

## June 2024 Docx Files

### Family I Need More Intercession

June 5th, 2024

May the Lord give you inspiration and stamina and may He find you busy about His business when He comes. Amen

My precious family, I want to share with you some of the trials we have gone through, in hopes that your prayers will help us in a break through, and give you strength and courage to persevere.

In case you haven't been informed, we are under several X class, electromagnetic waves of energy produced by the sun's unprecedented activity. The earth is warming because the energy being sent from the sun, wave after wave of radiation, is being absorbed into the core of the earth, heating it up along with all the oceans of the world. There is a huge sea under the surface of the earth and prehistoric creatures are living but because of this heat they are rising up from under the earth where there is a massive ocean, because of the rising temperatures. Dead sea creatures are washing up on the shores, and many unusual things are being seen. In Revelation 16:3 when the second angel poured out his vial upon the sea; it became as the blood of a dead man: and every living soul died in the sea. This is happening en mass around the world.

This energy is also undermining our magnetosphere and there are actually places in the world where no one can enter or they will be killed instantly by the space weather, which has penetrated to the earth, which we used to have protection from but the radiation from the sun has successfully burned a hole in it. Commensurate with that is the increase in volcanoes and earthquakes. We are in the end times beloved family.

This radiation is affecting the health of everyone not shielded from it. Metal roofs do help to deflect it, special fabric also works and can be made into clothing, hats, and covers for equipment. If you are feeling extremely exhausted, it may be from these X class CME's (Coronal Mass Ejections) a very serious one arriving in one week from today around the 7th of June is expected and may set off volcanoes and earthquakes. In any case, these events have made me exhausted and unable to think clearly, especially because we live at a high elevation, so we are more subject to the sun's rays.

In addition to that the local Satanic covens have been coming up in the middle of the night laying traps and curses on the property which we have to clean up in the morning. It's been a real piece of work just to stay in the saddle dear ones. So, I am seriously asking for your prayers, and so is the Lord.

I began my conversation with Jesus, Oh Lord, I understand now that I haven't been working for You with all my heart. I have permitted fatigue and illness to slow me down.

Jesus replied, *"I'm so glad you finally recognize it."*

Oh Jesus, I am so sorry.

Please Lord, how did this happen?

*"You are not feeling well, but you have to push through it Beloved. You cannot drop the ball, too many are counting on you."*

Forgive me Lord, but I have been feeling that I am not helping anyone and when I get a wisdom message I refrain from writing it because I know You have asked for more about Heaven.

*"I do want more about Heaven and you have plenty to draw from in the Chronicles of the Bride book. Beloved, it is just a matter of doing what you know I want you to do whether you feel like it or not. You are relying too much on your own opinion and feelings and they sabotage your inspiration."*

*Nobody said it would be easy or flow like a silk scarf. No, rather it is more like putting on a scarf that has fallen into the bushes and is covered in stickers and burrs on your head. There are endless sticky spots that you must navigate and overcome with resolve that you know for a fact this is what I want. Your faith also has been under attack. That which I have said I will do, and in fact will be completed. I am not about to leave off on a work in mid stream. That is not My Method of Operation. Rather, I finish what I begin. Many now on the internet are recognizing the need for a change in the tone of their messages, to cheer and inspire the weary and worn thin, Body of Christ."*

*Satan has played My people, making them weary of living and it is a constant struggle for even My most faithful servants, to continue on in My work. The Prophet's calling is also to restore beaten down believers with a fresh word of encouragement so they can continue on. Your journeys with Me into Heaven are badly needed. I want My people to get their eyes off the earth and onto the rewards that await them for all their suffering. This is why I send prophets to them."*

*You have fallen down into a dark place, a prison of impossibilities that is being used against you. You are not the only one. Satan is making an all out effort to render My assignments an impossibility so my servants will give it up altogether. Nothing is impossible to Me, and your life must be founded on this reality, or you will continue to falter and stagnate."*

*The entire Body of Christ is suffering under a blanket of discouragement, that is why My prophets are spreading encouraging words. I would like you to be one of them. Your words of encouragement are very direct and hit the mark."*

Lord, this is what I want as well. I am just lacking in confidence that I am doing any good.

*"That is a lie because you are a powerful encourager. From the littlest things to the biggest, you move souls to keep on with Me and trust My plan for their lives."*

I thought about what He was saying for a few seconds.

He is smiling at me, *"You get it, finally. All of this discouragement is a smoke screen to stop you in your tracks. Get back up on that Heavenly horse I have given you and trot right through their midst, delivering hope to the faltering."*

Lord, please lift me up, I am so beaten down and weary.

*"I know, I know. More of Me and less of everything and everybody that have no direct bearing on encouraging My Bride to have stamina and finish the race. Don't you think I can quicken your faltering body?"*

That's funny cause I just pulled a rhema card that said, "Oh Lord, that You would blow upon the Embers of this faint heart, and cause it to burst into flames of Holiness." I answered Him, Yes Lord, I do think you can. Please, would you?" That was early this morning, and I am feeling much better and more connected now."

Jesus continued, "The changes you are making now in your daily habits, will facilitate that. But I am not going to give you that grace if you only run a few miles with it. I want to see you at the finish line. Victorious, I might add. This is doable, but it is in your hands to rally up for the challenge. It is true that the prayer warriors are also faltering in supporting you, so you must encourage them too.

Beloved warriors, every success depends upon your support for Mother Clare. She is not young anymore and has many physical challenges to overcome, not the least of which is also taking care of her husband. She needs your help and your prayers, she is worn down and running on fumes. Your prayers will lift her out of this dark place and stabilize her. She needs you everyday. I still have work for her that you will greatly benefit from, but at this rate, it is not getting done and will not get done without your serious intercession on her behalf.

It is up to you, do you want the treasures I have saved up for you, from this vessel, or are you complacent and self satisfied? I know you all have burdens to carry and pray about, but what you want from Me can only be done by intense prayer for her. Press in and do not slack off. Be sure to listen to the messages as I give them to her. She is not as strong as she appears to be, and I chose her because I would get all the credit for anything she undertook. This in turn is a great inspiration and lesson for you all to reach higher in the confidence that, when I tell you what I want to accomplish through you, I will do the doing, you are but My faithful and obedient little vessels. Great things are accomplished because of that. Oh how beautiful are My dedicated intercessors, I cherish you.

Remember also that she is under relentless attack from Satanic covens around the world, Africa being some of the strongest. Much vigilance is necessary, many prayers of protection are necessary, and immediate response to curses has become crucial. I am allowing them to try the community so that each member will recognize their vulnerable buttons and train themselves to overcome them. In this regard, these witches are doing me a great service."

But recognizing this, your vigilant prayers are needed to strengthen her and the community, to grow in brotherly love and compassion especially for those treading the eternal dead end paths of hatred and cursing, those who are deeply entrenched in Satan's ways because they have believed lies about Me. Pray for her adversaries, they are indeed very lost."

I am counting on you Heart Dwellers to turn the tides here and make it possible for her to bring you more messages that you are hungering for and I have for you. You will receive a prophet's reward for your faithful prayers."

## Our Father Is Getting Ready

June 14th, 2024

Beloved family, let us lift our eyes unto the hills from where the Lord is soon coming. Lord, please give us the graces necessary to finish the race. Amen.

In a Jewish wedding in the area of Galilee, the tradition was that the father would tell the son when to go get his bride, and the Jesus is telling me that His Father is preparing His state of readiness, for it is time to move forward. That means that He will soon tell Him, "Go now, and get Your Bride."

There are certain signs in the Earth and sky that have been foretold, will happen just before He comes. One of them is the Aurora Borealis, or Northern Lights, filling the skies at every latitude. Well, I hunger for a word on timing, but the Lord does not want me to focus there, yet the trials of late have me hoping the time is finally drawing close and soon to be here. So, I asked one who is aware of current events, through Mike from Around the World, even though I am not supposed to do that, I just could not contain myself, I was so longing for a sign of His soon coming. I am so weak; Oh God, is there any hope for me?

And this is what I was told: the Sun's poles are in the process of shifting and it will severely disturb our magnetosphere and cause brilliant displays of colorful auroras in all latitudes around the world, not just at the poles. We are holding on to hope that He will soon be here and that is one of the signs, however, a couple of community members did not want to hear about that and made their feelings known openly, "Didn't the Lord tell you..." and all I could say was guilty as charged.

Oh Lord, Uncle! But I needed encouragement so much that there is only a little way left to go. I will try with all my heart not to become lazy.

Jesus began, *"I do not fault you for that. I understand, but do not lay down on the job because of it. I know well how sick you have been, and I do not expect the impossible, work when you can as you can."*

*"My children, it is not your place to openly or not so openly to rebuke your leader even when she is wrong. That is My job, not yours, and it only exposes the depth of your pride and immaturity. Rather when she veers off track, your job is to pray for her, not find fault and correct her."*

I heard a few voices apologizing.

*"I know well the dynamics pressing against her soul, you do not. In the future, please react by praying for her, never openly correct her. I will be faithful to correct her, of that you can be sure."*

*"And, yes, it is very near, even at the gates, soon the Earth is to be chastised and purified. The warnings have been given over and over again. Those who will not listen, will continue to not listen, therefore My Father is preparing to move forward into the purification."*

I was looking up at the beautiful sunlight filtering through the aspens and fir trees, saying in my heart 'It is so beautiful here.' and I heard the Lord say, *"Your enemies have been defeated."* He said that to reassure me it is beautiful even at night now, it will be beautiful again and I will not have to deal with the witches disturbing the peace of this beautiful place.

I felt led to open the Bible Promises, after I renounced all lying spirits of divination, and covered the Bible Promises with the Blood of Jesus, I made the sign of the cross and opened randomly. Immediately, the Lord corrected me and gave me GUILT. I felt bad and said, Yes Lord, I am guilty; please make me stronger so I do not long for confirmation.

Jesus replied, *"I am trying My Beloved, but you are a strong one. One of the reasons I do not want you to know more is the tendency to lay down and not push onward. Please do not be like those who go to sleep on the job and miss the train. It is time for you to work even harder but count on Me to give you all that you need to finish this race. Keep calling out to Me Beloved, I will come to your rescue."*

Well, I am going to take Him up on that, seriously. One of the problems with getting the Chronicles of the Bride out just then, problems with my hard drives, and accessing the documents. It is always something, guys- It is like a minefield, trying to get back into the messages I know He wants me to complete with music, but it is very important for you to hear those, so you have a strong understanding of what Heaven is going to be like for you.

So, it was good for Him to say, *"Keep calling out to Me, Beloved, I will come to your rescue."*

I need a lot of rescuing, Lord.

He continued, *"In the time left to us, you will be assisted and have everything you need. Work joyously because joy is coming to you. Do not grow weary, count on Me for your substance. I know it is hard, I know, but you must keep trying up until the time I come for you. This is very important."*

I was pondering my great weakness and said, ah, please help me, Lord.

He replied, *"I am here."* and He became clearly visible. He looked deeply into my eyes with such tenderness and compassion, my fears melted away and joy returned. I was prompted to just grab the Bible Promises and let it open to where it will, to secure a confirmation, so that I would know that I was not making this up to excuse my guilt. I opened to, 'Then you will call, and I will answer you, you will cry, and I will say, 'Here I am.'

Wow! The very same words that He used, He said, *"I am here"* and the Scriptures that He gave me says, 'here I am,' beautiful! Thank You Jesus, I really needed that. Thank You.

*"I love you Clare, you are My Bride, shall I not come when you are hurting? Of course I will. And I will come with open arms to hold and console you, I will not allow the darkness to overwhelm you. You are Mine and My Heart is to comfort and take care of you, not to chastise you and I need others to show more respect for their elders and leaders, even when they are at fault."*

*"Right now, I just want to restore you so you can go on."*

Lord, I feel so badly about Rams and the boys, who are on the East Coast, where the Lord has told me many times the devastation would come.

*"Don't you trust Me to care for them and their mother?"*

I replied, yes, I do. It is just sad that they are going to have to go through this.

*"Pray for them,"* He said. *"And for her also. I know how you feel in your heart about this, and that pain has*

*become a petition for them. But remember if they perish, they will rise first before the survivors, so there are advantages....”*

That is right! The Scriptures say that the dead in Christ will rise first, and then we will be taken up, who remain alive. Really, Lord?

*“Yes, really. My Father has come to the point where it is futile to go on in this state, with so many being born, only to perish. His Heart aches for those that will be caught in the melee. But this is the state of the World right now and your prayers are so very important. Your sentiments are powerful even without words. Continue to hold them all in your heart and I will continue to grant them graces, of this you can be assured.”*

And His message ended there.

The hammer of judgement is about to fall upon this nation, and the Rapture follows on the heels of that. I wrote a song about it called In the Storm, which is on Bit Chute, by the way, Still Small Voice.

The Lord bless you, dear ones, with His endurance and may we all meet joyfully at the finish line. Amen.

## **Jesus Speaks on the Rapture**

June 21st, 2024

Greetings dear family, on occasion we receive an email asking us about the timing of the Rapture. As we all know from Scripture in Matthew 24:36, *“But about that day or hour no one knows, not even the angels in Heaven, nor the Son, but **only** the Father.”* In His merciful and perfect timing, Father God will give Jesus the go ahead to come and get His bride.

I remember as a child, we would have “Rapture drills” in our household. My Mother would have us prepare for the Rapture by dropping down on our knees, repenting of our sins and asking the Lord to help us be ready for when He comes to gather His Church. Even as an adult, I would remind my daughter of the first thing she should do if she sensed in her spirit that the Lord was coming.

When I was called to the mountain, I asked Brittany, one last time, what she would do if she felt the Rapture was upon us, she replied, “Mom, I know what to do, you’ve told me many times, I humbly drop to my knees, repent of my sins and pray urgently for God’s mercy.” I said smiling, “Oh, I told you that before? Good that you remembered.” We laughed and Brittany quipped, “Only about a bazillion times.”

Jesus began speaking, *“Take heed, dear ones, and stay vigilant to keep your eyes open so that you will not be deceived by religious leaders and false prophets who may lead you astray and away from Me. Be watchful of those who claim to have knowledge from above. If their words do not line up with Mine, then their teachings will not ring true. Many will profess to have answers for troubled souls needing guidance in turbulent times. These are deceptive practices that the enemy will use to lull you into a false sense of security. If you start to believe these lies, then your thinking will become askew and will not align with My mind or the words I have given My true servants.*

*“The raising of My Church into Heaven will be in close proximity to horrific and terrible war. It will seem endless and will engulf the whole world. Chaos, conflicts, ethnic battles, wickedness and division in homes, regionally and globally will substantially intensify. Disputes among nations will escalate and food shortages will continue to rise.*

*“I don’t say these words to alarm you, My people, I say them to continue to forewarn you. Earthquakes will increase, pestilence will tragically spread worldwide, and persecution of My followers will be magnified.*

*“My Father has yet to reveal the day I will return for My Bride. If you study My Word, you will read that “It is not for you to know times or seasons, but you shall receive power when the Holy Spirit has come upon you.” That’s in Acts 1:7-8.*

*“I speak to you today to put urgency into your steps and faithful determination in your service for the Kingdom of God. If you stay true to the end, you will be rewarded in Heaven. You will receive positions of authority in the coming Millennium and have tremendous joy in knowing that We will spend all of eternity together.” And that was the end of His message.*

I was reviewing some passages in the Bible and here are some hints about the Rapture, and how we can best prepare for this near future event.

*“For the Lord himself will come down from Heaven, with a loud command, with the voice of the Archangel and with the trumpet call of God, and the dead in Christ will rise first. After that, we who are still alive and are left will be caught up together with them in the clouds to meet the Lord in the air. And so we will be with the Lord forever.” That’s found in 1 Thessalonians 4:16-17.*

And in 1 Corinthians 15:51-52 it states, *“Listen, I tell you a mystery: We will not all sleep, but we will all be changed in a flash, in the twinkling of an eye, at the last trumpet. For the trumpet will sound, the dead will be raised imperishable, and we will be changed.”*

Now, here Paul reminds us in Philippians 3:13-14 of how we can press in and be forearmed for what is to come. *“Brothers and sisters, I do not consider myself yet to have taken hold of it. But one thing I do: Forgetting what is behind and straining toward what is ahead, I press on toward the goal to win the prize for which God has called me heavenward in Christ Jesus.” Amen and Amen!*

God bless you and guide you dear Heart Dwellers. Thank you so much for your loving support and prayers. We are supporting an additional nine brothers and sisters on the mountain and in the desert this Summer, bringing us to a whopping total of 23. If you can spare a little extra for food to feed these hungry tummies, we would greatly appreciate it. We love you, dear family, and are praying for you!

## Chronicles of the Bride - Heavenly Celebration

March 22nd, 2022 – Reposted 6.25.24

“We all gathered to take a trip to Heaven and the music we used was so anointed,” Mother Clare began. Transported by Kimberly and Alberto Rivera.

I heard shouts from the ground in Heaven, “Here they come!” After I landed, I saw my angel guardian Misheal in that very distinctive nose. He was holding both my hands and looking into my eyes, smiling, “Yes, I am your angel.” Jesus has come and is taking me by my right hand. The whole environment is one of celebration. *“They are preparing for the day you arrive here.”*

I was wondering what I should be seeing, but I felt drawn to His heart and He said, *“Just rest here, do you feel Me....in your heart.”*

“YES!!!”

*“Good, stay here. REST in My Heart.”*

I saw a long banqueting table and Angels waiting on it. Jesus said, *“They are so ready. As we all are in anticipation of your liberation; from darkness into the loving arms of the citizens of Heaven. Yes, Beloved you, all of you are greatly loved, admired and so very respected for your faithfulness. You know the last quarter of the journey is always the hardest so we are all here in anticipation, cheering you on, encouraging and telling you well done.”*

“Can I scratch that part out?”

*“No, My love, this is what all Heartdwellers need to hear now. This is the time to tell them to prepare them. I am granting all who believe and come to Me seeking a vision of Heaven, I am imparting this to you if you sincerely seek this in faith.*

*“I want you to prepare them with chronicles and expectation that they too can come to Heaven ahead of their time, for strength. I want them to know the treasures laid up for them, how much I appreciate their endurance and faithfulness. This will give you all hope. They are going to need this supernatural infusion because times are about to get darker.”*

“Really?”

“With copious tears, *“Really. But you needn’t worry, I will keep you in the palm of My hand. And nothing by any means will hurt you. You are covered.”* He glanced over at the world and copious tears flowed from His cheeks. *“Terrible, so terrible...I would not be crying if I were not devastated in My Heart over the events to come.”*

“Lord, why did you give me that card? “Get rid of the gottas??? I’m running out of time. LIE.” That would infer more time, say it isn’t so please.”

Jesus continued, *“Everything is coming to a head. Of that you can be sure. It is not about time, it is about putting things off that you should be doing, and not allowing distractions to pull you out of what is important. You don’t “gotta” do anything but stay in My will. I know you have such a hard time doing this with all the demands that are really only repurposed demonic rush, rush devices. Scrape them away like so much filth, which is what they are. DO WHAT IS IMPORTANT, not what you are being bullied with.*

*“My Mother said, Tell Little Leo that I love him and am so happy for him to have my rosary.”* And that was the end of my heavenly trip.
