

# CERTIFIED ENERGY MANAGER (CEM)

## 5 Day Course

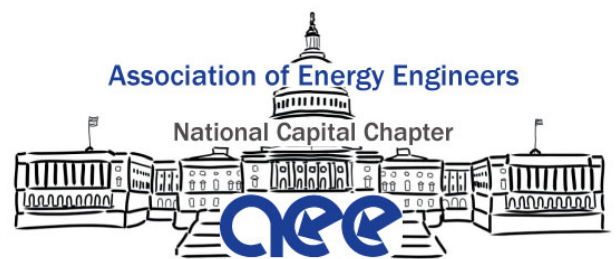

## May 15th, 2017 - May 19th, 2017

The National Capital Chapter of the Association of Energy Engineers is pleased to offer a discounted comprehensive 5-day course for the Certified Energy Manager credential from May 15, 2017, to May 19, 2017, at the George Washington University in Washington DC. This NCC-sponsored course includes an in-person 4-day training seminar and the CEM exam.

For more information please visit our website: [AEENCC.org](http://AEENCC.org)

To register for the course, please go to the registration page: <http://www.aeenc.org/cem-course.html>

**SIGN UP EARLY!! REGISTRATION LIMITED TO 60**

## DETAILS:

The NCC CEM Course will be held at the George Washington University and is composed of 4 days of training followed by a 4-hour certification exam. All course participants will receive the Comprehensive CEM workbook and the Guide to Energy Management Handbook. Exam scores will be mailed, as well as CEM certificates for those who pass the CEM exam and meet certification requirements.

## INSTRUCTOR:

The NCC CEM Course will be taught by Mr. Timothy B. Janos, CEM, CEA, CDSM, CSDP, BEP, a life member of the Association of Energy Engineers (AEE). Having served as International President of AEE in 2006, he is currently AEE's Director of Special Projects. Tim was elected to the AEE Energy Managers Hall of Fame in 2007 and is currently an international instructor for AEE. As Principal of Spectrum Energy Concepts, Inc., Tim provides energy consulting services for clients that represent a who's who of the industry. Mr. Janos's formal education includes degrees from John Carroll University and a JD from Cleveland State University.

## COST:

The NCC CEM course is offered at a discounted price compared to other courses offered nationally. The cost will cover both the training seminar and the CEM exam, unlike other nationally offered courses. The cost must be paid during registration.

- AEE Members – \$2,000
- Non-AEE Members – \$2,200
- Students – \$400 (must be a registered AEE student member)

Course participants save \$395 for professionals and \$1,995 for students compared to other nationally offered courses. Participants who are not currently AEE members may join AEE at a discounted rate by using the code **“CHAPTER50”**.

To register for the course, please go to the registration page: <http://www.aeencec.org/cem-course.html>

In addition to registration, download and fill out the In-House CEM application. Submit completed applications to AEE national prior to taking the course. No additional fee is required beyond the aforementioned cost.

Participants who do not meet to fulfill all CEM requirements may take the course to become an Energy Manager in Training (EMIT) credential upon passing the CEM exam. Those who qualify for EMIT should download and complete the In-House EMIT application. Submit completed applications to AEE national prior to taking the course. No additional fee is required beyond the aforementioned cost.
