DESCRIPTION: This is an attractive light poundage target bow that has a couple of flaws. Damon Howatt quality throughout. Shedua and Maple riser. Factory installed 5/16"X24 stabilizer insert. Bow has no delamination; limbs are straight. Double-sided overlay tips. Overlays and tips are in great condition. No chips or dings; No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in good shape.

The flaws: Two filled sight holes on the back—one in the upper limb and the other in the riser (see left pic on p. 3). There is also a hair-line crack in the riser that has been closed but is still visible. It is not a threat to the integrity of the bow.

Note: the limbs are a uniform color, but may look different in some of the pics—it is a camera-lighting thing.
