

Expand Monitor Stand XL (Holds LCD/LED monitors up to 92 pounds)

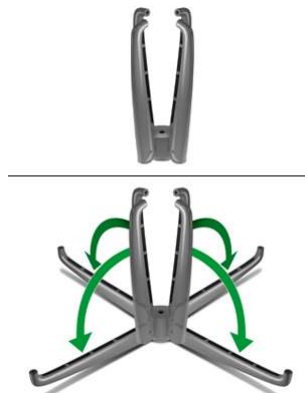

Can Stand alone or...

...may be integrated with *Expand* Popup Displays.

Optional Keyboard Shelf

Folding Base

Ready to travel, weighs only 38 pounds

Increase the size of your digital presentation with this extra stable monitor holder. The Expand MonitorStand XL provides an easy way to mount your monitor and incorporate a video presentation, computer demonstration or moving graphics with traditional printed graphics. Our stable, portable monitor holder can hold an LCD/LED monitor up to 92.6 lbs. or a screen up to 60" (measured diagonally). Other than attaching the universal VESA brackets to the back of the monitor with a standard screwdriver, no tools are required to set up this stand.
