store for all of you who are weary and are barely holding on, do not let that stop you. You have been given a warning, it is up to you now and in your hands to plead with the Father for your President's life.

"There is yet much corruption to be overcome and it is very dark. One of the most corrupting issues is the way the generation coming into power, has been conditioned. You can eliminate all the bad guys responsible for the blackness of this nation, but then you will still have to deal with a generation that is frivolous and shallow with no moral backbone.

"There are things I must bring about to chastise this mature generation to get their attention, it is not pretty, the decay goes very deep and just like those who have problems with their teeth, their grip on life...their perspective of what is morality, what it truly is, has been diseased by Satan's agenda in schools and media, especially, it is directly influenced by greed and power, an ethic that defrauds the poor to supply the affluent and the wealthy. Their idea of a healthy world is totally insane.

"They have no idea of their ignorance in wanting to eliminate the elderly, the poor, and those called 'useless eaters.'"

And that was the end of His message and right after that, Father started going into travail and he had the symptoms of a bullet going through his brain, lodged in his brain, and his head was in terrible pain, so PLEASE, stop drop and pray, pray hard, to save our President from being assassinated and get as many people to pray as you can. This is what they are planning right now, in real time.

God bless you and thank you and may God hear our prayers and have mercy on our nation.

Russians Penetrate America

November 21st, 2022

Jesus, please help us to fix our gaze upon you and stay deeply rooted in Your vine. Amen.

"Lord, I don't feel like I should be here, but I am out of obedience," Mother Clare began. "I know you love me, it's just self-hatred and maybe a little self-pity??"

"I know how badly you feel Clare and I accept your apology. So now we should move forward, don't you think?"

"I am so sorry for my pride and wanting to know. I understand that is a function of lack of faith and I know I have scandalized souls talking so much about it all. That is not what we are called to."

"Nor is gluttony, which you have an embedded case of. Would you like to be delivered of that?"

"Yes Lord."

"Good, I will get to work on it right away. Please always choose the less savory foods over the more savory. That will help a great deal." He smiled as I tried to get comfortable on the cold, metal chair, and said, *"And the less comfortable alternative."*

"I get it, it's about putting the flesh to death."

"Would you rather see that in the illumination or see it now?"

"For sure, now. Maybe I can do something about it."

"I want to pick this sinking heart up."

"Me too, but how?"

I just dug into His chest and had a good cry. "I need Brother to be there for me, to be kind."

"And I need you to be here for Me and be kind. A sinking heart is not good company. How can I cheer you up?"

"Sweet Jesus, I don't deserve that."

"But I do. Let's say we cheer up a bit."

"Jesus, all I can see are my failures right now and I am sick at heart about them."

"I understand. I know it hurts to see the ways you have failed. That is why we sent you some encouragement beforehand about how you have succeeded. Let's look on those too, there is a helpful balance."

"I don't want to take any more time about me."

"Tell everyone to read from Jeremiah 51, Verse 8-15, Revelation Chapter 18, and Zechariah Chapter 14, where Christ fights against those who possess the earth. After His victory," the angel said, "there will be one flock and one Shepherd."

Here is an excerpt from Dumitru Duduman's Book, 'Dreams and Visions from God.'

I prayed, then went to bed. I was still awake, when suddenly I heard a trumpet sound. A voice cried out to me, "Stand!"

In my vision, I was in America. I walked out of my home, and began to look for the one who had spoken to me. As I looked, I saw three men dressed alike. Two of the men carried weapons. One of the armed men came to me. "I woke you to show you what is to come." He said, "Come with me."

I didn't know where I was being taken, but when we reached a certain place he said, "stop here!"

A pair of binoculars was handed to me, and I was told to look through them.

"Stand there, don't move, and look," he continued. "You will see what they are saying, and what they are preparing for America."

As I was looking, I saw a great light. A dark cloud appeared over it. I saw the president of Russia, a short, chubby man, who said he was the president of China, and two others. The last two also said where they were from, but I did not understand. However, I gathered they were part of Russian controlled territory. The men stepped out of the cloud.

The Russian president began to speak to the Chinese one. "I will give you the land with all the people, but you must free Taiwan of the Americans. Do not fear, we will attack them from behind."

A voice said to me, "Watch where the Russians penetrate America."

I saw these words being written: Alaska; Minnesota; Florida.

Then, the man spoke again, "When America goes to war with China, the Russians will strike without warning."

The other two presidents spoke, "We, too, will fight for you." Each had a place already planned as a point of attack.

All of them shook hands and hugged. Then they all signed a contract. One of them said, "We're sure that Korea and Cuba will be on our side, too. Without a doubt, together, we can destroy America."

The president of Russia began to speak insistently, "Why let ourselves be led by the Americans? Why not rule the world ourselves? They have to be kicked out of Europe, too! Then I could do as I please with Europe!"

The man standing beside me asked, "This is what you saw, they act as friends, and say they respect the treaties made together. But everything I've shown you is how it will REALLY happen. You must tell them what is being planned against America. Then, when it comes to pass, the people will remember the words the Lord has spoken."

"Who are you?" I asked.

"I am the protector of America. America's sin has reached God. He will allow this destruction, for He can no longer stand such wickedness. God, however, still has people that worship Him with a clean heart as they do His work. He has prepared a heavenly army to save these people."

As I looked, a great army, well-armed and dressed in white, appeared before me.

"Do you see that?" the man asked. "This army will go to battle to save My chosen ones. Then, the difference between the Godly and the ungodly will be evident."

And that is the end of this excerpt. Pray for America dear family to turn away from sin and unrighteousness, and to turn back to God. Amen!

Steward the Graces I've Given You

November 21st, 2022

The Lord's blessings be with you, dear family.

Well, I am going to open my heart to you and share with you a struggle that I am having and that you are having too, in your own way.

Lately we have been using Misty Edwards for our Dwelling Prayer, and boy, she lights a fire under you, she is amazing, and I am always moved by her, especially her sincerity and fire and the great ability to be very candid and up front with her message, and how important and vital her message is.

And of course, the musical interpretation is very dramatic at times, and really stirs my soul and I want to do better with my music. So, I struggle with feeling impotent. Father used to tease me all the time and say, 'Why do you feel important?' No-impotent!

But anyway, now my dear Satanist friends, you can take this and run with it to your little cursing altars, but I have confidence in the Lord that that will not succeed. He brought this up immediately today and I am sure I am not the only one struggling with comparing myself to others.

So, I was a little reluctant to hear from the Lord and He tapped me on the shoulder, and He said,

"I am here."

And I said, Yes Lord, I am here. H-e-r-e and h-e-a-r, too.

He said, *"Why are you disparaging yourself? Misty has a completely different charism, yet I need both of you. Oh Clare, it hurts Me deeply when you look upon yourself with such contempt. And of course, the enemy takes complete advantage of your thoughts. In fact, many of them originate with him, just to get you down and remove your focus from Me and what I am doing."*

He lifted my chin because I was looking at my feet.

He said, *"You need to be much better than that."*

I am sorry Lord, and I am sorry for indulging my temptations. Yeah, I got- I got a couple of temptations. One with food, one with possessions, that I had to fight down.

And He answered me, *"Well at least you canceled them out."*

And I said but look how much time I wasted.

He said, *"Now you are getting the point. These things are distractions to consume and devour your time that could have been used for My purposes, and even to make you ecstatically happy."*

Which is the way I get when I work with music, and I have a good night. I told the Lord; I truly hate my sins and weaknesses. I hate them.

He replied, *"It is good for you to feel that way. But after you have seen and dealt with them, get back up, Beloved, and try again. We wait for you, you know...."*

"Yes, your saints and angels. Michael, Rafael, Gabriel, Francis and Clare, Joseph and My Mother, Padre Pio and so many more. Faustina, Therese, and Mother Theresa. Yes, indeed we wait because we want to instruct and form you into the perfect image of who you were created to be."

Now this is interesting. I took a break from recording to do something and one of our sisters said to me, 'Disparaging spirit.' That was something that a witch cursed us with, disparaging and hopelessness, and I have been fighting those two things, and it has been a battle, a real battle, but the thing is, they are just giving us a world class classroom to exercise self-control and when they do things like that, because the Lord continues to pick us up and show us how to overcome the curses.

So, in many ways, when He allows something like that to fall it is a blessing, because it is a training tool. Ok.

So, And the Lord continued, *"Yes, Misty has a wonder filled gift that she has nurtured and cultivated, and that just goes to show you what a soul can do when they are totally obedient to Me and do not squander time or graces. That is a huge hole in your boat, squandering time."*

Boy, this is funny because I asked the Lord, where are the holes in my boat? Now He is telling me, squandering time.

"Why don't you make that your fast?"

I had just gotten a card to 'Choose a Fast,' and I did not know what to choose, I was waiting on the Lord.

And he continued, *"The moment you recognize what you are doing is squandering time, in that moment drop what you are doing and get back on track. Would you agree to that?"*

Oh yes Lord! That would be the perfect fast for me. I recognize the need for change there, I feel like the enemy has really been exploiting that.

He continued, *"I knew you would agree, and you were wise to wait on Me to tell you what I wanted you to fast from, rather than trying to make up your own penance. This shows wisdom and I want you to teach it."*

"Come here Beloved and tuck your heart into Mine, bury yourself in Me Clare. And do sing to Me, I love that. And you have attention deficit issues, did you know that?"

No Lord, I had no idea.

"Yes, well it is true. Harnessing your mind is like trying to ride a bucking horse that has not been broken yet. But if you apply My graces, deliberately, to your mind, this can be overcome. There are many ways you are taken advantage of many things you do not recognize about yourself, but the enemy is highly skilled in keeping that knowledge from you as well as using it against you. I can change that if you will work with Me."

Mostly, Beloved, be aware of your short comings and respond immediately to the nudge of the Holy Spirit. If you will get in the habit of doing this, I promise you will change in the things that have frustrated you all your life long."

Now this is interesting because I wanted an image of St. Joseph from my computer to remember to ask for him to pray for me and there was- I knew I was going to get into trouble if I went looking for one, so I asked the Lord to help me not get into trouble. Well, where did I end up? On Pinterest! Can you get on to Pinterest without getting snagged? If you can, you are a saint because I love images and I have an extremely hard time there, but I found the picture I wanted, but I also got snagged, and along comes one of the sisters and says, 'Mother are you snagged?' Yeah- so, anyway I got off Pinterest right away but that was hard. Ok.

He continued, *"I see what is in your heart and it is golden, that I wish to share with the world...in your songs and writings. You are also highly creative, and could do so much more to communicate for Me. Do not despair that you have had a difficult start, celebrate that I am with you and mellowed wine is always the best."*

I am tucked into His breast, and He said, *"Do not look upon or try to imitate others, what you have is special to you and I do not want to lose that, with you trying to explore other styles. I long to hear your authentic voice, not one crafted by others. I know what you think of yourself and what you have done, but it is not in alignment with what I think. If you would apply yourself and I mean work at it, both voice and piano, you could climb out of this hole very quickly. You have been out of it before, and you can do it again."*

"What most pleases me is the soul who does not compare but looks directly at Me and utilizes the very unique gifts and opportunities that I make for them. That is the fulfillment of your destiny. So many waste their time imitating the latest success, without realizing they are losing the beauty of what I wanted to give them. Be brave and be bold about your message, do not be afraid of anything, not opinions, not genre, not what appeals to others, but what is YOUR heart, authentically. And for the most part you have been doing that. But when you begin to go too far in comparing, you risk losing all that I gave to you and your voice is not heard by others. And that is a tragedy."

"Come now Beloved, lift up your head and see all the opportunities I have placed before you...these are things you can still do within the time you have. So, let us not waste any of it. Tuck into My Heart and absorb the magic and majesty of My Being. It will wash you clean and empower you. You know, of course that everything is driven by My power which flows in great abundance, now, even as we speak. Steward this grace Clare, make the best possible use of it."

And so that is a very encouraging message from the Lord. And for all of you who are caught up in comparing yourselves, you probably ought to listen to this message two or three times just to be convinced that there is nothing better you can do with your life than to be yourself and do it the way God has gifted you to do it. Amen.

I also, I would like to thank all of you who responded to our call for help with buying firewood. Thank you so much for supporting our firewood project. We really, really appreciate it and we are able to share firewood now with the poor families in our area.

God bless you for that.

Amen.

Assignments of Division

November 22nd, 2022

The Lord bless and keep you,

Heart Dwellers, and understand that this is the time of the month when the dark forces like to make things difficult for us. The twenty-first, the twenty-second, and the twenty-third of every month. That is a little something for you to note, and right now, we are all feeling that being

sifted and tested.

The Lord gave me a Rhema card that said, 'Satan has desired to sift you', of course the other part of that is, 'but I have prayed for you.' So, the Lord has this too, but it was a nice heads up because there is obviously a curse of division trying to get a foothold here, and we just do not want it, we are not going to have it. We are going to have blessings and blessings and blessings of unity, brotherly love and unity.

So, Father had said, "The community is in perilous danger." And Mother Elisabeth said, "I believe that."

And the Lord said, *"Do NOT fear. I have told you, love one another as I have loved you and you shall pass this test as well. Every community goes through times like this, some survive, and some do not, it is all about love and humility. That is what I am doing in My church right now, I am raising up*

communities after My own heart, this is one of them. You will pass this test, Clare, just keep a tight hold on the fact that you are being sifted. All are being sifted, so all need to be aware of the working of the enemy through one another. Refuse to take offense. That is a big secret.

Well, yeah, the Lord said, “keep a tight hold on the fact that you are being sifted,” and that means when you see potential trouble, know that it is an assignment against you, and it is not the person who is causing the problem, it is the demons and the demonic assignments that are causing the problem. So, when a demon is active, you do not jump on the person, you jump on the demon, right? And refuse to take offense, and love them and forgive them, and keep on going.

So, we had an incident today that really tweaked my beak, yeah, well we had another one the day before, a challenge, a difficulty, an unexpected opposition or unexpected reaction, let us say, from some important people, and it made me extremely upset, and I rarely get upset so I knew it was the enemy. I got angry, and the Lord was showing me my pride, that I got angry, I did not need to get angry, this could be handled without anger, and I told Him, I do not want this, please take it away from me. And guess what? He did! He took that anger away, but I did have to do some writing, to clarify some things for other people, that was time consuming.

Then today, we had a situation where we had been talking about notifying- notifying me when you come down off the mountain so I know we can cover for you, and we had asked this many, many times, and someone went down off the mountain without letting us know, and my reaction was- not a good reaction because we were basically alone up here, no men at all that could help.

And, you know, being out in the wilderness you really-you kind of count how many people you have around you, and how- who can handle what if something comes up, but I really overdid it in my mind, it is like, ‘it is not a big deal, why are you getting so upset?’ and I realized it was my pride- I was not asked, I was not notified. Now if that is not pride, I do not know what is. And I recognized it as such because of the litany of humility. I think it reads something like, ‘Lord, grant me the grace of being happy when I am not notified’, you know, ‘when I am not told something, when I am left out’, ‘when I am ignored’, and so the Lord brought that to mind. I thought, ‘I do not want the pride, please take this away from me.’ And it was good that I recognized it because I know I have it, but I do not always know where it is, and when it comes up like this it becomes obvious and then I can pray against it and tell the Lord, ‘I do not want this.’

So, moving right along here, the Lord continued, He was talking about the curses:

“They”- meaning the enemy, the curses, the demons, whatever.

“They have been sent to cause friction and indignation. These things cannot exist in the presence of love, humility, and obedience with a good heart. You are beginning to see why I said those two virtues, love and humility, will cover you like armor”.

So- and He did, He said, if you are walking in love and humility, nothing can penetrate that. And I said, yes Lord, I felt that, when I realized pressure was being exerted on me to react in anger.

He replied, *“That is exactly correct. Quench that fiery dart with love and making excuses for others, even bending over backwards to bless them in the midst of a less than ideal situation.”*

So, instead of indulging my anger the Lord gave me the idea to bless them with a meal out and a trip to the zoo or something like that. And the truth was, they did have special needs, and this incident acted as a harbinger of this to come as families begin to associate with us and children increase. So, the Lord is calling families here as well, but not on the mountain necessarily, because we do not have room for them it is too small of an operation, but He is calling families to be involved with us.

So, after I did that, acting in charity instead of resentment, I had peace.

Jesus replied, *"That is how you will know you did the right thing. Truly there is a reordering of priorities in the community to make room for family values and needs. They are quite different than single brothers and sisters without children. I will guide you Beloved, My Spirit is with you, and He will always guide you if you ask. When these occasions arise, take time out and seek Our solution, and then return and implement it."*

And whenever He says 'Our' or 'We', He means Father, Son, and Holy Spirit.

He continued, *"Satan does not know how to handle these situations, but he does know how to set them up and foment them. He is doing Me the great favor of training you all in the proper response by setting you up to fail, to fall and be divided. You are learning what to expect from the dark side. You are learning his tactics and how to handle them."*

"Love conquers all, even a drunken Roman soldier taking out his fury on Me. Even he can be conquered by love. When it is not critical, take the path of least resistance. When it is critical, apply love, patience and good will, looking out for the best interests of one another. There is no law against love. Love conquers all. When someone slaps you on the right cheek, turn to him the left cheek also, and pray for your enemies, who are many and are accumulating. The good news is that they are observing love in action and beginning to question their practices and are they really happy with what they have chosen to do in their life, their spirituality."

Oh Jesus, hold me up, I feel like fainting.

He said, *"They will walk and not get weary, they will run and not faint"*.

Teach me Lord, teach me Lord to wait."

"As you can see this other soul is a very frail one,"

So, we have someone also who caved and needed to rest.

"Kid gloves work well with frail souls. I know you know this. Take nothing personally, recognize the real enemy in all things. We are getting there dear Clare; we are getting there."

Meaning we are increasing in understanding when it comes to division.

Father just told Mother Elisabeth that God wanted us to establish a convent in honor of the Immaculate Conception. And Mother Elisabeth had an idea of the building and property where it

already is. You know I am looking at expansion. We have Mexico, we have got this now, and our own little community up here in the woods. Wow, Lord. And the community down in town it is quite a bit.

And I said Lord, I cannot possibly manage or do all that needs to be done. At that point, I saw a set of keys in my lap, the same two keys given to me in Florida when we were visiting a convent. We were visiting a convent and praying with the brothers there. Then I thought of Peter and the keys to the kingdom.

And the Lord said, *"Do not say you cannot, rather say to Me, 'Jesus, You can.' Cannot is not in My vocabulary. Rather say, 'Be it unto Me according to thy will.'"*

And I thought about it for a minute, and I said, OK. You know, it seems like I have heard that sentence somewhere before.

Jesus smiled and said, *"Yes, it sounds familiar to Me as well...hummmm."*

I pondered that.

And He replied, *"Now you are getting the picture."*

And that was the end of His message.

Prepare Your Conscience

November 22nd, 2022

Sweet Holy Spirit be with you, dear ones.

The Lord is asking us to go deeper with our conscience.

He began, *"I am asking all of you to take this much more seriously in prayer. When this war begins, it is going to be the beginning of hell on Earth for Americans. You are not prepared, so I am asking you for more prayer, much more prayer and preparation to have your conscience examined. Go deep, beloved ones, there are many things you are skating over. These will be a terrible embarrassment to you in the hour of your visitation. But if you handle them now, by repentance and amendment of life, it will not be so. There is very little time to dig deep into your soul and confess the things that should not be there. So, I suggest you get to work on it right away."*

It is interesting He gave me this message a few days ago, I think around the sixth, and things have been popping into my mind that I never really looked at or considered a sin. And I have been seeing things about myself I had to repent of.

“My precious Brides,” He continued, “these are the little things you gloss over, that are really important to Me and will appear as stains on your wedding gown. They are the little foxes that you pass by and make excuses for. They are symptoms of a deeper cancer in your hearts, and I am drawing your attention to them now so that in that hour you will be full of joy and not remorse for not dealing with those hidden things.

“They appear like little bubbles on the surface of the ocean that tell you there are sharks below the surface. I want all the sharks out of your lives. They mis-direct you with their influence and steal graces...the ones I cannot give you yet because of those issues still in your life. Mother is working on hers now, I would like you all to get busy with those faults you excuse yourself for, that truly are signs of indifference towards Me.

“Complete dedication means that you want to get rid of all the aspects of your ‘self’ life and how these attachments build walls between us. Are you willing?”

Lord, I am willing to be made willing.

He continued, *“That is a start, and that is why I want you to spend more time in prayer and get holy readings so I may uncover these hidden blocks to My graces. You will be visited with a moment of crystal-clear thinking when all these obstacles will be revealed to you. Recognize them now and work to erase them, or at the very least, ask Me to make you willing to look at them.*

“I only reveal these things because I love you and want to impart to you My fullness in the degree you can handle it. I want all of you operating from a higher place above all the emotional commotion that will surround you. Please, take this to heart and make an in-depth examination of your conscience.” And that was the end of His message.

PRAY AGAINST ASSASSINATION OF TR MP

November 22nd, 2022

Dear Heart Dwelling family, this is an urgent plea for us all to get into intercession for Donald. Ezekiel has been suffering for him for three days, he has had several different visions of Donald being assassinated and we need to pray for him that this will not happen.

In the first vision, Ezekiel was in an open coffin and Donald was in the lid of the coffin and Donald extended his hand down to Ezekiel's heart, where the Blessed Sacrament was lying on his chest in a golden pyx. Donald's arms were very thin and cold.

Ezekiel realized that he was in the coffin trying to keep Donald from falling into it, from the lid into the coffin. I think this symbolizes our intercession or Ezekiel's intercession for Donald, which Ezekiel has been suffering extreme pain for several days.

At some point in this vision, Donald gave Ezekiel the keys to his car and said, “Drive Melania

home.” As he was pulling out and driving, Melania was sobbing and grieving so loud and so bitterly, he had to pull over the vehicle and just hold her to comfort her.

Now twice, Ezekiel has seen Donald no longer in his body, lying on the floor of the kitchen with a clean head shot, gunshot wound to his head, but there was also some kind of vision of Donald being shot in the temple and another man coming to fire a pistol by his temple to make it look like a suicide.

These are different plans, apparently, that are being hatched right now to kill him. Then he had a scene that switched to a library in Europe somewhere, the men were wearing cardigan sweaters, well dressed, and they were discussing four different plans to assassinate Donald.

Now tomorrow is the anniversary of President Kennedy’s assassination. We need everybody praying, everybody praying as much as you can for Donald and for his family.

Ezekiel also had another vision of Donald recovering from the attempt, but the left side of his body was paralyzed. Like Teddy Roosevelt, he was still the President, but he was injured seriously, but we do not know what God has in mind, our prayers are powerful, so please, please, please, pray for him, pray for protection for him, pray for the best possible outcome.

Thank you, Heart Dwellers. Thank you for listening and praying.

Enjoy These Golden Days

November 23rd, 2022

May the peace of the Lord keep your hearts and minds, dear Heart Dwellers.

This week has been a real trial in hearing the Lord and feeling His peace.

So, I began by asking Him, Lord, will the Rapture come on the heels of the attack?

He said, *“What if I told you ‘Yes?’”*

I would be relieved, yet apprehensive. Did I get it wrong about us being visited with the decisive moment and the ability to see our sins?

Because this has been bothering me, I am just a little shaky on that, and I heard Him say yes, but the thing I did not understand is right after that He said,

“As prayers come in things change. They are ever changing because of your intercession and those around the world.”

It feels like scatter bombs, Lord, my mind is just spread all over the place.

He replied, *"You have to press in, I will help you."*

But it truly feels hopeless, Lord!

"That is just what Satan wants you to believe. Trust Me, it is not hopeless, but you and all of the community need to apply more perseverance because the scattered feeling is going to increase. Truly My Heart grieves for what is soon to happen. There is no way to measure this because so many will be terrified and shocked the sum of it will be greater than all the parts put together. I just want you to know that you are in good standing with Us, and with Me. Do not allow the enemy to insinuate anything different to cause you to lose confidence in the moves you are making with the community."

"Truly My Heart grieves for what is soon to happen, Beloved, there is no way to measure this, because so many will be terrified and shocked."

Lord, is it not possible for us to pray against this force? Of feeling scattered until we obtain a clear and steady mind?

He answered, *"Yes, you may pray for that."*

Jesus, please put my head in a bubble so I can hear you more clearly. Please?

"It is a suffering, Beloved, to feel disconnected and I am using it to save souls. So, would you persevere for Me?"

I will try, Lord.

"You are also getting pelted with overwhelm. I want you to apply My Blood to your mind and to this overwhelm."

So, I stopped right there, and I did that. And immediately I felt better, and my head was clearer.

He answered me, *"Yes, that is your secret, use it faithfully to combat this feeling."*

So, guys, when you start getting pelted with overwhelm or distraction, use the Blood, the Blood of Jesus, to counteract it, to protect you from this.

And I prayed, Precious Blood of Jesus, please connect me to my Spouse.

Jesus continued, *"Clare, I want you to enjoy these days while you have them for when the war begins, everything will turn dark."*

And especially what I want to say is that the trees, the Aspen trees, have turned brilliant gold. That is one of the most beautiful autumns I have ever seen, and it is just magnificent, everything is golden, the ground is golden from the leaves that have fallen, and it is so beautiful.

So, He said, *"Enjoy these things now. Now you have the joy of seeing sunshine and feeling its heat, but when this war begins, everything will be dulled and darkened. Right now, you have the advantage of beautiful days, but that will not last long, so take advantage of it."*

"Beloved, I sympathize with your state of mind. I sympathize with you because of your flesh, I know how difficult things have become for you. But I am waiting for you to come and rest in My Arms where I can infuse you with My strength."

This indeed is temporary. Please, come to Me and rest in My Arms, and I will help you get through this."

You've Been Called Here to be Perfected

November 23rd, 2022

Precious Heart Dwellers, there are days when I see things, I want to make better, but I do not know how to go about it, and today was one of those days.

I said to the Lord, please speak to me Jesus, please let me hear Your sweet voice, I feel so inadequate leading this community.

Immediately I heard His voice and He said, *"That is because you are not leading this community, I am. I am directing things and working on hearts. These things do take time, just like they did with you and Ezekiel. There are a lot of interior changes taking place, things are beginning to settle and bear fruit, although you cannot perceive it, there are good things happening, Clare."*

"Anyone who comes to this mountain because they are serious about following God, I am serious about too," He said. "I bring them here to a loving environment and allow their flaws to surface. It is much better if they are transparent and do not try to hide their short comings. I call them here because they want to go higher, but higher is not always easy, there has to be a willingness to change."

"Beloved ones, I have called you here to this community because I have so much more to give you in graces, so much more. But there needs to be a stripping away of self will and old habits. The people in this community have been handpicked by My mother and I, to make it a safe place to allow your faults to come to the surface, without condemnation, without one up man ship, cliques or attitudes."

"Everyone here loves everyone else, and they are all committed to growing spiritually and helping one another to grow as well. There are many simple people here who do not care about egos and posturing games, they are just very plain and dedicated to the Lord and one another. There will be times when you are discouraged by your faults and when you want to tuck in, cover up and pull away. But that is not necessary because everyone here is acutely aware of their shortcomings and humanity, and therefore it is safe for you to recognize your less than optimum attitudes and dispositions, and for you to do your best when you are corrected."

"I only correct those whom I love and want to draw up higher. I only correct when I see deep rooted problems that will keep you from entering Heaven but will send you to Purgatory."

If children are getting what they need, a lot of the children in Africa are so starved, for the things that are necessary. A lot of orphans, dear ones, so many orphans.

God bless you, family.

Letter to an Obstinate Sinner

November 23rd, 2022

The Lord's blessings be with you, dear Heart Dwellers, and thank you for your prayers. We really appreciate them.

I want to talk to you about a situation that is common in the Body of Christ, a situation of fornication. There are several people in the body of Christ who do not take seriously the Lord's warnings about fornication, and that those who fornicate cannot go into Heaven, and you can lose your soul by doing that.

And He (Jesus) wrote a personal letter to someone who had been putting off marriage, and this is what He said:

"It is way overdue, please stop living for yourself and get serious about serving Me."

This person is called to serve the Lord in the married state.

"I have so many wonderful plans for you. You do not want to continue to waste time and miss them."

And he had been putting off getting married for five years, even though he knew it was God's will and he said that he loved the Lord. And-

"My son, do you realize that your conduct, if you were to die committing these sins of fornication, do you realize that you could go to Hell and take other souls with you, by your example, souls who have thought by your example, that they would go to Heaven because they confessed Me and still fornicated?"

"You are not saved by being a nice guy, or saying you love Me, or any works you do. You are saved by My grace, when it is received sincerely, it produces the fruit of obedience to My commandments, Gospel and living your life by My commandments, confessing Me, and proving your confession by repentance and continual amendment of life. When you do this, My Grace abounds to you, but I do

not give that same grace to one who presumes that because he has said the sinners' prayer, he can continue in his sin."

And this individual was not getting married but having relations with different women on the side.

Jesus continued, *"By example you have taught those around you that sin is ok if you love God and say the salvation formula. It is not that easy son; you must live as I have commanded you to live and not cause others around you to fall and lose their souls to Hell."*

And then I quoted Scripture here: Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor the effeminate, nor abusers of themselves with mankind, 10. Nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God. I Corinthians 6

And Mark 9: 42. Whoever causes one of these little ones who believe in me to sin, it would be better for him if a great millstone were put around his neck and he were thrown into the sea. 43. If your hand causes you to sin, cut it off. It is better for you to enter life maimed than with two hands to go to Gehenna, into the unquenchable fire. 44. 45. And if your foot causes you to sin, cut it off. It is better for you to enter life crippled than with two feet be thrown into Gehenna. 46. 47. And if your eye causes you to sin, pluck it out. Better for you to enter the kingdom of God with one eye than with two eyes to be thrown into Gehenna, 48. where their worm does not die, and the fire is not quenched.

"Nowhere in My Book does it say that if you confess My Name and believe you may go on sinning, and you will be saved. You have known this in your heart but have continued to allow your weakness to rule you. My Word says that if you cannot control your passion, get married. And if you love Me, truly, you will obey Me."

And I want to say here, that this is common. It is not- adultery and fornication are not being addressed in the Christian church as much as they should be. And they think they can just- they think it is ok and they will get by, but it is not ok with the Lord.

He continued, then I quoted Scripture in 1 Corinthians 7- Now to the unmarried and the widows I say: It is good for them to stay unmarried, as I am. But if they cannot control themselves, they should marry, for it is better to marry than to burn with passion.

Continuing, *"You have failed in every undertaking you have begun because of your sin. I cannot bless one who goes on sinning and disrespecting My laws."*

This individual had a lot of disappointment in financial affairs, trying to make money for a good cause and wanting to give it to the poor, but the Lord did not bless anything he did, and everything turned out badly, with one situation after another. So-

"I have withheld from you, success, because you have withheld from Me, your life. Because you are called to serve in My Kingdom, and you must be free from sin. Consider that this habit has brought nothing but sadness into your life and the lives of others.

"I have forestalled the event planned to stop you from losing your soul, because of the prayers of

those who love Me and have given their lives to Me. You owe them a debt of many thanks because you still have your legs and walk. Note that I did not heal all that were ill because they had not all repented of their sins and had no remorse. But I allowed them to be chastised with leprosy and diverse sicknesses to save their souls. Those whom I love I chastise.

My son do not take lightly the discipline of the Lord, and do not lose heart when He rebukes you. 6.For the Lord disciplines the one He loves, and every son He receives. 7.So endure suffering as discipline; God is treating you as sons. For what son is not disciplined by his father? That is Hebrews 12:6

"I have brought the woman of My choice into your life to save your soul from Hell, I am telling you this because you have been in grave danger of perishing. Also, to give you the opportunity to live an authentic apostolic Christian life, giving you the chance to love souls with all your beautiful heart, saving them, bringing comfort to the lost and infirm, leading men and women into eternal life, not by word only but by a spotless example. What I have already done for you is a dream come true for Christians on this Earth, yet you continue to stall and question, bringing sorrow to My heart.

"You have no idea the suffering this woman has already endured because I told her that you are My choice. She went to the cross to offer her life for My holy will and save you from damnation. And on that cross, her heart was crucified with Mine.

"My son, I must tell you, that so far, you have lived a very shallow and self-centered life, concerned for your freedom to indulge your fleeting passions, and attempts at financial abundance, while others give Me the pittance they have and tiny offerings of their life and I in return shower abundance into their coffers. I know your heart is to give and do for others, but in continually choosing your own way of doing things you have squandered much time and many resources. In all humility, recognize your bankrupt estate and consider the cause is stubborn refusal to embrace My will and move forward in trust, doing exactly what I wish for you to do in exactly the manner and time I wish you to do it.

"If you continue to resist Me, there are other men, better men, faithful men, committed men, wanting to find a wife such as her and if you do not repent and commit, I will give her to one of them. I am most serious son; the time has come to remove sin from your life and make the commitment you already know you should have made years ago.

"Contrary to what you think, you do not know everything about Scriptures, you have been taught error and not the full story, you do not have the full helps to reach sanctity because of it. You will recognize you are in error by the sin in your life. I have taught everyone that by their fruits you will know them.

Matthew 7

16. Ye shall know them by their fruits. Do men gather grapes or thorns, figs of thistles? 17.Even so every good tree bringeth forth good fruit; but a corrupt tree bringeth forth evil fruit.18. A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit.19. Every tree that bringeth not forth good fruit is hewn down and cast into the fire.20. Wherefore by their fruits ye shall know them.

"Son, a trail of broken-hearted women is evil fruit. A fatherless child is evil fruit.

"Pride and self-righteousness have kept you from going deeper in the Scriptures to learn what My first century Christians believed. There are many denominations that teach different portions of the Bible and deliberately avoid others. My Church teaches the whole truth and is not a cafeteria styled Christianity. That is one reason why you are not able to stop sinning.

"You are operating under many curses which I have allowed to land because of your immoral lifestyle. There are many other things you are ignorant of that could help you and I have sent my emissary into your life for that very reason. I want you, with all My Heart to be My minister, and I have put together a clear path for you to follow, but will you?

"So now you have the whole story, where you stand before Me, and you have a choice to make. When I created you, I endowed you with special graces that most men do not have. So far you have wasted them on your passions, but now I am calling you to make a choice. Serve Me or serve your flesh. It is up to you. I force no one, but I do reprimand and correct those I love. You, I love dearly and want to give the kingdom, but what are you willing to give up to have it? It comes at a great cost, just as you were redeemed at a great cost, My crucifixion.

"Choose this day who you will serve, son, and know that I will always love you no matter what."

And that was the end of His message.

Lean NOT on Your Own Understanding

November 28th, 2022

Lend us Your strength Lord, and let all things be done through Your power and authority as we trust Your plan. Amen.

Mother Clare began speaking, "Lord I confess, I cannot lead this community. I have nothing, yet even what I do have, I don't seem to be able to do as I should. You are so merciful, please help me my sweet Jesus.

Thank You for showing me my weaknesses and failures, dear Lord, please do through me all that you want to do. Please help me with music and prayer. Jesus, I cannot love you as You deserve to be loved, please love through me."

"You are under a very heavy curse right now."

"Lord, how do I get free of it?"

"Worship Me Clare. Worship. Let that be your focus. Come and put your sweet arms around Me and tell Me how much I mean to you. Lavish your love on Me Clare, make me forget about all the terrible things going on in the world. Take Me to another place with your love.

"My dear Heart Dwellers, the cross you were given to wear was My choice to represent not religion, but a love relationship. It's not about doctrine, it's about relationship. And here I remind you that you are your brother's keeper and as you love Me, truly and from the heart, you will you love those around you, who also have times of heaviness. Minister to them with your love."

"As times grow darker you must cleave to Me more and more to be able to keep the light in your lamps, lest the oil run out. Through your intimacy with Me, spilling over on other souls, you will be both an anchor and living waters flowing forth for the dry and thirsty ones who long for consolation."

"Our trysting time is so very important. The enemy is attempting to block that, so you must be very ingenious in keeping up with all the means they will loose against you. You must be resolute and focused, not giving in to external pressures to change your prayer practices. Once that is down and restored, we can move onto music. You are praying for two couples that are moving forward with their lives and into their destinies. You should expect turbulent weather Beloved, but don't cave to it."

"Lord I do not understand why Ezekiel got the reading about the census. Are we doing something that offends You?"

Jesus replied, *"Why did David call the census?"*

"I don't really know but maybe because he wanted to know how many men, he had to conquer the land?"

"That was part of it. He was sizing up his country, noting losses as well, he was taking stock."

"Is there something wrong with that?"

"He was leaning on his own understanding and also looking at his kingdom as a trophy, to boast about, pride and insecurity, as if trusting that I already had him covered, without taking a count was not sufficient, he needed to satisfy his curiosity."

"Lord, I have been curious about how many exactly were part of the community. Was that wrong?"

"Same motive Beloved, pride and insecurity."

"I really don't understand because I was..."

Jesus cut in, *"Looking to see what skills your people had rather than just trusting Me to bring you the right person at the right time, the way I have been providing for you all along."*

"I can see that wanting a head count is vain, but I see no harm in learning about what each one has done in the past."

"I prefer that you would allow Me to emerge with the right person for the task rather than calculating it and making your own decisions. Is this not the way I have done this all along?"

"Yes Lord, it is."

"Then why would you want to do it differently?"

"I thought I was being responsible by sizing up the gifts."

"Again, I would prefer to do it My way. Will you trust Me with this?"

"Of course, Lord, I too would rather You do it."

"That's My girl." And that was the end of His message.

As we read in Scripture, Proverbs 3:5 *"Trust in the LORD with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight."*

Prophetic Visions of Henry Gruver

November 29th, 2022

My dear Heart Dwellers,

I want to share with you a vision from an extremely reliable prophet, Henry Gruver of Joyful Sound Ministries. He has gone to be with the Lord now, but he was the one who walked all over the world, blessing places, every place that he went to, and some places he saw that were dedicated – are going to be destroyed, and he could not bless them. But many other places he blessed, and spent his whole life doing that, and talking about what he saw, warning the American people especially.

He has had at least two prophetic visions of America's coming destruction. One was in nineteen eighty-six while he was in Wales and the other was in nineteen ninety while he was in Portland, Oregon. The nineteen eighty-six vision occurred prior to occurrence of Glasnost and Perestroika in the U.S.S.R. The first vision shows the coming destruction and the second shows God's protection of His faithful.

It begins- Nineteen eighty-six. "I was in Wales, on December fourteenth, nineteen eighty-six. I went up on top of the Eagle tower in the Caernarvon Castle. It had eight points on it. Each of the points on it were eroded eagles. The castle was built in the twelfth century.

"I was looking over the Irish Sea toward the North Sea—Norway, Sweden, Denmark, the tip of Scotland, Greenland, and Iceland in that area.

"All of a sudden, I was up above the Earth looking down upon the Earth like a globe. As I looked down on the earth, I saw all of these massive amounts of all kinds of ships and airplanes. They were coming from up above Norway, out of an inlet.

"They headed down between the United States and Europe. They literally covered the whole Atlantic. Then I wanted to see what was happening to the United States. I looked over on the globe at the United States. I saw coming out of the United States these radio communication towers. I saw the jagged lines like they were drawn to show that communications are coming out. All of a sudden, as I was looking down on them, they began to sparkle down to the Earth like dust. I thought 'Oh no! They are not getting through! They do not know what is going to happen! They do not know what is happening! They are totally oblivious!'

"Then I began to see all of these submarines emerging from under the surface. I was surprised at how close they were to our borders! They were in our territorial waters! Then I saw the missiles come out of them! They hit Eastern coastal cities of the United States.

"I looked over across the country where my family was over in the Northwest side, and I saw the submarines. I saw the missiles coming out and hitting the Western coastal cities.

"I cried out and I said, 'Oh God! Oh God! When will this be, and what shall be the sign of its coming?'

I heard an audible voice speak to me and say:

"When Russia opens her doors and lets the masses go. The free world will occupy themselves with transporting, housing, and feeding and caring for the masses, and will let down their guard with their weapons and cry peace and safety. Then, sudden destruction will come."

And that was the end of that particular vision.

In January nineteen ninety he was in St. John's in North Portland, Oregon.

He began, "I saw missiles coming out of the waters of the Pacific Ocean, airplanes coming in towards certain cities along the Northwest. When it looked like they would do their devastation, I heard a voice speaking from Heaven, like thunder. It said,

"Watch what I will do!"

The mountains along the coastal range began to shake and tremble and puffs of smoke shot out of them in all directions, into the paths of the missiles and the planes. The missiles just hit the ground and did not explode. The smoke had destroyed the missiles' ability to navigate, to fly through the air, and they did not hit their targets. It was also like shields or domes came over certain cities. Even the contaminated air could not go into those areas. It went around them.

"I saw many vehicles coming in on our waters, like ships opened up in the front, and all these personnel, carrying things, came out armored, right up on our beaches, and all these thousands of people began to head out. I saw the proud look on the faces of those that were driving the vehicles. I heard, again, the thunderous voice from the Heavens,

"Watch what I will do!"

"Suddenly, the mountains puffed out smoke, and rivers of golden lava began flowing down a path, right across the beaches in front of the invaders. Terror came on their faces, and they turned back and headed to the sea, fleeing for their lives, as the waters behind them turned to steam. And the Lord said:

"I have people in this land that I will not let them touch, for they are Mine! They are My chosen, and I will keep My chosen safe! For I have a work for them to do yet in this land, and in many lands."

And that was the end of that message.

Just wanted to share this with you so you would be aware of it:

The costal mountains are getting active again right now. And the Blessed Mother told us everything would happen at once. The war, explosions, earthquakes, everything would begin to happen at the same time, tsunamis, it is definitely something we want to pray mercy and keep our hearts focused on the Lord and on repentance, especially if we live in those areas.

The Lord bless you, dear ones.

The Tragedy of War

November 29th, 2022

As things continue to heat up in Ukraine with Russia, the Lord continues to share with us what He is doing. Dear ones, keep your hearts close and tucked into the Lord. Be strengthened in His Heart, we are going to need it in the coming months.

Jesus began, *"Things are very tense in Europe right now, all over the continent they are preparing for war and believe if they can stop Russia now, they will be safe. But Russia will not be stopped because I have spoken My judgement on those countries for their idolatry, child trafficking and witchcraft. I will cleanse the dark holes of torture that lie beneath their fine cities but are full of rot and corruption. Russia will not be stopped until I have used her to punish the nations who have abandoned ME and fully embraced the devil. That is My final word to them."*

"In the meantime, there are pockets of true Christians that I will deliver out of the mayhem that is coming to them. I will have mercy on My faithful ones who are praying and lifting up the lost to be redeemed even in the midst of the battlefield with raging bullets flying. I will preserve many, but there will also be many martyrs. Clare, what is to come after this, they will not have to live through."

Lord, please do not let them use nerve gas. That is so horrible, please, block that.

Jesus continued, *"There will be plagues because of the dead bodies and I will go through any extreme to spare them the gas. Those countries where they are faithfully praying will suffer less, yet the wicked must be purged, for the terrible sins against humanity, and especially children. Those who are*

devout and forming prayer groups to pray for those who have denied Me, as well as for My servants whom I sent to prepare them for a time such as this, those faithful intercessors will have My very special protection."

Ezekiel saw pockets of praying Christians that were miraculously preserved.

"Do you understand dear ones, that sin must be punished in the hopes that they will repent. And all will see the difference between those who pray and are devoted to Me, and those who have stubbornly turned their backs to Me. Long and hard, I have labored to reach them, but the witchcraft only proliferates. Therefore, I will put an end to that. There are many underground tunnels that will be totally destroyed, sealing off the fate of men and women faithful to the dark ones.

"You know that judgement and punishment are not My first choice, they are My last resort. Long and hard, frequently called to My European citizens, but they have stubbornly turned their backs on Me and refused to listen. This same judgment will also befall America and Israel because of their apostasy. There is no excuse for, it except their stubborn pride. You know My love, how I have labored with all My heart to turn their destinies around, but the corruption goes deep in the royal families and as a result it filters down. That is why it is so very important to stay clean Clare, there are many who are hoping for your downfall."

Lord, are You still planning for Russia to conquer America after Europe?

Jesus continued, *"That is the order set forth, however President Putin may bump up the timing on his attack if she continues to do serious damage. That of course, is what exactly the dark ones want. Clare, I know the quandary you are finding yourself in, and in fact all My faithful ones are in...the question is, 'When will the war in America begin in earnest?'*

He answered, *"I cannot foretell that to you Beloved of My Heart, so much depends on prayer and how many, how hard, how long they are praying. But I can tell you this, the Father does not want to do this to them, He is loath to punish in this way, but there is no other choice. That is why We are asking for so much prayer. We want this to go down in a better way so that everyone is in agreement.*

"War is a horrific thing. Many lose their souls because they take liberties to indulge their passions at the cost of the poor and faithful ones, they will receive the heaviest sentence in Hell. But those who walk in integrity and do not take advantage, they will be rewarded, and protected in special ways, so your assignment now is to pray diligently that the soldiers will be restrained, and victims will be protected from inhumane acts.

"Take heart beloved ones, this purging of the Earth must happen now before the Millennium so that We may begin with a clean slate. The Earth will burn and much, if not all, the wicked devices will be obliterated in preparation for the Millennium. There is no better prayer than the Divine Mercy, but you must pray it with a heart full of compassion. Put yourselves in their place and imagine that one day you are productive and happy with all you have labored for many years, to obtain for your work and livelihood, and the next day you are a refugee with everything totally destroyed behind you. Imagine that and you will see what they are facing."

And that was the end of His message.
