

# POLY (PLASTIC) MUDFLAPS

**BUY NOW**

MADE IN CANADA 

## Poly (Plastic) Mud Flaps Printed & Non-printed

- ~ Put your logo, telephone number or website on display while protecting your rig and other drivers. (Most commercial trucks average 10 million sightings per year per truck).
- ~ Our Poly (Plastic) materials are strong and stay stiffer on your trailers. Available in white & black.
- ~ These truck & trailer mud flaps will last for years without fading or tearing.
- ~ We're fast. We're extremely competitively priced – often our custom printed flaps are less expensive than “off the rack” flaps.

| NON-PRINTED |  |
|-------------|--|
