Italian Cream Soda

Ingredients

2 tablespoons flavored syrup (I used Torani raspberry)
2 tablespoons heavy cream
1 cup club soda
Ice

Step by Step Instructions

Fill a tall glass to the brim with ice.

Pour over flavored syrup.

Slowly fill glass with club soda almost to the top, but leaving enough room for the cream.

Gently float the cream on top of the beverage.

There should be three distinct layers to your drink. Beautiful!

Now you can stir, top with whipped cream and get a straw!

Enjoy!
