

Note: Some of the names of the streets have been changed since this was prepared. For example, Hung Tap Do where the AFVN Main Station was located is now named Nguyen Thi Minh Khai, a famous (woman) revolutionary and leader of the Indochinese Communist Party during the 1930s.

## BEQ'S AND BOQ'S IN THE SAIGON AREA

The following listed Bachelor Enlisted Quarters (BEQ's) and Bachelor Officer Quarters (BOQ's) were former Vietnamese hotels before they served as billets for U.S. Forces personnel permanently assigned to the Saigon area. Most of these billets had rooms set aside for transient and Temporary Duty (TDY) personnel. Those billets marked with an asterisk were named in memory of U.S. servicemen who were killed as a result of enemy hostilities in Vietnam. The billets listed here encompass those occupied from 1965 and earlier through operation MOOSE (Move Out Of Saigon Exeditiously) in 1972. Those bearing the notation "club or mess" ran such operations at the address indicated. Those noted "thru-1968" had been abandoned or moved before or just after the 1968 Tet Offensive.
