

Greetings from the cooling tundra!

As I write this today, Nancy Pelosi has started the ball rolling on her new 25th Amendment Committee and several of various Michigan Militiamen have been arrested for trying to kidnap our wonderful Governor Whitmer. Whitmer, with her usual charm and grace, started yelling, "It's Trump's fault! It's Trump's fault!" before their handcuffs were fully locked! So much class exhibited. I never heard a "thank you" but did catch a shitload of anti-Trump lies and propaganda spewed from her. When Louisiana Rep. Steve Scalise (R) was shot several times while practicing baseball by a rabid Bernie supporter, (who was also Rachael Maddow's greatest fan) he didn't hold a press conference and scream, Bernie and Rachael did this to me! They did this!" No one blamed Bernie or Rachael. It makes you wonder how the Party that claims to want to bring us together is going to accomplish that feat with their current mindset. When will they test negative for Trump Derangement Syndrome?

But you've really got to hand it to Grandmaster Nancy P. She's all talkin' about her new Committee to sit in judgement of a duly elected President and render a verdict if he's fit to govern or not. She keeps referencing Trump's Covid treatment as "mind altering." But here's a thought that just entered my helmet-free noggin. This Committee isn't being formed to oust Trump. She's giving you the impression that it is but it's true purpose is to remove Joe Biden from office if he's elected! Joe just isn't up to the rigors of being President but the new Harris-Pelosi ticket sure as hell is! And if Kamala gets the Covid and goes down, guess who is there to unselfishly step up and serve? President Pelosi; that's who!! Has a nice ring to it, eh? The Squad will be all nestled in the new cabinet. Nance is playin' long ball here and planning for her future. And you thought she just hated Trump and was making a fool of herself. Of course, there is a way to stop her in her tracks. Vote for her nemesis.

We called our October meeting to Order and opened with the Pledge of Allegiance. An update on Barbie Clairmont's surgery was given. Get well soon, Barbie!! The Minutes were read and approved. The Treasurer's Report was given, and our finances were explained. Chuck gave an MRF update dealing with the MOTM and Jim Rhoades' induction to their Hall of Fame. Congratulations Jim!!

Legislative Update... Legislators not in Lansing. Will be there one day sometime before Election Day, but then they're off for deer season and Thanksgiving and Christmas and then it's Lame Duck which none of them bother to show up for so it's pretty much over for 2020.

Unfinished Business

- A). Our printer issue was sorta solved. Some maintenance was done on it and it kinda works.
- B). 911 Remembrance Run was reported on and the bike winner bought his ticket at Bald Eagle Harley Davidson in Marquette.
- C). September 29 Rally was reported on.
- D). Family Fun Day was reported on. Toys and cash were both down as Covid effects were felt.

New Business

- a). Dan Sagataw update was given
- b). 4x8 Awareness hard signs for Herb's Bar and Pine Ridge Storage were voted on and passed.
- c). Cash disbursement was motioned on and voted on and the check was carved.

Motion was made to adjourn, and we went to the Oaks for dinner and camaraderie. Remember, whomever wins this thing, we're all still friends - right? Aren't we? We are, right?
