

Essential Commercial TV with Commercial Grade Stand

The LV340H commercial TV series provides hotels with a cost-effective, reliable TV solution that has been designed to operate as a 'two-piece solution', i.e. with an external set top box. The LV340H series delivers crisp, clear images through energy-efficient LED technology.

LV340H

- Public Display Mode
- Commercial Grade Stand
- External Speaker Out Compatibility (Speaker Sold Separately)
- IR Pass Through and Control
- USB Cloning

Screen Sizes

32" class (31.5" diagonal), 40" class (39.6" diagonal), 43" class (42.5" diagonal), 49" class (48.5" diagonal), 55" class (54.6" diagonal)

Key Features

Public Display Mode

From channel selection to volume level, you can control the TV settings in business areas. Public Display Mode also enables you to restore default settings, as required, on the TVs.

Commercial Grade Stand

Expand the range of comfort for guests with a commercial grade stand. This allows guests to watch the TV from any angle. Also, for security purposes, the stand may be secured to its table.

External Speaker Out

Enhance the in-room guest experience by adding an external speaker (sold separately) for improved audio performance.

IR Pass Through and Control for an LG commercial STB

Connect an LG commercial STB to the RS-232C port on the TV to create a system that can provide Pro:Centric® functionality, as well as either RF or IP content delivery.

Simple & Effective Maintenance

USB Cloning

Clone all Public Display TVs with astonishing speed and ease. The USB Cloning feature allows you to simply copy and transfer TV settings from a designated Master TV to all Target TVs using a USB memory device.

Lock Mode

Lock Mode blocks external input signals with non-compliant content. This is a useful feature for preventing misuse of TVs in public spaces.

Self Diagnostics

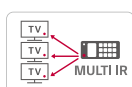

The TV stores diagnostic data, which can be saved to a USB memory device, thus enabling service engineers to analyze the data and identify technical issues quickly and easily.

Convenience & Entertainment

USB Auto Playback+

Create a media playlist of your choosing (video, music, and/or images), save it to a USB memory device, and then simply connect the USB memory device to the TV to stream your playlist sequentially.

Multi IR

Multi IR allows for the use of unique IR codes based on "bed number" in a multi-TV single room installation. (Optional remote control model HOSPSTRCO2 required.)

Welcome Screen

Display a warm greeting message with your hotel name and its logo on the TV when it is turned on. The welcome screen provides an inviting, personalized experience for your guests.

Jack Panels (Rear/Side)

The estimated annual energy cost determined in accordance with 16 CFR Part 305.5 for model 32LV340H, 40LV340H, 43LV340H, 49LV340H, and 55LV340H are \$4, \$7, \$8, \$10 and \$12 respectively.

*Your energy cost depends on your utility rates and use. The estimated cost is based on 12 cents per kWh and 5 hours of use per day. For more information, visit www.ftc.gov/energy/

1FTC Television labeling rule (18 CFR Part 305, as added by 76 Fed. Reg. 1038 (Jan 6, 2011)).

Anti-Theft System

Kensington Lock Slot
The LV340H series feature a Kensington lock slot, so hotels can securely lock the TV. (Lock sold separately)

Reinforced Metal Stand
• Full metal reinforced stand to improve sturdiness, durability and safety.
• Provides (±20°) swivel out of the box.
• Provides (±20/45/90°) swivel when used with Lock Down plate.

Lock Down Plate with Credenza Hole
• Lock the TV firmly to the credenza for added security and help deter theft. (Mounting plate, security bolts, nuts and screws are included.)
