Sept. 6: Labor Day-No School

Sept. 7: HSA meeting

## REMINDERS:

- Students will need a cold lunch this first week.
- Please be sure to sign and return the back portion of the parent/student handbook to your teacher.

## **WELCOME TO THE 2021-2022 SCHOOL YEAR!**

I'm so excited to finally have students in the building. Our teacher's have been working hard to get ready, and I know it is going to be fantastic year.

I would like to highlight a few items as we begin this school year:

1. Review the dress code in the parent/student handbook.
2. Review the PIP Guidelines.
3. If a problem arises in the classroom, please talk with that particular teacher. Please refrain from going to another teacher in the building and complaining or to other parents. If the problem is not resolved with the teacher, then come to me. **IF your child is being harassed for wearing a mask, please come to me immediately.**
4. Be sure contact information is up-to-date with the school so you are receiving SchoolCast announcements.
5. Bookmark our website for easy access.
6. **Keep your child home if they are sick.** More COVID protocols will be coming soon!
7. Contact the school if your child is sick or has been exposed to COVID so we can let others know immediately. Names **will not be given out** but we have to inform others of possible exposure.

## **SPREAD KINDNESS EVERYWHERE!**

This is our school-wide theme this year. As we begin the year, let us pray: Dear Jesus, We pray on this day that we can follow in Your footsteps and be loving and kind to our peers. Give us the strength and wisdom to think about Your life and your actions... "What Would Jesus Do?" Help us to show others, the love and kindness that You share with us each and every day. Amen.

## **SAFETY MATTERS!**

While we are not mandating masks this year, there are some actions families can be taking to help stop the spread of COVID at school:

1. Please monitor and check your child for symptoms before bringing them to school:
  - a. Check for elevated temperature
  - b. Fever or chills
  - c. Cough
  - d. Runny nose
  - e. Shortness of breath or difficulty breathing
  - f. Headache
2. Make sure children know to cover a cough or sneeze.
3. Ensure children know proper hand washing etiquette.
