

ABS - AMERICAN BUILDING SUPPLY, INC.

Fiberglass and Steel Doors

PF™ FRAMES FEATURES & BENEFITS

CLOSED CELLULAR STRUCTURE ensures doorframe & molding will not absorb or wick moisture, and prevents warping, rotting, and splitting

RIGID POLY-FIBER FORMULATION eliminates the need for an aluminum support channel

TWICE THE SCREW-HOLDING POWER of traditional wood doorframes

EASILY MACHINED just like wood frames

VARIOUS LENGTHS

PLASTPRO PF™ FRAME

*with HydroShield Technology™

WOOD FRAME

OAK

PRIME

AuraLast® Wood protects against wood rot for as long as you own and occupy your home. Guaranteed*.

A JELD-WEN Exclusive - Only JELD-WEN makes window and door products with natural pine AuraLast Wood that are built to last.

Surface-to-Core Protection - AuraLast Wood provides virtually 100% penetration of the protective ingredients.

Protects Against Wood Decay - AuraLast Wood prevents damage and rot due to weather conditions, water saturation or termites.

Working with AuraLast Wood is Easy - AuraLast Wood maintains its structural integrity despite what it's put through; it is colorless, stainable and odorless.

JELD-WEN products made from pine AuraLast Wood will not rot.

Virtually 100% Surface-to-Core Protection

**LIFETIME
LIMITED
WARRANTY**

*AuraLast Lifetime Limited Warranty Coverage for Wood Decay and Termite Damage

PLASTPRO FIBERGLASS DOORS

KNOW THE BEAUTY OF INNOVATION

PATENTED HYDROSHIELD TECHNOLOGY™ Our exclusive Hydroshield Technology™ features fiberglass reinforced door skins, full-length composite stiles, and composite top & bottom rails to prevent water infiltration on all six sides.

FULL LENGTH COMPOSITE TOP AND BOTTOM RAILS

Additional non-porous protection keeps water from seeping into the door and helps prevent the build up of mold or mildew.

FIBERGLASS REINFORCED SKIN

Fiberglass is unmarred by the wear and tear of everyday use and is unaffected by moisture and humidity. Our doors will not rot, splinter or warp like wood, and won't dent or delaminate like steel.

FULL LENGTH COMPOSITE STILES

All Plastpro fiberglass entry doors feature fully composite stiles to prevent water infiltration into the door's insulation and to ensure warp free, rot free and rust free doors.

ARCHITECTURALLY CORRECT PROPORTIONS

Plastpro doors are designed with beautifully detailed panels that are identical to traditional wood door construction to create crisper shadow lines and heightened curb appeal.

INSULATED CORE

Our environmentally friendly insulation is 100% CFC-free and provides a high R-value for maximum thermal protection.

BACKED BY WARRANTY We are proud to offer some of the best warranties in the industry. Plastpro Trimmable, Rustic, Mahogany, Woodgrain, Fir Grain doors, and PF Frames carry a Limited Lifetime Warranty; Smooth Skin and True White Oak doors, Onelite Flush Glazed doors carry a 25-Year Limited Warranty. Plastpro Doorlites carry a 10-year Limited Warranty.

Decorative Glass

GLASS OBSCURITY Our exclusive glass designs feature combinations of intricate components and provide varying degrees of opacity and privacy.

Residential Metal Louver Utility Doors

*Perfect for Multi-family
Balcony Storage Closet*

Proudly Crafted in the USA!

Residential Metal Louver Utility Door

This residential steel utility door features metal louvers pressed into the skin on both sides for full ventilation. Made from 24-gauge galvanized steel with internal bracing and is pre-primed to accept finish paint. Doors have softwood stiles for easy machining and typical hardware applications. Bored for lockset 2-1/8" bore with 2-3/8" backset or available with no bore. Perfect for utility applications where ventilation is desired. Kerfed bottom rail on 1-3/4" doors accepts popular door sweeps. Doors are not fire rated.

- Integral pressed metal louvers
- Wood stiles for easy hardware application
- Single bore prep for cylindrical lockset 2-1/8" x 2-3/8"
- Also available with no bore
- Primed galvanized 24-gauge steel
- 11-11/16" bottom rail
- 1-3/8" and 1-3/4" thick
- 6/8 and 8/0 high
