Dear Governor Cuomo Office, Greetings to you;

THIS IS A 16th Level DECRY CALLED A DECRYMIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM MIUM. THIS LEVEL IS HIGHER THAN THE DECRYMIUMMIUMMIUMMIUM AND HIGHER THAN A DECREE

I PAULETT ANGELLA HEMMINGS EARTH, CHREATOR OF THESE EARTHS AND THE ONLY CHREATOR OVER ALL CHREATIONS. I AM THE CHREATOR OF LIFE AND OVER ALL LIFE, DEATH, ESISTENCE, AND ANYTHING INBETWEEN DECLARE THAT: STARTING IMMEDIATELY

New Yorke is Paulett Angella Hemmings States. There are many States inside New Yorke. New Yorke City Boroughs will no longer be called by that name, as no Caicoban, Uppers and higher, Rankings, Peoples, Persons, and Life, are insects, animals, or species. We do not live in boroughs.

All of Westchester County including: Yonkers, Mount Vernon, New Rochelle, Pelham Manor, White Plains, Port Chester, Harrison, Dobbs Ferry, Tarrytown, Buchanan, Ossining Briar Cliff Manor, Cortlandt, Peekskill, Lake Mohegan, Jefferson Valley, Katonah, Somers, North Salem, Vista, Waccabuc, North Salem, are all in the Bronx. The Bronx was also called a Town for the Higher Rankings. The word "Bronx" is of the past, and is now back to its original name of: Brons State.

There will no longer be Queens as it is a devel name. Queens is part of Brooklyn. There will no longer be a Brooklyn. The right name is Brooks State.

Brooks State had many brooks and beautiful waterfalls. The devels did not like it to be beautiful so the state was cut-up by many monarchies, and the worst was when the Queen cut out a part of the Brooks State to patch the London bridge. That caused the area to start sinking. The devels went into the Jamaica West Indies and took out many heavy weight rock and brought them and patched the cut-out area, and that is why there are so many rocks in that area. The devels also cut out a portion of Jamaica land area with homes, shopping, and many Top Rankings. That is why Queens was named Jamaica Queens for a long time, because it was the Queen who cut the states up. The devels changed the name and called only a portion of it Jamaica Queens and Jamaica Avenue. The removal of the rocks from Jamaica, caused the Jamaica area to have hollow and the devels were able to destroy the Jamaica areas that they removed the rocks and land from the many different cut-out, so the Jamaica Montegonias States became weakened.

Queens is named after the British Queens who came into New Yorke and cut out the Brooks State and took it into patch the London Bridge that was falling down. The Brooks cut could not match, and so they

had to dump the area they cut into the ocean. The Brooks area was renamed Queens to remember that it was the Queen who cut it out.

Staten Island is a devel make up name. It means Saten Island. It was Poppy State as it had the Poppy protection plant. The wicked insect devels cut out the Poppy state, and then the other states around it began to crumple and to sink. The wicked insect devels went into the Jamaica West Indies States and cut out a part of the Mount Airy State and lifted it and put in the Poppy area now called Staten Island and then stitch it together. There was a hollow beneath the two foundations. That gap area became a railroad track for the South states that had devel insurrections and they had to escape through the railroads tracks and many other methods. They came into New Yorke through many treacherous escape routes and through the poppy and Mt. Airy underground tunnels. After a while, the devel found out that the tunnels were the New Yorke route where the peoples escaped through. Then devels then organized for the tunnels to be dumped, and they used lots of rocks and soil for the dump. This was a major work event in New Yorke to get it dumped. This was good, because at some point the weight of the buildings would cause the area to crumple or to have major earthquakes, sink holes, damages, and deaths. So, a bad action turned out to be a good. Staten Island is now called Mount Airy City.

Manhattan was once a man hated and forgotten city. Manhattan is now called Mercula City.

State of Maine was called Rochester State. The devels used the giganaminous crane to cut it, and the state was destroyed, so they said it is the main cut so they called it Maine. This is now inside of New York and called Maine State.

New Hampshire is part of Maine and it was cut out and split up. It is now called New Yorke New Hampshire.

Massachusetts is Paulett Star Spangle State and was near the Mercula State until it was chopped up and destroyed. The federal government devels massacred the Paulett Star Spangle State, and they terrorized and killed them over and over until the devels cut them out and stuck them on top of another state that caused the mountain of a state to fall down, and the Paulette's places broke apart and buried on top of Mercula State. This caused many deaths, terrible losses, and major catastrophes in New Yorke. The federal cut out what was left of the Paulett Star spangle state and move it near to the Brons State. The federal called the Paulett State Massachusetts to connect the massacre they put the state through and to hide my name. The federal devels stole the star spangle song that I wrote. They added many words to it
