**William J. McBorrough – Information Assurance/Cybersecurity Authority
and Co-Founder/Managing Principal, MCGlobalTech
to Appear on “Beyond Just Talk with S. L. Young” on WOL DC 1450 AM**

Arlington, VA – On Tuesday, September 15th at 11 a.m. EST, the guest on “**Beyond Just Talk with S. L. Young**” will be **William J. McBorrough** who is an information assurance/cybersecurity authority, along with being a co-founder and managing principal of the Mission Critical Global Technology Group (MCGlobalTech).

Mr. McBorrough is passionate about and committed to the protection of information technology resources. He has over 15 years of demonstrated successes serving in many different roles (e.g., administrator, engineer, architect, practice leader). Mr. McBorrough’s expertise focuses on enterprise information security management, information technology governance, Federal Information Security Management Act (FISMA) program management, security organizational development/management, and much more. His industry experiences range from working with small e-commerce start-ups, multi-campus state/federal agencies, and financial sector organizations.

As a driven security professional, Mr. McBorrough’s work experience is supported by a strong educational foundation. He holds a Bachelor of Science in Computer Engineering with a concentration in digital networks and a Master of Science in Information Security/Assurance. Furthermore, he’s a Certified Information Systems Security Professional (CISSP), Certified Information Systems Auditor (CISA), Certified in Risk Information System Control (CRISC), and a Certified Ethical Hacker (CEH).

Mr. McBorrough is driven to share his extensive knowledge. As such, he’s on the faculty of several institutions of higher learning, including the George Mason University, University of Maryland University College, and the Northern Virginia Community College. In this capacity, he teaches courses (graduate and undergraduate) and conducts research in cybersecurity, cybercrime, cyberterrorism, and information security/assurance. Moreover, he firmly believes in the importance of community service, which drives him to be a member of a few board of directors --- along with being the board chair for the Association of Liberian Engineers – USA, Inc. (ALESA).

“Beyond Just Talk with S. L. Young’s” host is honored to have Mr. William J. McBorrough – a cybersecurity authority, educator, and co-founder of MCGlobalTech – on the show.
