

By the grace of God, we have another great year of celebration, particularly with some academic achievements of three members – DaeHwa with Doctorate in Ministry, Gideon with Master’s in Public Health, and Jeremy with Bachelor’s in Chemical Engineering! All three work in their own places. Theodore is in his sophomore year of high school with a hectic routine as a Marching Colonel, French horn player, amateur golfer, and nerd in PEAC program. With Driver’s permit, he started driving education. Without faithful support of mother, YoungHoon, a music teacher of 430 young children at a local public school, all these boys would NOT reach their goals. This year DaeHwa preached the gospel with a few emphases - *Solus Christus – In Christ Alone, Be Perfect, Easter People, Raise Your Voices, The Milky Way Disciples for a Climate Church, Very Important Cause (VIC): Bring Others to Faith, Back to Church Home, and Faithful and Effective Stewards*. The sermon outlines are available at <http://www.journeyforthebread.net/in-christ-alone.html>. In 2024, we the family of the Park, a family branch of the family of “Barg” or “Balg” (밝),
