Mission Statement:

SNDA at Columbia University College of Dental Medicine to continuously promote, support and encourage a promising academic and social environment for minority dental students. Our all-inclusive organization exists to help the growth of our members academically and professionally as well as stand by a strong commitment to community service.

Requirements of Membership:

- Section 1. Active Membership
 - Active membership in CDM SNDA shall be available to all students at Columbia University College of Dental Medicine. Recognition of an active member will be dependent on the good financial standing of the student as a local or national member as determined by the two options of membership spelled out in section 2.
- Section 2. Membership Dues
 - National Membership dues shall be determined by the National SNDA Executive Board. Any CDM student who pays national dues shall also be recognized as a local chapter member with no additional fee. Local membership dues shall be determined by the local Executive Board every year. Local membership does not equate membership and local members are not eligible to receive the benefits of national SNDA membership. All executive board members must be national members of SNDA.

- Officer duties shall be performed as spelled out by the CDM SNDA officer manual. If at anytime the Executive Board feels as if a board member cannot or will not perform his or her expected duties said person will be subject to probation or termination of the position as voted upon by the remaining members of the Executive Board.
- Section 3. Period of Membership
 - Period of membership shall be from September 1st of once calendar year until September 1st of the following calendar year. Dues must be paid every year for continued membership for both national and local members.
