

Public Notice

The City of Jonesboro will make improvements to its water distribution system. The project includes the rehabilitation of the City's existing 261,000-gallon standpipe. The rehabilitation of this water tank will allow continued safe and efficient water services for the City's population. The total estimated cost for the project is \$515,576.04. Of this amount, \$257,788.02 will be in grants and the remaining funding of \$257,788.02 is to be financed over a period of 20 years at an interest rate of 0.93% and will be provided by the Illinois Environmental Protection Agency's Public Water Supply Loan Program. Project Documents are available for inspection by the public at the Jonesboro City Hall.
