

ACT 1

EXT. JOUSTING GROUNDS - DAY

Crowds of Dreamland's citizens await the joust. In the Royal Box, KING ZOG smiles and we see his POV PAN across a row of lovely ladies, some of whom are reading, which ends with his daughter, Princess BEAN, next to him. She is sprawled across her chair looking under-dressed, uninterested, and unlady-like. She's reading a book and chewing bubblegum. Zog frowns.

KING ZOG

Can you try to behave like a princess every now and then, Bean? What's this book everyone's reading?

BEAN

The Macebook? It's great. The books are linked through a magic charm. So you can Like people, like this.

Bean pokes a finger at a page. PULL OUT to reveal SORCERIO (royal sorcerer) behind them, also reading a Macebook.

SORCERIO

Oooh, someone Liked me.

BEAN

Or you can Mace them, like this.

Bean pokes the page again and behind them, a mace (club-like weapon) pops out of Sorcerio's book and hits him in the face.

KING ZOG

Are you excited for your brother's first joust?

BEAN

Half.

KING ZOG

You mean you're half excited or that  
he's your half brother or that he's  
half amphibian or that there's half--

BEAN

I mean it's only half a joust.  
They're riding on donkeys.

ANGLE ON the jousting field, where two little fully armored  
knights sit on donkeys. Sorcerio approaches, rubbing head.

SORCERIO

Baby steps, Princess Tiabeanie. If a  
jackass joust will encourage our  
future king to man up, then so be it.

BEAN

I just don't know who would have so  
little dignity as to ride a donkey.

On the jousting field, one of the knights raises his visor.  
It's ELFO! (the elf) He spots his friend Bean in the stands.

ELFO

Hi Bean! It's me Elfo! Over here Bean!

Bean face palms as ODVAL (prime minister) enters. He walks to  
the front of the stands and addresses the crowd.

ODVAL

Our royal highness, King Zog!  
Esteemed ladies and gentlemen of the  
court! Bean! I present the first  
royal joust of his young highness,  
Prince Derek! (TURNS AROUND)

(MORE)

ODVAL (CONT'D)

Gentlemen! On your asses! Get set!

Joust!

The jousters ride at each other in traditional jousting fashion. <CRASH!> Both lances are deflected by shields.

ODVAL (CONT'D)

Round 2! On your asses! Get Set! Joust!

The jousters ride at each other again. This time, <CRASH!> Derek flies into the air and plunges into dirt! All gasp! He lifts off his helmet to reveal he's ... LUCI! (the demon) His entire short body pops out through the armor's neck hole.

LUCI

Hey! I could have been killed!

Especially if I had a corporeal body capable of being killed.

KING ZOG

Is that your weird cat, Bean? If HE'S in the armor, then where is Derek?

Out of nowhere, he starts shaking in his chair.

KING ZOG (CONT'D)

And why is there suddenly a whole lotta' shakin' goin' on?

With a sudden realization, Bean reaches beneath Zog's chair and pulls out Prince Derek, who is still shaking with fear.

KING ZOG (CONT'D)

Derek!

PRINCE DEREK

Hello father. How was the joust?

INT. THRONE ROOM - NIGHT

From his throne, Zog reprimands Derek, Luci, Elfo and Bean.

LUCI

...I was just obeying the Prince's orders ... for a modest bribe.

PRINCE DEREK

I was just avoiding responsibility.

ELFO

I was just excited to ride a donkey!

KING ZOG

You reeeeeally embarrassed me today ... Bean!

BEAN

Me!? Derek's the one who ran and hid instead of--

KING ZOG

I'll get to him next! But you -- the lady of the house -- are your brother's keeper. So keep him out of trouble, would ya'? Now Derek, you are going to be ruling this kingdom one day. You need to show some bravery.

DEREK

Yes father. I'll expound on the virtues of bravery in my next puppet musical. I have some new glitter that-

KING ZOG

No more puppet musicals! You're not a 5-year-old girl, you're nearly a man.

(MORE)

"Episode: Doctors With Out Dimensions"

KING ZOG (CONT'D)

Tomorrow, you're coming with me on my hunting trip.

BEAN

Oooh, tough break, li'l bro.

KING ZOG

You're coming too, Bean. Someone needs to baby-sit. I mean, nearly-a-man-sit.

DEREK

Hunting!? But I'm a vegetarian.

KING ZOG

You don't have to eat the unicorn. You just have to kill it. I have made my decree. We set forth at first light!

King Zog exits the Throne Room, followed by a pleading Derek.

BEAN

Ooh, it drives me crazy how that man is so rigid about gender roles! I'm only invited to be a baby-sitter.

ELFO

A unicorn hunt!? Bean, you CAN'T be OK with this.

BEAN

Oh don't worry. He won't catch one.

ELFO

How do you know?

BEAN

Because they don't exist.

LUCI

I wouldn't be too sure of that. I've heard there's one last unicorn out there.

BEAN

Even if there were, it would be safe. Dad never catches anything on these hunts. In fact, he usually returns injured on the first day.

LUCI

ELFO

Sounds like fun. Have a nice trip.

Bean grabs a hold of Luci and Elfo as they walk away.

BEAN (CONT'D)

Oh no -- my little drinking buddies are coming with me.

EXT. WHITTAKER FOREST - DAY

Zog and Derek walk along the trail with hunting bows out. Following behind them are Elfo, Luci and an unhappy Bean.

Bean

What do you mean you didn't bring any BOOZE!?

KING ZOG

This trip isn't about getting drunk!  
It's about getting back to nature.

LUCI

That's why I'm naked.

ELFO

I didn't notice 'til you said that.  
Now I can't unsee it.

LUCI

Let's kill some nature. I could go  
for a venison stew.

BEAN

He's only interested in hunting  
magical beasts. Last time he was  
fixated on these bird women.

ELFO

Harpies.

BEAN

Of course he didn't catch any.

LUCI

I wish I couldn't catch harpies.

BEAN

Then it was Griffins. Now he thinks  
he'll find the last unicorn.

LUCI

Yeah, people don't want to believe  
those horny horses are extinct. Some  
folks are really into drawings of  
them. Have you ever heard of uniporn?

BEAN

Gross. He's not like that.

KING ZOG

I heard hoofsteps! Come to Papa, baby!

Zog runs off after the possible unicorn. Derek follows.

BEAN

Or maybe he is.

ELFO

Are you sure the unicorn will be OK?

They're the most peaceful creatures

I've ever seen ... is what I would

say if I ever saw one.

BEAN

Yes. This is the time when Dad

injures himself. Right ... about ...

KING ZOG (O.S.)

AAAAAHHHHH!!!!

BEAN

... Now. (RUNS AHEAD) Dad!

Bean, Luci and Elfo run to find Zog looking ... fine.

BEAN (CONT'D)

Dad! You're not injured?

KING ZOG

No! Your brother is!

Zog points down into a dark pit that Bean hadn't noticed before. She jumps back from it with a start.

BEAN

Derek! Are you OK!?

DEREK (O.S.)

I'm fine. Except for my legs. I can't feel them. And I'm losing a lot of blood.

LUCI

Don't lose any more blood. I can get big money for amphibian blood on the--

BEAN

Dad, you get injured every trip. Who saves you?

KING ZOG

Sorcerio. But he and Odval stayed back at the castle this time. They had important business to attend to.

INT. SORCERIO'S LABORATORY - DAY

(CONTINUOUS) Sorcerio and Odval are on the table, naked under a blanket. Odval's third eye is visible on his forehead.

SORCERIO

Way to give me the important business.

ODVAL

Do you think the king will be OK with out you?

SORCERIO

He'll be fine. Unless it's like every other hunting trip. In which case, I sent along an emergency medical instrument...

EXT. WHITTAKER FOREST - DAY

(CONTINUOUS) Zog pulls out and plays a pan flute, surprising all. Purple smoke emanates from it, which becomes DR. DEMONIUM, a wizard with goat legs, the bare torso of a gladiator, goat horns and a pointy hat. He has a doctor's bag (which reads DWOD) in one hand and a book in the other.

DR. DEMONIUM

Did someone call a doctor?

BEAN  
(MESMERIZED)

You can examine me anytime.

Did I just say that out loud?

LUCI

Who are you?

DR. DEMONIUM

Dr. DeMonium, at your service, specializing in trans-dimensional medical emergencies, traumatic and cosmetic, accessible through pan flute summons, spells, sacrifices, animal or--

ELFO

Yeah that's great. We need you to go down and fix the Prince's broken leg.

BEAN

Maybe both legs.

DR. DEMONIUM

Some folks can't catch a break. I mean not this one of course.

LUCI

And he's losing blood. Now if you could save me said blood I'd really--

KING ZOG

Are you a real doctor?

DR. DEMONIUM

What does it say on my bag?

ELFO

D-wad!

DR. DEMONIUM

D.W.O.D. Stands for Doctors With Out Dimensions. When emergencies happen, we magic them. For a fee. I'll need to start with a levitation spell.

DeMonium opens his magic book and reads from it.

DR. DEMONIUM (CONT'D)

*"Zekonzibow! Magic used to medicate,  
Zekonzibaaa! Allow me now to levitate!"*

DeMonium magically rises into the air and then lowers down into the dark pit. The others look down, but see nothing.

DR. DEMONIUM (O.S.)  
(CONT'D)

There's a lot of blood. Cold blood.

BEAN

The patient's half Dankmirian -- uh,  
amphibian. Is that a problem?

DR. DEMONIUM (O.S.)

Not at all-- oooh, but this is.

DeMonium levitates up from the pit to address Zog.

DR. DEMONIUM (CONT'D)

I have bad news. This patient requires  
a very difficult form of magic -- stem  
spell magic. I'll need the stems from  
those plants over there.

He points to some plants, which Elfo retrieves. DeMonium  
accepts them and lowers back into the pit. Zog looks up.

KING ZOG

Oh God. Or Gods. Goddess? Prolly not.  
Whoever you are, do what you will with  
me, but please give me back my child.

Heavenly music and purple light surround DeMonium as he  
slowly rises from the pit. Only his head is visible at first.

DR. DEMONIUM

It wasn't easy, but the stem spells  
saved ... your daughter.

DeMonium rises to ground level. In his arms, he carries the  
now female Derek! Everyone is shocked. Zog looks to the sky.

KING ZOG

I shoulda' been more specific.

ACT 2

EXT. WHITTAKER FOREST - DAY

Moments later, Derek is now healthy. And he's now DARIA.

KING ZOG

Derek!?

PRINCESS DARIA

It's Daria now father. Princess Daria.

KING ZOG

What is the meaning of this, Doctor!

DR. DEMONIUM

You requested I save your child, and-

KING ZOG

Son! You were supposed to save my son!

You turned him into a her!

PRINCESS DARIA

Sister Bean, isn't this delightful?

Now we can do girly things together!

BEAN

Yeah, I'm not even sure what those are.

KING ZOG

We came here to make a man out of him.

LUCI

Great plan there, big guy.

DR. DEMONIUM

Stem spells strengthen the natural

abilities of the blood. Amphibian

blood has the power to heal. Fun fact,

(MORE)

DR. DEMONIUM (CONT'D)

did you know it also has the power to  
change sexes at times of great fear?

ELFO

Daria, did you experience fear when  
you fell in the pit, broke your legs  
and lost a gallon of blood?

PRINCESS DARIA

I've never been more afraid in my life.

DR. DEMONIUM

And that explains it. Nature's a funny  
thing, eh?

BEAN

Well I for one want to thank you for  
saving the day. (SHE HUGS HIM)  
I could thank you all night.

DR. DEMONIUM

Oh my you humans do tempt me. As  
pleasant as that sounds, I'd better  
depart and see if I can find a spell  
to turn your sister back into your  
brother.

He pulls out and plays a pan flute. Purple smoke flows from  
it, in which he dissolves.

EXT. CAMPSITE - NIGHT

Zog, Bean and Elfo sit around the campfire.

KING ZOG

I can't even handle one daughter. What  
am I gonna' do with two? I need a drink.

BEAN

Don't we all.

ELFO  
(ASIDE TO BEAN)

Bean, I think Luci's holding out on  
us. I saw him down by the lake,  
concocting a homemade brew.

BEAN

What!? ... I'm beat. G'night, Dad!

She and Elfo quickly exit, to go find Luci's booze.

KING ZOG

I should call it a night too. Maybe  
this will make sense in the morning.

He gets up, just as Daria enters with a pie in her hands.

PRINCESS DARIA

Father, I baked you a pie.

KING ZOG

You did what now?

PRINCESS DARIA

Pampering parents is what daughters do.

KING ZOG

It is!?

PRINCESS DARIA

But of course, father. Oh, I see  
you've worn a hole in your sleeve.  
I'll have to mend it.

KING ZOG

Girls can sew? I could get used to  
this.

PRINCESS DARIA

But of course. How would you expect a  
daughter to behave?

EXT. LAKE - NIGHT

Bean chugs from a bottle at a nearby lakeshore. Elfo approaches with glasses. She sees him as she's finishing the booze. Her eyes widen and she hides the bottle behind her back.

ELFO

I found some glasses, so we won't  
have to drink from Luci's bottle ...  
where is the bottle?

Bean fakes ignorance with a shrug, then lets out a boozy burp. Caught, she reveals the empty bottle.

ELFO (CONT'D)

Bean! You polished off Luci's booze?

LUCI (O.S.)

My ears are burning. And I don't mean  
that torture on the 5th level of hell.

Surprised, Bean and Elfo look up to see Luci sitting in the shadow of a nearby rock, reading a book.

BEAN & ELFO

Luci!

ELFO

Bean drank your booze. I begged her  
not to.

Elfo puts the two glasses in his hand behind his back.

LUCI

Oh that wasn't booze.

BEAN

It wasn't? But it was delicious. What  
was it?

LUCI

Have you ever licked a poison dart frog?

BEAN

No.

LUCI

It's intoxicating. And deadly. But a  
safer alternative is amphibian blood.

BEAN

Oh no. Tell me you didn't...

LUCI

It was just pooling there in the pit.  
When opportunity knocks, you bottle it.

BEAN

You bottled my brother's blood?

LUCI

No. I bottled your sister's blood.

BEAN

Whatever. I drank it, and now I'm  
disgusted. Disgusted and drunk.

LUCI

Maybe you should stay away from my  
possessions. And I don't mean the  
people I possess.

BEAN

What are you reading, anyway?

LUCI

Uniporn. Macebook is lousy with it.

Bean and Elfo go take a look at it. ANGLE on the front of the  
book Luci holds, with the threesome behind it, eyes widening.

ELFO

I didn't know their horns got THAT big.

Luci turns the book sideways, and more pages fold down, like  
the old Playboy centerfolds. Everyone's jaws slowly drop.

LUCI

I think I have a new kink. And I had a  
LOT already.

ELFO

Do you hear that!?

All listen. Galloping hoofsteps are heard, getting closer.  
<MUSIC: MAJESTIC> They look to see a beautiful blue unicorn  
approaching from the distance in <VFX: SLO-MO>.

LUCI

It's the last unicorn!

ELFO

It's beautiful!

BEAN

It's ... it's ... NOT STOPPING!

<MUSIC: CHANGES FROM MAJESTIC TO FRIGHTENING> As the unicorn approaches, we now see that it's on an angry rampage. The unicorn puts his spear-like horn down to charge right at the threesome, who dive out of the way, just in time.

ELFO

I thought they were peaceful  
creatures!

KING ZOG (O.S.)

What? Why do you think I'm hunting it?

Zog runs in, armed with his battle axe. Daria follows him.

KING ZOG (CONT'D)

Bring it on, unicorn!

Like a raging bull, the unicorn charges Zog.

KING ZOG (CONT'D)

Bite my shiny metal--

Before he can finish his catchphrase, the unicorn head butts Zog, who goes flying into the air. He comes down with a THUD!

PRINCESS DARIA

Father!

The unicorn turns around and faces the others again, with looks that could kill. It prepares for a final, fatal charge.

ELFO

We're doomed!

STRANGER (O.S.)

No you're not.

All look up to see a bald, muscle-bound stranger, clad only in torn pants. With fire in his eyes, he bends down, ready to pounce. The unicorn accepts the challenge and charges. The stranger grabs a cloth from the ground and runs at the

unicorn. The two opponents <CLASH!> The stranger quickly ties the unicorn's legs up with the fabric. All finally exhale.

UNICORN

OK! Ya' got me! Back off already,  
baldy! Yeah I can talk, ya' bunch of  
two-legged freaks!

ELFO

I liked him better when he didn't.

PRINCESS DARIA

Thank you, good sir! But, who are you?

STRANGER

Doesn't anyone recognize me?

He smiles a familiar toothy grin. Everyone's jaws drop.

LUCI

Bean!?

STRANGER

They call me MR. Bean. ...  
Actually, don't ever call me that.

ELFO

How about Beano? If you're going to be  
a dude like us, you need to say things  
like "let me tell ya' something, doll"  
and "just the tip, babe."

BEANO

Are you elf-'splaining me?

Zog, laying on the sand, is clutching his chest, and furious.

KING ZOG

Bean! You're a man!

His tone changes to delight.

KING ZOG (CONT'D)

A magnificent man! You took down that wild beast with your bare hands! What a guy! What a day! I finally have the perfect daughter and the perfect son!

BEANO

PRINCESS DARIA

What do you mean... Well we weren't so bad before...

KING ZOG (CONT'D)

Everything's perfect. Except for this gaping chest wound.

Zog drops his hand and blood pours from his glowing chest.

KING ZOG (CONT'D)

I hate unicorns.

His eyes roll back and his head hits the sand with a <THUD!>

ELFO

The unicorn horn must have stabbed him before we knew it!

BEANO

Oh Dad! Where are those Doctors With Out Dimensions when you need them?

The pan flute music and purple smoke return. Out from it steps DeMonium, finishing his tune on the flute.

BEANO (CONT'D)

Great timing. Can you save my father?

DR. DEMONIUM

Didn't you used to be a ...?

BEANO

Woman, yes. I drank amphibian blood, got scared, and became a man. Named Beano.

DR. DEMONIUM

What happened to the king?

ELFO

Unicorn stabbing.

DR. DEMONIUM

Some families shouldn't hunt, and yours is one of-- Did you say unicorn?

The unicorn neighs and bucks, still bound up in what we now see is Bean's shirt. DeMonium examines Zog's glowing injury.

BEANO

Yes yes, we caught the last unicorn. He's a jerk. Can you help my father?

DR. DEMONIUM

This is a magical malady. I don't know anything about unicorn magic. Is there a sorcerer we can take him to?

ELFO

Just Sorcerio, back at the castle. But he usually does more harm than good.

LUCI

Seriously. That guy can't cut into a brisket with out it suing him.

DR. DEMONIUM

Did you know that once a day, a unicorn  
can teleport all who surround it?

UNICORN

Fat chance, ya' bipedal bitches!

ELFO

This unicorn is kind of an ass wipe.  
DeMonium opens and looks through his magic book.

DR. DEMONIUM

Perhaps my book contains something ...  
"Turn An Evil Wizard Inside Out." No  
good. "Turn An Evil Otter Inside Out."

LUCI

I could get into this book.

BEANO

How evil do otters get?

DR. DEMONIUM

"Control A Magical Creature." Eureka!  
Dr. DeMonium reads the book directly to the unicorn.

DR. DEMONIUM (CONT'D)

*"Zeko! Creature's body, mind and soul,  
Zeka! Submit now to my control!"*

The stunned unicorn's horn lights up with magic.

DR. DEMONIUM (CONT'D)

Now, say the place we want to go to!

BEANO

Well, I suppose in his bed would be  
the best place for him. The royal bed  
chamber!

<SFX & VFX: MAGICAL BLAST!> DISSOLVE TO an empty beach.

INT. KING'S BEDROOM - NIGHT

Sorcerio and Odval chat in the king's bed. Though covered  
from the waist down by blankets, both wear only hats.

SORCERIO

... Of course no one will discover us  
here. What reason would anyone have...

INT. HALLWAY - NIGHT

(CONTINUOUS) ANGLE ON the king's bedroom door as seen from  
the hallway. The conversation continues, slightly muffled.

SORCERIO (CONT'D)

...to enter the royal bedchamber at  
this hour of the night?

<SFX: MAGICAL BLAST!> A flash of magic light shines from the  
door's edges. After a beat we hear:

EVERYONE (O.S.)

Aaaaahhhh!!!!

ACT 3

INT. HALLWAY - NIGHT

(CONTINUOUS) ANGLE still on the hallway door, we hear a  
cacophony of shouts, foot stomps, crashes and a unicorn  
neighing. Suddenly, the door bursts open and the unicorn runs  
out and down the hall. Luci runs out and chases it.

LUCI

Stop that unicorn!

Out from the door now burst Elfo and Odval, who slam the door shut behind them with their backs to it. Odval is naked, but we don't see below his waist. Only Elfo's head is onscreen.

ODVAL

I feel I may be missing something.

Elfo turns and gets a view of Odval's below screen crotch.

ELFO

Doesn't look like you're missing anything.

I thought you just had three EYES.

INT. KING'S BEDROOM - NIGHT

(CONTINUOUS) Sorcerio is buttoning up his robe as Beano puts Zog in the bed. DeMonium and Daria are present.

SORCERIO

Who are you hot people and what have  
you done to the king?

BEANO

There's no time to explain. Derek and  
I swapped sexes. I guess that explains  
it. Can you save Dad?

SORCERIO

In my medical opinion, it's curtains.

PRINCESS DARIA

No!

SORCERIO

These curtains should stop the  
bleeding and keep him alive until  
dawn.

Sorcerio pulls the curtains down and dresses Zog's wound.

BEANO

What happens after dawn?

SORCERIO

It's curtains. And I'm not talking  
window treatments.

Daria helps Sorcerio dress Zog's wound, while Beano and DeMonium speak at the other end of the room.

DR. DEMONIUM

I must learn more about unicorn magic.

BEANO

Did you have any luck exploring sex  
change magic? I'm going to need to pee  
soon, and I'm afraid to learn how.

DR. DEMONIUM

I think you look good the way you are.

BEANO

What? I'm a dude. Oh, you're only into-

DR. DEMONIUM

I'm into everyone. Sexuality is a  
spectrum, Beano, and I revel in the  
rainbow. I thought you looked just as  
good female, but we were a little busy  
with life and death then. Like now.

BEANO

You are, you were, into me, either  
way? That's crazy. I don't even know  
your first name.

DR. DEMONIUM

Pan. As in, pansexuality.

BEANO

Of course it is. How can you love the whole spectrum of-- what does that even mean?

DR. DEMONIUM

Men, women, former men, recent women, men with a griffin's breasts, women with a minotaur's--

BEANO

OK I get it. You do love the spectrum. I just don't think I could love someone who loved ... that many...

DR. DEMONIUM

My don't we have rigid views of traditional gender roles.

BEANO

What? Me? No! That's how my father thinks. I'm much more open to... Oh no. I'm my father. And I'm not talking about whatever's in my pants.

DR. DEMONIUM

I couldn't find any magic spells for you. But your sex change was a result of the amphibian blood's reaction to fear -- amplified by the stem spell

(MORE)

"Episode: Doctors With Out Dimensions"

DR. DEMONIUM (CONT'D)

magic. If you were to change back, I suspect you'd need to feel the opposite of fear.

BEANO

Whatever that is. I just want Dad to be healthy again-- yelling at me to "be more lady-like" and "get off Macebook" and-- Macebook! It's this charmed book...

She grabs her Macebook and hands it to DeMonium.

BEANO (CONT'D)

...that's linked with others and, maybe you could find something or someone to help.

DR. DEMONIUM

It's worth a try. What does this do?

He pokes "Mace" on the page. Behind them, from Sorcerio's Macebook on the nightstand, a mace pops out and whacks Sorcerio's head. He rubs it and walks to Bean and DeMonium.

SORCERIO

Maybe there's something in my laboratory that could help. There's always a first time. Want to see my tower, handsome?

DR. DEMONIUM

You have your own tower?

SORCERIO

Just the tip.

Sorcerio and DeMonium exit.

KING ZOG

Kids...

BEANO

Dad! Don't speak -- you're too weak.

PRINCESS DARIA

We're going to save you, father.

Zog, eyes still closed, takes both of his children's hands.

KING ZOG

You two are the best kids a father  
could ever ask for. You're perfect.

BEANO

Thanks Dad, but I wish you felt that  
way when we were in our old bodies.

KING ZOG

I was TALKING about your old bodies. I  
forgot you two got your bits swapped.  
My memory's going. And my vision. And  
my hearing. And my bladder...

PRINCESS DARIA

Do you really feel that way father?  
You don't prefer a doting daughter and  
a strong in the arm son?

KING ZOG

I prefer whatever you want to be.

BEANO

I think I prefer old Bean. (YAWN) Though  
I can't keep my hands off these abs.

PRINCESS DARIA

I think I prefer old Derek. (YAWN)  
It's tough to remember to sit down  
every time.

KING ZOG

I just prefer having my kids with me  
on my last night on earth. Kids?

Zog looks at them to see they've both fallen asleep on either  
side of him, holding his hands. He smiles and shuts his eyes.

INT. THRONE ROOM - DAY

Next morning, Beano and Daria help a very weak Zog, chest  
wound still glowing, onto his throne. Guards are at the door.

KING ZOG

Thanks kids. If I'm going to die, I'm  
going to die on my throne.

PRINCESS DARIA

Don't say that, father.

Sorcerio and Odval enter.

ODVAL

Your highness, we've been working all  
night.

KING ZOG

I'll bet you have.

SORCERIO

We've learned that the only remedy for a unicorn horn injury, is a unicorn horn.

BEANO

That would be great, but we lost the last unicorn.

PRINCESS DARIA

Or maybe we didn't.

Derek, then everyone, sees the unicorn enter with Elfo and Luci on its back. Everyone's elated by the unicorn's return.

UNICORN

... Dude, this uniporn stash you have here better be worth it ... Uh-oh.

ODVAL

Guards!

The guards tie up the unicorn as Elfo and Luci hop off him.

KING ZOG

So what now? Does he heal me with a touch of his horn or something?

SORCERIO

I'm afraid that the horn must be severed off to cast the spell.

UNICORN

WHAT!?

PRINCESS DARIA

Can a unicorn live with out a horn?

Odval shakes his head no. Everyone's smiles drop.

BEANO

You mean it would KILL him?

KING ZOG

Hey, this unicorn's a jerk, right? We all agreed that he's worse than a demon. No offense, demon.

LUCI

None taken.

PRINCESS DARIA

But he's the LAST jerk unicorn.

DR. DEMONIUM (O.S.)

No he's not!

DeMonium enters with Macebook and approaches the unicorn.

DR. DEMONIUM (CONT'D)

What happened to the rest of your kind?

UNICORN

I don't know, they just started disappearing, like whenever I jabbed them with my horn, or told them we're going out now, or whatever.

LUCI

What a tool.

SORCERIO

No wonder the rest of your herd disappeared. You're a tyrant. No offense, tyrant.

KING ZOG

None taken.

DR. DEMONIUM

I discovered a secret Macebook Unicorn group, where they can't stop complaining about him. At least when they're not complaining about only being able to teleport once a day. So I planned a magical flash mob, right about... now.

Bursts of different colored magical light appear across the room. The lights fade, revealing a dozen different colored unicorns. Their leader is a yellow female unicorn named LEXIE.

UNICORN

Lexie?

LEXIE

Dalton?

BEANO

(QUIETLY) He even has a jerk name.

UNICORN/DALTON

You guys just disappeared on me.

LEXIE

Yeah, um, we were going to come back...

DALTON

Like 100 years ago!

LEXIE

Look, you were a D-WAD!

PRINCESS DARIA

I'm sure she meant no offense.

DR. DEMONIUM

None taken.

BEANO

EXCUSE ME! I know you unicorns have a  
LOT to unpack, but would anyone mind  
donating their horn to save my father?

All unicorns are appalled, stamping and neighing. Until...

DALTON

I will.

All other unicorns are stunned, and look to Dalton, amazed.

DALTON (CONT'D)

I mean, life hasn't done ME any good.  
I've lived for centuries and all I  
ever accomplished was getting ghosted  
by my own kind. Here, have it.

LEXIE

Dalton...

KING ZOG

I, I ... I don't know what to say.

DR. DEMONIUM

Say no thank you. It turns out that  
rather than using one horn, which will  
kill the donor, this spell can instead  
work with small bits of many horns,  
which won't kill anyone.

LEXIE

How much is a bit?

DR. DEMONIUM

Just the tip.

PRINCESS DARIA

Ugh, typical dude.

The unicorns look to one another, then to weak Zog.

INT. THRONE ROOM - DAY

A short time later, everyone is still present. DeMonium takes his hands off of Zog's chest, which glows a bit and then goes normal. Zog smiles.

DR. DEMONIUM

It is done. How do you feel?

KING ZOG

Better than ever.

DR. DEMONIUM

Wait 'til you see the bill.

BEANO

Pan, you saved him!

Beano passionately kisses DeMonium, who reciprocates. Sorcerio subtly holds Odval's hand.

SORCERIO

I can't believe there are two men  
kissing in the Throne Room.

ODVAL

I can't believe his name is Dr. Pan  
DeMonium.

Beano disengages to speak, but he starts feeling woozy. Beano is the last to notice he's morphing back to female Bean.

BEANO

I understand love now, Pan ... it's feelings ... it's joy ... it's not about ... gender or parts or penises or..

DR. DEMONIUM

Breasts.

BEAN

Exactly.

DR. DEMONIUM

No, I mean you should cover them.

ANGLE on the back of Bean, who looks down to see she's female -- and topless. She does a 180 to face Zog, Derek, Odval and Sorcerio, all of whom cringe and cover their eyes. She covers herself with her arms. Dalton, now untied, approaches her and offers her her shirt back from the end of his horn.

DALTON

Here you go. It's the shirt you hog-tied me with last night.

Bean quickly accepts and puts it on.

LEXIE

Dalton, maybe you're not a total hole any more. Would you like to return with us, to Unicornucopia?

DALTON

WOULD I?! I mean, yeah OK, whatever.

KING ZOG

Bean! You're back!

DEREK

WE'RE back, father. What joy!

We then see Derek is now male again.

BEAN

I guess joy is the opposite of fear.

DR. DEMONIUM

Thank you, unicorns, for your small but critical sacrifices. Magical medicine has so much to learn from you.

LEXIE

We're glad we could help. There is much we could teach you of unicorn magic. Traditionally, we never allow non-unicorns in our land, but as you are a fellow hoofed and horned beast, we invite you to join us.

DR. DEMONIUM

(HAPPILY) You do?

BEAN

(SADLY) You do?

DR. DEMONIUM

Beano, I mean Bean, as much as I'd love to stay and explore our blossoming relationship, I simply can't ignore this opportunity. Will you wait for my return?

BEAN

I mean... maybe. Who knows? I may be into six-breasted harpies by then.

KING ZOG

What's that now? What's going on? I  
accepted my daughter as a son and my  
son as a daughter -- and back again!  
I accepted Sorcerio and Odval doin'  
it in my bed! How many things I  
gotta' accept around here?

BEAN

There are a lot of possibilities in  
this world, Dad. People are a... a...

As music starts, each unicorn's (rounded) horn emits that  
unicorn's color -- red, blue, etc. The colors form a rainbow,  
which shines across the room, coloring everyone a part of the  
rainbow spectrum. Zog, amazed, finishes Bean's sentence:

KING ZOG

... rainbow.

LEXIE

Unicorns! Teleport!

The music swells to a climax, as each unicorn's horn flashes  
an almost blinding light. The humans cover their eyes in the  
brilliant spectacle. But when the light show ends and the  
humans uncover their eyes and the music stops, all of the  
unicorns are still standing there. Everyone is confused.

LEXIE (CONT'D)

Oh right, we can only teleport once a day.

DALTON

Unicorns! Let's hoof it!

THE END
