Notable Event: Active Shooter Training

Summary of Events:

8-4 and 8-11- In our ongoing effort to ensure our patrol deputies are properly prepared and trained for an active shooter scenario, Sgt. Kyle Kassa and Deputy Martin Harmon put together a training block at Massabesic High School. Deputies were instructed on all phases of active shooter response from arrival to the crisis site, entering the crisis site, moving through the crisis site, and search/clearing/engagement tactics, incident command, casualty collection points/direct-threat medical care, and student evacuation methods. Deputies learned to handle all phases of the crisis as a solo responder and in small teams of other first responders. Deputies finished with interactive use of force reality-based scenarios inside the school.
