Junior B League - Grades 3 and 4

2021 Season - Approved April 3, 2017 Revised May 11, 2018

2021 Season Highlights

One of our main goals is to keep games moving. In the league rules, we have highlighted USA SOFTBALL rules which are designed for pace of game improvements. We are instructing the coaches to use good judgement in enforcing these rules, but to keep them in mind if there are delays between innings or getting play started or restarted. Coaches bear most of the responsibility for keeping things moving, therefore, here are some suggestions:

- Use a courtesy runner for the catcher when there are 2 outs.
- When the catcher is not on base, at bat, or on deck, she should have all of her gear on and be ready to take the field.
- If a catcher is not ready when the offensive half inning ends, make sure a coach, a player, or other CORI'd adult assists the catcher in getting ready.
- During the offensive half inning, all players going to the field on defense in the next half inning should be told of their position before the 2nd out or well before the run limit is reached.

A regulation game is **5** innings. There is a 4 run limit for all innings with the exception of the last inning, which is either the 5th inning or the declared last inning by the coaches due to the time limit being close. The time limit has 2 parts: no inning may start after 1:45 has passed; the game is over when 2:00 is reached. If the 2:00 time is reached and an inning has not ended (top and bottom), the score reverts to the previous completed inning.

Stealing is permitted in Junior B in a limited way as outlined in Rule 8M.

Runners may only advance a maximum of one base on an overthrow. Umpires will award one base automatically on a ball that travels out of play on an overthrow. Additionally, an overthrow in play, the ball is live, but a maximum of one base may be taken.

The infield fly is not in effect for Junior B.

Batters do not walk in Junior B, as referenced in Rule 8I. If a batter reaches 4 balls, the coach from the batting team comes in and assumes either a 0 strike or 1 strike count, depending on where the batter was, and finishes the at-bat to completion, either the ball is batted into play, or the batter strikes out, whichever occurs first.

Batters may not advance to 1st base on a dropped 3rd strike: the batter is out.

Safety considerations: No jewelry is permitted on players participating in the game. This includes, earrings, other piercings, rings, necklaces, bracelets (including cloth). No taping of jewelry is permitted. Umpires have been instructed to remove players from the game for this. If they remove the jewelry, they may return.

*Medical ID Jewelry (such as a bracelet or a necklace) is permitted.

Batting helmets are no longer required to have chin straps. Chin straps are permitted, but not required.

Fielding masks are not required, but we recommend use of these for pitchers and infielders. We do have some available in equipment bags and in the shed at Walsh for use during games.
