

**REFAI****Refai International Group****ESTABLISHED IN 1991****refaigroup.com**

CAPABILITY STATEMENT

CORE COMPETENCIES

Refai International Group is an industry engineering and construction company with an international footprint, that provides **Design and Build services** to USG and International Development Organizations around the world. We provide unmatched leadership of complex, commercial construction projects, specializing in:

**AVIATION | TRANSPORTATION | FEDERAL & MILITARY | WATER & WASTEWATER
ROADS & BRIDGES | EDUCATIONAL FACILITIES**

For 30 years our transformational investment in people, communities and innovative solutions have enhanced the local and international landscapes. Refai International Group excels in integrating the best abilities of local teams, and integrates them with the skill of its own core staff. All engineering and design work is done in strict compliance with local codes, recognizes the ability of local construction contractors, and reflects local construction methods.
