

Photo and Video Policy

Photographs and videorecordings are periodically taken of people participating in Library activities. All persons attending Library programs and activities, or using Library facilities, thereby agree that any photograph or video recording may be used by the Library for promotional purposes, including electronic media, websites, brochures, flyers, and other publications, without additional prior notice or permission and without compensation to the participant. If you, or your child, do not wish to be photographed or videotaped, please notify the Library staff.
