

A Note About the .375 Cheytac Fundraiser

Last spring the FCSA Board was discussing doing a fundraiser/membership drive to try and boost membership and to “pad the coffers”. Of course, in order to have a drawing you have to have something to give away. This is where John Buhay generously stepped in and donated a custom built .375 Cheytac. The drawing was launched at the 2019 World Championships and promoted through Very High Power magazine, the website, direct mailing, and the SHOT Show. The drawing was conducted by Griffith Law Firm on February 17th and the lucky winner was FCSA member John Grogg from Indiana. After being contacted by FCSA President Randy Powell, John magnanimously donated the rifle back to FCSA with instructions to use it to benefit the club. After a Board discussion of possible ways to utilize this generous gift it was decided to sell the rifle and John Buhay again stepped in and offered to buy the rifle back with the purchase price going to FCSA. The Board of Directors would like to thank both John Grogg and John Buhay for their self sacrificing generosity. It is because of members like you that this association has been around for 35 years!
