Fall is finally here! We are so excited to cool down, enjoy the weather, and explore the leaves that will soon cover our playgrounds! We have some amazing photos to share of our activities over the past month. The Gibsonville Fire department made a visit and together we honored those that lost their lives during the 9/11 attack. We are so thankful for our first responders who want to invest in the lives of our children. This was a special day of remembrance indeed.

Getting out the parachute is always a fun treat and we love seeing how excited the children are when playing under the colorful waves.

Teachers have set the tone right for starting the new school year off and have sat down with our students to realign goals and objectives for the year. Camp Discovery was a lot of fun, but we are so eager to get back into our normal learning routine.
