

2019 SHIPPED SEMEN BREEDING CONTRACT

This agreement between Diamond X Quarter Horses (stallion owner) and the owner of the mare described below is dated as of _____, at Evanston, Wyoming. The mare owner hereby agrees to present the mare _____, Reg # _____, for breeding to the Stallion **MT Rowdy Blue Shark** during the breeding season. The breeding season runs from February 15th to July 15th. This agreement is subject to the following terms and conditions:

1. The Stallion service fee is \$800.00, which includes chute fee and shipping of cooled semen. This includes a \$250 non-refundable booking fee. The booking fee is to be returned with this contract, and a copy of the mare's registration papers (both sides). The balance of the stallion service fee is due prior to semen being ordered. The completed contract, along with a copy of the mare's registration papers, and all fees, must be received before any semen will be shipped.
2. The first semen shipment will be via Federal Express next day delivery. All subsequent shipments on the same breeding contract, if necessary, must be paid in advance by the mare owner at \$300 per shipment.
3. Under this contract, a live foal is guaranteed. It is agreed that a "live foal" is defined as one that will stand and nurse. If the foal is born dead, or the mare is found to be not in foal, it is the mare owner's responsibility to notify Diamond X Quarter Horses within seven (7) days. A statement from a licensed veterinarian must accompany this notice. In such case, return privileges will be available the following year only. If the mare is to be returned, another shipped semen fee of \$300 will be due prior to the mare being rebred the following year. The breeding fee will not be refunded.
4. If the mare fails to return for the rebreeding the following year, then all fees paid shall be forfeited, the right to a rebreed is canceled, and the stallion owner is released from all further obligation of this contract.
5. If the mare dies or becomes unfit to breed, the owner may return during this season, or the following season only, with a substitute mare approved by the stallion owner.
6. It is further understood that should the above named stallion die, or become unfit for service for any reason, then this contract will become null and void, and both parties are relieved of any further obligation hereunder. Any moneys paid by the mare owner toward the stallion fee, with the exception of the non-refundable booking fee, shall be refunded to the mare owner, if the mare has not been impregnated.
7. It is the responsibility of the mare owner and his/her veterinarian to confirm our shipping days. Resident mares have first priority and semen will be shipped on its availability, in the order we are notified. There is no guarantee of availability of cooled semen.
8. Diamond X Quarter Horses only assumes responsibility to ship semen in viable condition, and shall not be held liable for contamination of semen during or after shipment, loss of viability, or any costs arising from shipments delayed, damaged, or lost in transit. Owner agrees to use all cooled semen provided by this agreement for the mare named in this agreement, and no other.
9. A "Breeders Certificate" will be issued upon notification of the birth of the foal, only if all fees are paid, including any past due bills on any horses owned by the mare owner.

10. The cooled semen shipping container, with all its contents, must be returned to Diamond X Quarter Horses within five (5) days. If shipping container is not returned, mare owner will be charged for replacement value.
